The Evening Chit-Chat

By RUTH CAMERON

A society for the prevention of married flirts—though it doesn't call itself by just that name—is the latest thing in the way of a new organization. The aim of this society is to try to further the custom of the wearing of wedding rings by married men.

"We believe that young girls will not flirt with married men if they know the men are married," says the leader of the eighteen Pittsburg women who make up this unique organization. "We will ask our husbands to wear a plain gold band ring as a token of being married, and we hope the custom will be adopted universally."

Although I do not believe with the cheerful optimism of the Pittsburg ladies, that the abolishment of the married flirt is to be accomplished by any such simple method, I hail the formation of this society as a step in the march of progress towards one goal of my great desire—a single standard of morality for man and woman.

married flirt wouldn't mind taking off his wedding ring any more than he would telling other lies, but such men are the exception, not the rule.

Besides, it isn't so much for what it would accomplish in individual cases that I want to see the double ring service become universal. It is more because of what it symbolizes.

It seems to me that it would be a recognition of the absolutely equal obligations in the marriage contract, and as such be a step towards the single standard of morality.

I suppose what I am going to say next will be hailed by some as ridiculous, but I am going to say it just the same. I wish there might not only be wedding rings for men but also engagement rings.

I think there is quite as much need for them. Indeed, I fancy there are a good many more cases of unsuspecting hearts broken by engaged men posing as unattached, than by married men under the same conditions, because the pose is easier for the engaged man to maintain.

Many men do not like to wear precious stones on their hands very well. The engagement ring could be simply a gold ring unset or set with a cameo or one of the matrices that men are wearing so much now. And it would only be worn until replaced by the wedding ring.

Do not instantly hail this as ridiculous simply because it is a new idea. Only fools call things absurd merely because they are new.

The first few men who wore wedding rings were doubtless looked upon as rather freaky, but that custom is not now unusual enough to cause the slightest comment, and the engagement ring would be in the same class a few years after some brave man had had the courage to do something never done before.

I should be glad to see women get together in every city in the United States to pledge themselves to work for a single standard of morality, and two of their lines of action might well be to make universal the double ring wedding service, symbol of equal marriage obligations, and to inaugurate the double ring betrothal.

Ruth Cameron

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 31 one-cent stamps to cover cost of mailing, or, in cloth binding for 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Fads and Fashions.

Tailor made gowns of silk are more in evidence than ever before. Several strikingly handsome weaves in heavy silk, specially designed for these suits, have been brought out within the past few weeks.

Flowered mull draped as a scarf on a child's hat is extremely dainty and effective. A tiny gold cord laced back and forth over the scarf and finished at the side with loops adds to this fitting trimming.

The long separate coats of black satin are frequently lined with some brilliant color, the lining material appearing as piping or banding at the neck and wrists. Tiny gilt buttons help to brighten up the garment.

Shirring is used extensively on the early summer gowns. To simulate a tunic overskirt there is nothing better than several rows of shirring marking the joining line of the fuller portion of the skirt. The skirt is tight fitting across the hips.

then for the half sleeve or under-sleeve, as it is called.

Buttons of Irish crochet are among the smartest fastenings for the linen coats. Occasionally these buttons are oblong or square instead of the conventional round shape. Frogs of the Irish crochet are novelties of the hour. These are used on coats and gowns.

Very effective trimming for the coat cut on the lines of the Russian blouse is to have the two-inch banding of the material outlining the neck, sleeves and front of the garment embroidered in heavy silk. The color of the embroidery may tone in with that of the material, or may be in smart contrast. The girdle, too, is of the banding.

Motifs of net rich in bead embroidery are to be found in the shops in a wide range of coloring. These make decidedly smart trimming for a handsome gown. Of course it is possible for the woman with time at her disposal to fashion similar trimmings at home at small cost, but it does take time, to say nothing of artistic ability, to do it well.

THANKS.—The Association for the Prevention of Consumption beg to acknowledge with thanks the receipt of \$96.50 from Mrs. Innes, part of the proceeds of the "Walls of Jericho" and a donation of \$50 from the Loyal Orange Association towards assisting their work.

**STOPS FALLING HAIR**  
Ayer's Hair Vigor is composed of sulphur, glycerin, quinine, sodium chlorid, castileum, sage, alcohol, water, perfume. Ask your doctor about this. Follow his advice. Promptly checks falling hair. Completely destroys dandruff. An elegant dressing.

**Does not Color the Hair**

INWARD CLEANING Assures Outward Beauty.

No greater mistake than to imagine that regularity is a sign of good health—it is an advantage, but if your skin is murky and your spirits dull, it is the surest sign that nature is lagging a little. Now by lagging is meant that the liver is a little lazy—the kidneys weak—the stomach failing just a little in its work. It may be a little of all three.

Just one remedy—inward cleansing with Dr. Hamilton's Pills. This removes, so to speak, a cobweb here and there, visible sign of careless inward house-cleaning.

Dr. Hamilton's Pills insure beauty, give a dainty complexion, act upon the skin, upon your spirits. Some will ask, How do Dr. Hamilton's Pills act? Why mildly, of course, but very effectively upon that great trio of health, the stomach, liver and kidneys.

To get that robust, hearty health, to have the sparkle of vigor, to look and feel always at your best, tone and regulate your system with Dr. Hamilton's Pills.

Annual Meeting of L.S.P.U.

Thursday night the L. S. P. U. annual meeting was held when the following officers were elected:—

- President.—J. J. McGrath, re-elected.
- Vice-Pres.—And. Walsh, elected.
- 1st Asst.-Pres.—Char. Snow, elected.
- 2nd Asst.-Pres.—Stephen Angel, re-elected.
- 1st Treasurer.—M. A. Halleran, re-elected.
- 2nd Treasurer.—Stephen Rodgers, re-elected.
- Fin-Secretary.—T. J. Allen, re-elected.
- Rec-Secretary.—S. Thistle, re-elected.
- Grand Marshall.—John Anthony, elected.
- Auditors for the coming year:—A. Leary, W. Howell, M. Dwyer, D. King.

After the election a vote of thanks was heartily recorded Hon. M. P. Gibbs who acted as chairman during the election; and also to Messrs. McDonald and O'Toole for services during the year and to the press of the city.

The following very satisfactory report was submitted by the Executive: Gentlemen,—

Your officers beg to congratulate the Union upon the completion of its seven years of existence, and to submit the following report for their term.

By reference to the Treasurer's statements it will be seen that the total receipts from all sources for the year were \$7067.88, or \$154.35 in excess of the year previous.

The total disbursements for the year were \$3182.40, leaving a credit balance of \$3,885.48, which added to the amount now to the credit of the Union, \$17,477.06.

Three hundred new members were added to the role during the year, making a total of 2,000 now on the books of the Union.

We regret to record the loss by death of 21 members, and also the wives of 23 members, the total mortality claim paid on this account amounted to \$1834.50. In all since the inauguration of the Union we have paid death claims for 177 men, and 110 women, the sum of \$10,376.50.

It is hardly possible to estimate the good done by the Union to the families interested in all these cases, but it must safely be assumed that the sad hours are somewhat brightened by this monetary assistance.

With reference to the work of the year, we desire to express our appreciation of the fair treatment and generous consideration given to the question of our Union for the handling of the sealing industry, for which we heartily thank the merchants interested.

We would wish also to again thank our solicitor, Hon. M. P. Gibbs, for his continued kindly interest in the affairs of the Union, and for his ever ready response to all demands made by us on his time and attention.

We thank the members generally for their kind support in all matters pertaining to the interest and welfare of the Union during the past year, and wish the Union every prosperity for the year to come.

Signed on behalf of the officers.  
J. J. McGRATH, President.  
M. A. HALLERAN, Treas.  
T. J. ALLEN, F. Secretary.

Police Photographed.

Before they proceeded to the Memorial Service in the C. C. Cathedral on Friday the police under Inspector General Sullivan were photographed by Mr. James Vey. Three excellent negatives were secured, two in the Barracks Square, and one while the men were lined up opposite the Central Station.
