

### The Germans Are Very Sore.

Special Evening Telegram. BERLIN, To-day.

The Kreuz Zeitung couples with a despatch, giving the substance of the speeches of Secretary Knox and German Ambassador Bernsdorff at the National Press Club, Washington, a half column attack upon the American Secretary of State as one of the most bitter enemies of Germany in the States as shown in the recent attempt to inaugurate an Anti-German tariff reprisals. These well informed about American conditions says, the paper asserts, that Knox was chiefly responsible for the strong anti-German trend, now and then manifested in the official German policy. The Zeitung says that the very manner of taking up the arbitration treaties indicate that Taft and Knox are interested first and foremost in concluding French and British treaties to hold as a club over Germany. American comment on the Duke of Connaught, it adds, shows that American statesmen are more inclined to alliance with Britain than to friendship with Germany.

### The Italians Seize Fishermen.

Special Evening Telegram. PERIM, Arabia, To-day.

An Italian warship yesterday took ten prisoners from a native fishing vessel and killed two men who tried to escape. Hodeida is expected to be bombarded to-night.

### Canucks vs. Natives.

Two very interesting matches have been played in the Ladies' Curling Club during the past week. Two rinks of Canadians played two rinks of Newfoundlanders, then they changed rinks and played a second time, and the Canadians won out with the fine lead of 22 points.

The rinks and scores were as follows:

Canadians.		Newfoundlanders.	
Miss Linton	Mrs. J. S. Munn	Mrs. H. Baird	Mrs. F. Alderice
Mrs. Chesman	Mrs. J. Baird	Mrs. J. Harvey	Mrs. W. Clapp
Skip—10	Skip—12	Mrs. Brehm	Mrs. R. C. Grieve
Mrs. C. McPherson	Miss Braud	Mrs. Macpherson	Miss Braud
Mrs. C. Harvey	Miss Hayward	Mrs. R. G. Reid	Mrs. W. Rogerson
Skip—12	Skip—8		

In the second match Mrs. Reid's rink beat Mrs. Clapp's rink 15 to 4, and Mrs. J. Harvey's rink beat Mrs. Rogerson's rink 18 to 9, thus leaving the Canadians 22 points ahead. Both matches were hard fought and all the heads closely contested. The winning 8 play off next week in a Points Competition for a Silver Cup presented by Mrs. Cluny Macpherson.

### Another Shooting Accident.

Last evening a message came to Hon. J. C. Crosbie from Bay de Verde stating that a man named Patrick O'Brien, of Low Point, had accidentally shot himself while out "birding" and that it was necessary to get him to Hospital as quickly as possible. The man had his left leg shattered by the contents of a muzzle loading gun going into it. Those with him did their best to stop the flow of blood with ligatures until Dr. Pickford arrived from Old Perlican and bound up the wounds. The Stella Maris was despatched to Bay de Verde last night to bring the patient here.

### Trouble Between the Council Officials.

We learn on good authority of some trouble which arose on account of a conflict of testimony between officials of the City Council.

It appears that the Mayor noticing the delay in the bills not being out in time caused an enquiry to be held and summoned the collectors before Finance Committee, comprised of the Mayor and Councilors Channing and Mulhally. The collectors were put to a severe examination regarding the delay. Both these officials gave their opinions in a straightforward manner regarding their work in connection therewith and positively stated that in their opinion the shortage in the collection as compared with the same date last year was caused by the bills not being ready to deliver until a month later than usual—the reason for which they failed to understand. During the investigation the Mayor and Committee were given by the collectors to understand that they had always assisted in the making out of the bills previous to assenting them for delivery, but for reasons best known to the Secretary this was not done this season.

Mr. Slattery and Mr. Mahoney were then called to the meeting to explain the delay. The latter denied the testimony of the collectors. The collectors were then informed by the Committee that in their opinion they were guilty of prevarication.

It appears that when Messrs. Grace and Larkin learned that they were branded as untruthful they wrote the Mayor asking him to call a meeting so that they might be given a chance to vindicate themselves of the unpleasant stain on their characters. A meeting was then held and the collectors produced documentary evidence by handing to the Mayor water bills which contained the figures in the writing of the collectors. This settled the controversy in favor of the collectors. By a unanimous vote the Committee fully exonerated the collectors from all blame and ordered the whole proceedings to be recorded in the minutes for future reference. This being a public matter and an important one, we will anxiously await the action of the Mayor and Council in this connection.

### The Adventure Returns.

The s.s. Adventure, Capt. Couch, arrived here at 3 p.m. yesterday from Philadelphia laden with hard coal for A. J. Harvey & Co. The ship left here on Saturday, the 13th ult., and was "badly buffeted," as she met a succession of gales from the W. and N.W. The ship was light in ballast, and when 4 days out her coal supply began to run short, and she ran to Halifax to obtain a supply. She arrived there on Thursday, the 18th, and resumed her voyage next day, after taking 150 tons of coal for her bunkers. She had fair weather after this and in going up the Delaware River met heavy ice, which put some ships ashore and damaged others, but which the Adventure easily forced through. The ship left Philadelphia on Thursday, the 25th, and had it fine till Sunday last, when in the latitude of Halifax a severe storm was encountered and she was hove to for seven hours. It was intensely frosty, the ship became badly lee up, the decks being covered, and the ship took a heavy list to port. The crew worked assiduously in beating the ice off the rails, decks and running gear, and began to run again when the weather became more civil. Monday morning another storm broke on her and she hove to again for six hours about 180 miles W. by N. of Cape Pine. Between Scattered and Cano she steamed through 30 miles of heavy slob ice. The ship sustained no damage in the stormy weather passed through.

### The Crescents Defeat Feildians.

The Hockey match of last night at the Prince's Rink resulted in a victory for the Crescents, who competed with the Feildians, before a large and interested audience. The Crescents won out by a score of 4 goals to 2. The line-up was:

**Crescents**—Thomas, goal; G. Herder, point; Marshall, left; Stick, rover; Storey, left; R. Herder, centre; L. Stick, right.

**Feildians**—N. Hunt, goal; G. Hunt, point; Collier, rover; Pinent, rover; Strong, right; T. Winter, centre; P. Winter, left.

At the start R. Herder took a nice run, when Marshall captured the disc and scored the first goal for Crescents after play had been on only a minute. At the face-off L. Stick had a try, and later combining with R. Herder they made a rush on the Feildian goal but were foiled by Hunt in goal. The Feildians now warmed up to their work, got up near Crescents goal, opposite which there was a scrimmage, when Gus Herder received a blow in the abdomen from Collier and had to take a few minutes' rest to recover himself. When play again started, Marshall took a good run and fast play opposite the Feildian goal resulted, but the Crescents did not then increase their score. For a while play was confined to mid-field, when the Feildians again became aggressive and Hunt had a try; there was a scrimmage when T. Winter availing of an opportunity beat Thomas and scored the equalizer. Fast and very good play now resulted but no more scoring occurred and the teams crossed with 1 goal each.

**SECOND HALF.**  
Immediately this half opened Crescents were on the ball, and before many could realize it L. Stick brilliantly hit up their second goal. Feildians now bucked up and the Winter boys did some good but unavailing sick handling. Gus Herder now took a fine run, was checked by Hunt, and Collier captured the disc but lost to Marshall. Pinent now kept Thomas busy and Feildian stock advanced several points, when Herder and Stick neatly combined, passed up the ice, cleared all opponents, and Stick very deftly scored No. 3 for Crescents. Hunt was now kept busy for a while guarding the Feildian goal from further onslaughts, when T. Winter got another chance and sent in No. 2 for Feildians. G. Hunt now broke his skate, and to balance the teams Story quit the game. Pinent and Collier worked well for the Feildians, and the latter being off-side lost a good chance to score. L. Stick now passed to R. Herder and he neatly hit up the 4th goal for Crescents amidst much applause. Both teams after did some fine and very fast play but no further scoring resulted and the victory fell to the Crescents. No penalties were recorded and play was clean from start to finish. Both goalkeepers worked well and the Juniors, L. Stick and R. Herder, proved to be the equals of most of the seniors. The spectators thoroughly enjoyed the game.

### She Struck at Root of Trouble.

**MRS. COMEAU CURED HER KIDNEYS WITH DODD'S KIDNEY PILLS.**

And her Heart Trouble, Backache and other ailments disappeared.—Says she owes her good health to Dodd's Kidney Pills.

Petit Rocher, Gloucester Co., N.B., January 31st. (Special).—When Mrs. Pierre I. Comeau, a well known and highly respected resident of this place cured her kidney disease, her heart trouble and other aches and pains also disappeared. She cured her kidney disease easily and quickly by using Dodd's Kidney Pills.

"My heart troubled me all the time," Mrs. Comeau states; "and I feared for the terrible results that might follow. My limbs would swell, my back ached and I was always tired and nervous. These symptoms led me to believe that kidney disease was the root of all my troubles, so I turned to Dodd's Kidney Pills. Before I had finished the first box the swelling was gone, my back was well and my heart no longer troubled me. I am now in the best of health, and I owe it all to Dodd's Kidney Pills."

Always strike at the root of the trouble. And in nine cases out of ten all women's troubles start with the kidneys. That's why Dodd's Kidney Pills are woman's best friend.

### Robert Miller Laid to Rest.

Seldom has the village of Topsail been so shocked as it was on Saturday evening, the 27th ult., when the lifeless body of Robert Miller, one of our most industrious residents, was brought home to his grief-stricken family. Leaving home with his horse and slide in his usual good health to draw firewood from Topsail Road, he was found dead by the wood pile, as already published. The esteem in which he was held was proved yesterday, when he was laid to rest. A large body of neighbours of all denominations from East and West turned out and shovelled the snow blocked road from his home to the Methodist Church, afterwards attending the funeral. The Rev. J. Nurse officiated at the church and graveside. Deceased leaves beside the widow, four daughters, one in Boston, one at Grand Falls, one in St. John's and one at home. A brother, Mr. Joseph Miller, blacksmith, of St. John's, also survives him and together with widow and daughters tender sincere thanks to all kind neighbours and friends for their sympathy and help in their great trouble, as well as to friends who sent letters of sympathy, also to Mrs. Rev. Nurse and Mrs. Joseph Miller, jr., for beautiful wreaths.

### How the Gaekwar Acted.

**WANTED TO RANK WITH KING.**  
Asked That His Majesty Should Receive Him Standing at the Durbar—Seeks After Notoriety.

In a second article descriptive of the Durbar ceremonial, T. H. Preston, of Brantford, who represented the Canadian Press Association thus tells of a much-talked-of incident:

"Rather an unpleasant incident arose out of the act of homaging to the insubordination of the Gaekwar of Baroda. This individual poses as the most progressive ruler in India, and as having introduced in his state such advanced measures as technical education and compulsory school attendance. He is notorious for seeking the limelight, and is not so civilized as to be above making sport for himself and his guests by setting elephants or bullocks drunk and then inciting them to fight. In addition the Ranees, his wife, who, like himself, has travelled considerably, is said to be the most pronounced seditious in India.

**A VERY REQUEST.**  
"Before the ceremony he asked his British resident (each native ruler has a representative of Great Britain associated with him) to write the King and ask that he (the King) should receive him standing—in other words, as an equal. He was advised to take time to reflect before sending such a message, but after doing so persisted in the request and endeavored to induce the other native rulers to take the same course.

"Needless to say, his request was not granted, with the result that he appeared at the Durbar in an Oriental costume of ordinary white linen and made his bow in a manner which seemed to indicate disrespect rather than respect, and attracted the attention of all present.

"The outcome is that he has been obliged to make a public apology."

**THE POLITICAL CHANGES.**  
The great surprise of the Durbar, the announcement concerning the political changes, came when the ceremonial appeared to have ended.

"Consternation reigned in the camp of the Lieutenant-Governor of Bengal, not merely because Calcutta was being deprived of capital honors, but also because the most important administrative changes had been determined upon without warning, and without consultation with the people most directly affected. The official correspondence shows that the changes had been determined upon as far back as August last."

"Let it be said," writes Mr. Preston, "that the King is the fortunate possessor of a voice of wonderful carrying power and that the messages which he had to deliver were distinctly heard by thousands."
