Special despatches from Constantinople say that the Eastern wing of the Turkish Army, which is now bearing the brunt of the battle, has been reinforced by four Syrian army corps. The centre of the Turkish Army is composed of picked troops, chiefly regulars, as the reserves have been responsible, in the opinion of the Turkish officers, for most of the reverses suffered, because of their liability to panic. It is reported at Constantinople proper, that the Turkish force has crossed the river Maritza in the direction of Demotika to cover the approach of further troops from the west down the Arda Valley. It is stated that the Turkish Government has decided to send out the fleet with orders to open a passage for Turkish troops through the Aegean Sea to Salonica and Dedeağaz.

An Anglo-German conference, composed of hundreds of representatives of commerce between Germany and England, met at the Guild Hall, yesterday. Sir William Mather said that the two countries, if united, would prevent war for evermore from troubling the world. Hermann Hecht of Berlin said England and Germany should stand together to meet any commercial danger which may come from the great America, where industries are being rapidly developed. Many speakers criticized Lord Roberts for his Manchester speech, in which he said a war between two countries was inevitable, the consensus of opinion being that when England realizes that Germany is not seeking territorial aggrandizement there will be no more talk of war.

Whatever the result to the great battle which is now being fought in the eastern part of the Balkan Peninsula, its conclusion will probably give occasion for intervention by the Powers. In a despatch from Vienna, it is asserted that the foreign minister of the European Governments have reached a tentative agreement. In any event, the entry of Bulgarian troops into Constantinople will not be tolerated by the Powers. Even Russia is disinclined to permit such an occurrence. It is also understood in diplomatic quarters in the Austrian capital that the Balkan nations have already made it known in an unofficial manner that they are prepared to accept intervention at any moment.

## Now Feels Strong and Vigorous

And Fit for Any Amount of Work as the Result of Using Dr. Chase's Nerve Food.

Mr. J. Hurlbert.

It is so easy to overlook the warning given by headaches, indigestion, failing memory, lack of power, to concentrate the mind, irritability and worry over little things, that many a man does not realize his danger until on the verge of breakdown. Like the writer of the letter quoted below, you can call a halt to the wasting process and restore vim and energy to the nervous system by using Dr. Chase's Nerve Food. This great food cure has a wonderful record of cures.

Mr. J. Hurlbert, 28 James street, Brantford, Ont., writes:—"I was very much run down in health and as a consequence my nervous system was very much exhausted. Close confinement at my work, I think, brought on the trouble. I started using Dr. Chase's Nerve Food and by the time I had used up one box I felt a great improvement. The continued use of this preparation has thoroughly restored my system so that I feel strong and vigorous and fit for any amount of work. I have also used Dr. Chase's Kidney-Liver Pills and Ointment with splendid satisfaction, and recommend them at every opportunity." ## Stomach Misery Just Vanishes.

Time It! No Indigestion, Gas, or Sourness five minutes after taking "Pape's Diapepsin."

If what you just ate is scolding on your stomach or lies like a lump of lead, refusing to digest, or you belch Gas and Eructate, sour, undigested food, or have a feeling of Dizziness, Heartburn, Fullness, Nausea, Bad taste in mouth and stomach headache—this is Indigestion. A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or Indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why Dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomach or Indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will not need to resort to laxatives or liver pills for Biliousness or Constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation too, if you ever try a little for Indigestion or Gastritis or any other Stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and Indigestion. found only land strewn with bodies of men, women and children, which were mutilated in the most barbaric fashion. Bodies of men were also found bound to trees, which had been burned alive by means of fire kindled under their feet. One body bore indications of having been roasted on a gridiron.

A News Agency despatch from Sofia says that the Bulgarian Army has completely defeated the Turkish forces, estimated at 200,000 men, at Lule Burgas, (called Lule Burgas on several maps), after three days of hard fighting. The Bulgarian cavalry is pursuing the retreating army, towards Tchatalja. Adrianople is completely hemmed in by the Bulgarian troops.

BERLIN, Oct. 31.

Danger of anti-foreign disturbances and, perhaps, massacres of foreigners in Constantinople and Salonica, following the Turkish defeat and the ingress into those towns of demoralized Turkish soldiers, has attracted the attention of the Powers. Protective measures in this connection are under discussion at the German foreign office, where it is said the German Government will take steps to intervene by sending German warships. In case of need of such intervention, it is pointed out that Germany's action will be non-political.
