Bible Society's Annual Meeting

The annual meeting of the Bible Society takes place in the Methodist Church, to-night. At this important convention His Excellency the Governor will preside and as it is his first appearance on a local platform, we feel assured that he will be given a loyal and hearty demonstration of welcome. Rev. Canon Bolt, M.A., and Rev. C. A. Whitmarsh, M.A., will be the speakers, while the musical portion of the proceedings will be conducted by Mr. Allen of the Anglican Cathedral. During the collection he will render a voluntary by Hayden. The Seven Last Words, a beautiful oratorio, and the choir will render an anthem. The collection will be for the funds of the Society. This meeting, which will be of great interest, opens at 8 p.m. and with His Excellency presiding, and the other eloquent speakers to be heard, a most

profitable and pleasant convention is in prospect. In the great work of the dissemination of the Scriptures throughout the world, the various Protestant denominations are engaged so that all being interested equally a large audience should be present at to-night's meeting.

A Note From Delegate Woods.

Either Evening Telegram.
Dear Sir.—Would you kindly grant me the space to contradict the statement the "News" made this morning? The "News" was speaking of Mr. E. Bowring yesterday and he said local men had been employed on the two Red Cross boats, the Florizel and Stephano, but hopelessly neglected their work; but I would like to tell Mr. Bowring in regard to trouble that there is more trouble with Dagna; there is trouble every trip since they went ashore of her, because they are leaving her every trip she reaches New York. As for the Florizel, last summer the little grievance our men had was the first since ever she came to the country. They did not have to do with our local men, what they had to do with the Dagna. They give them, according to Mr. E. Bowring's own word by the Delegate, \$5.00 if they stay two months on the ships. They get \$35 a month. Now this \$5 unless the Dagna be held on for three months. The public can see what the Company goes through to keep these Dagna on these ships. Now, I would ask him did he ever give that money to our local men to keep them on the boat, or did he ever offer any, I say no, he never did, neither had he any occasion to do so. Our men always stayed on her since she was built, except one or two leaving after a long while, some who left her last year went home after the Florizel, and pretty nearly the same crew went for the Stephano, and I might say to the public that Mr. Bowring told me

Terrible Accident.

Yesterday while at work in the shops at Bell Island, a man named Murphy, a resident of the town of Conception Bay, was in the act of cutting up a part of a wire cable with an axe. He was lightly cut at his work when suddenly a piece of the wire embedded itself in his side and went in through the intestines. It is over two inches long and the doctors could not extract it. The man is in a dangerous state and an effort will be made to get him to Hospital to-day.

Here and There.

Campbell's Milk Shakes are delicious.—advt.

Messrs. W. J. Herder and T. J. Daley were passengers on the s.s. City of Sydney last night for Halifax.

SEVEN'S MEETING.—The Holy Name Society will meet on Sunday next when over a hundred new members will join.

GREATLY IMPROVED.—We are glad to be in a position to state that the Rev. Canon Smith, of Portual Cove, who is now in the city, is rapidly recovering from his illness. Though yet unable to leave his bed he has greatly improved and he is able to converse for a short while with friends who go to see him.
