District Manager,
Canada Life Assurance Co.,
New Glasgow, N.S.

Dear Sir,—
I wish to state that I am well satisfied with the results which your Company have given me in connection with my Endowment Policy No. 47,775, which matures on the 17th of March.
I find that the returns give me over \$424.00 more than I have paid in premiums, in addition to the protection that I have had during the Policy term. I consider this all the more satisfactory taking into account the fact that the dividends were applied as a Bonus every five years. I, therefore, received a return beyond Bank interest, in addition to the protection.
Yours very truly,
JOSEPH STEWART.

SIX PER CENT.

Mortgage Debenture Stock.

Desirable opportunity for a conservative 6 per cent. investment afforded by the Nova Scotia Steel and Coal Company 6 per cent. perpetual debenture stock, which we offer at 93 and interest.
The company's property is admirably situated for economical production which is very essential in the Steel and Coal business.
The value of the company's property is appraised by a high official of the company at \$20,000,000. The debenture stock is a direct charge on all these assets, subject only to the \$6,000,000 five per cent. first mortgage bonds, thus leaving assets of \$14,000,000 as security for the \$2,000,000 debenture issue.

Civic Commission.

Editor Evening Telegram.

Dear Sir,—I have read with much pleasure the letter of your able correspondent who signs himself T.H.J., which appeared in your paper on the 26th inst., and in which he suggests that our present energetic and capable Mayor be appointed to the position of Chairman of the new Civic Board which will soon enter upon their duties. This suggestion I feel sure will be endorsed by every taxpayer in the city, for ever since Mayor Ellis entered the Municipal arena he has enjoyed to the fullest extent the confidence and respect of the entire community, and it is therefore only just and fair that any honours which we may have to confer should be his. His wide experience gained by many years actively engaged in Civic work, is in itself an asset which makes him invaluable and one that we cannot afford to lose now that we look forward to greater achievements in regard to Municipal affairs. No matter how closely the Citizens' Committee may study the Municipal problem they will admit, I am sure, that actual experience in Civic affairs is absolutely necessary in order to learn the business thoroughly. Mayor Ellis has had that experience and therefore is to my mind the right man for this important position. The other members of the Board deserve consideration also, for we must bear in mind that their work has been an uphill fight and also we all may not at all times have seen eye to eye with them. We should bear in mind that they had no bed of roses in carrying out civic improvements in this city. The man who stands can always play a better game than those actively engaged in the struggle. But it is only when he "feels the music" himself that he realizes that it is not the picnic that it seems viewed from a distance. For these reasons, Mr. Editor, I take great pleasure in endorsing the suggestion so ably put forward by your able correspondent.

I am, yours truly,

R. J. P.

Rossley Theatre.

On Monday next, June 1st, the famous Irish minstrel, Dan Cusack, will open his engagement at Rossley's. He comes direct from New York where he made a great success at the leading vaudeville theatres, and Mr. Rossley hopes he will be able to please our St. John's patrons with his fine Irish songs and dances. In the meantime there is a good show each night. Great two-reel feature, "When Lee Surrenders," one of the finest pictures ever seen of the American War; also, three other fine pictures all new, and are asked, which all will enjoy, and Mrs. Rossley's Sunshine Girls in their dainty dance. On Saturday a special matinee for the children.

The High Cost of Living

At the present time, possibly no other subject is receiving quite as much attention in Canada as this one. It will be a surprise to most readers to know that during the fiscal year which ended March 31st, 1913, Canada paid \$11,500,000 in duty on food, and all of this large sum is virtually a direct tax on the consumer. In glancing over the list it is easy to understand that the buying public are themselves largely to blame in many instances, for there are articles of food produced in Canada that are equal in every respect to those made in any country in the world.

In the baking powder line alone there were 667,304 lbs. imported into Canada, and this means a consumption of \$1,000,000. There are no better goods in the world in this line than magic baking powder, and it is made in a model sanitary up-to-date factory and can be purchased in any first-class store, at one-half the price the imported article sells for.
Such articles as raisins, currants, and many other things, which do not grow in Canada, or are not produced here, have of necessity to be imported, and the duty paid.
If the consumer would devote a little thought and attention to this subject, a large amount of money could and would be saved. (Canadian Home Journal.)

A Feast of Picture.

Bob Leonard, Helen Case, Pearl White, Max Aster, Harry McCoy and several other stars, in the Week-End Bill, at the Crescent.

A series of extra good pictures will conclude one of the most successful weeks of the Crescent Picture Palace: "His Faithful Servant," a Rex Western drama; "The Lure of the Stage," and "Mike and Jake as Heroes," two roaring comedies; and "She Asked for Trouble," an absorbing comedy drama, are pictures in a class all by themselves. The vocalist is singing a very pretty novelty song: "And it Rained, Rained, Rained."

On Monday and Tuesday next the great spectacular feature is Laska, a two reel Bison adapted from the celebrated poem which is full of life and interest all through. To-morrow afternoon the usual big Saturday matinee is the attraction: a special extra picture will be shown.

Baseball.

The Baseball League will meet shortly to arrange the fixtures for the coming season's games. Nothing definite has yet been heard from the Bay Roberts or Grand Falls teams, with regard to the inter-town competitions, but favourable replies are expected from both, and the coming season promises to be of more than usual interest.

X. B. & E. REEHERSON.—The Newfoundland British Society held a special meeting last night when the excursion to Harbor Grace on June 3rd was discussed. This fact, the first excursion held by the Society to the Bay Metropole within the past decade and this year's event promises to exceed all previous successes.

Painting.

Now the husband paints the fence, while the housewife paints her face, and, with energy intense, we are painting, every place. We enjoy this useful toil, which will make the town more fair, and we smell of linseed oil, and there's ochre in our hair. Paint would beautify the spheres, and we have no useless sighs, if there's putty in our ears and some varnish in our eyes. Whosoever brush is laid, an improvement then is seen, and no odds about the shade—blue, lavender or green. You will say, "I am surprised, that you preach paint evermore; you have sure been substituted by some paint and varnish store." But I haven't had a yen from the dealers in red lead since I started urging men to embellish house and shed. Some men tell you how to vote, others tell you how to pray, but I'm wearing out my throat shrieking, "Paint Up!" all the day. It's because I hope to make this old world a brighter place that I urge you till I break both suspenders and a trace. Blow yourself for lead and zinc, or our residence will spoil; paint it blue, with stripes of pink!

Where Responsibility Lies.

No matter how large, or how small, a business may be, nobody can deny that the Office is the nerve extra of the firm. Every transaction, important or trivial, must be recorded at the Office. An order is received at the Office, its history is recorded at the Office, and finally payment is received at the Office. If the Office makes an error the firm stands the loss. That's why you must be sure that your Office is modernized and dependably equipped for the care of all important papers. To do this effectively you need the up-to-date equipment of the "GLOBE-WERNICKE CO." When sixty offices in St. John's have found this necessity this equipment can surely be of use to you. Mr. Ferde Johnson represents this world known firm in Newfoundland—ap17,3
