

Benefit Day at Rink.

Excellent Program Arranged.
Even the weather man has done his best to make Benefit Day at the Rink a success by sending along a spurt of snow just at the right time, so that the sheet of ice on the arena to-night will be in excellent condition for both hockey and racing. The first item on the programme is a hockey match between the Methodist and the St. John's Hockey Club. These two teams have already played two games, each side winning one, so that to-night's play should prove interesting. The inter-collegiate and senior hockey relay races, will also be interesting, whilst a large number of entered for the one mile All-Canada. The 3 mile championship race will also be a big event, the following having entered: Messrs. J. Jackson, G. Squires, J. Bell, H. Crawford and E. Churchill. Ex-Champion Woods was also entered, but owing to being indisposed, he will not be taking part. The final event will be a hockey match between two teams picked from the League. After the programme there will be general skating and the Terra Nova Band will be in attendance during the evening.

Irish Night at Meth. College Hall.

The concert to be given on Irish night at the Methodist College Hall, under the auspices of the Columbian Ladies' Association, should prove a great attraction judging by the number of well known artists who have volunteered their intention of participating. Mrs. C. J. Cahill is in charge of the musical programme and the following are amongst those who will contribute: Mesdames Garland, Gail, Christian and Cahill; Misses Brown, Herder, Ryan and Egan; Messrs. Karl Trappnell and L. Woods. Additional attractions will be recitations by Miss Keegan, Messrs. T. H. Neil and P. Halley; a trio by Messrs. Wallace, Jardine and Hickey; quartet by Messrs. Trappnell, Herder, and Woods; violin solo by Mrs. Dr. Murphy and dance by Miss Dr. Murphy. Mr. Gordon Christian acting as accompanist.

The Mayor's Reply.

Dear Sir.—In a letter to the "Daily Evening Telegram" this morning, the Inspector General complains apparently of the publication of his letter. The Council had not the slightest intention of withholding his communication, but as they had not an opportunity of considering it until Thursday's meeting, it was decided to prepare a reply and publish it with his letter at the earliest moment. The Inspector General's assumption that the Commissioners did not see fit to investigate the statements of the City Engineer before publishing his report is entirely incorrect. The Council is fully convinced that his report was correct in all essentials. There appears to be some divergence of evidence as to details which will be investigated.

Yours truly,
W. G. GOSLING.
March 12, 1921.

Lost Fore Staysail.

About 2.30 Saturday morning the men doing duty in the Customs boat saw a blaze on board the ship. Mr. Horton, anchored in the stream. Two policemen doing street duty observed the fire, and with the Customs officials put off in a boat to the schooner. On arrival they found the Horton's staysail ablaze and the ship crew asleep in the fore-cabin. A few buckets of water quenched the fire. Except the destruction of the staysail, very little damage was done. Sparks from the fore-cabin stove pipe were responsible for igniting the canvas.

Preparing for Sale.

The Young Ladies' Guild of St. Anne's Church are now working hard at a Sale of Work, which they intend holding at an early date. One of the features of the sale will be the excellent display of children's wear and of baby clothes, whilst many little treasures will also be found there. Further particulars of the sale will be published later.

From Cape Race.

Special to Evening Telegram.
CAPE RACE, To-day. Wind north, fresh breeze. Weather clear, no ice in sight except one being rounded at Cape Ballard. Steamer about with schooner John W. Miller, bound in at 8 and an unknown schooner was sighted at 10 a.m. at Cape Ballard, also bound in. Bar 30.5, Ther. 18.

Weigh yourself the day you commence to take Brick's Tasteless, then weigh yourself two (2) weeks later and note the increase.—Jan 27, 1921.

They Helped Her From the First Box.

WHY DAME LEMIEUX PRAISES DODD'S KIDNEY PILLS

She Took Her Friends' Advice When She Thought an Operation Might be Necessary and Used Dodd's Kidney Pills.

Ledges, New Brunswick, Mar. 11th.—(Special).—Dodd's Kidney Pills have few warmer friends anywhere than Dame Michel Lemieux, a well-known resident of this place. She has tried Dodd's Kidney Pills and found them good.

"I suffered from pains in the kidneys, head and back," Dame Lemieux states. "I felt I should be obliged to submit to an operation. My friends advised me first to try Dodd's Kidney Pills.

"I did so, and my health seemed to improve from the first box. My illness of the side and abdomen disappeared and my kidneys are much better. I feel like working now."

Women all over Canada are praising Dodd's Kidney Pills. Each of them gives her reason. For weak or diseased kidneys are the cause of most of the ills to which woman is heir. Ask your neighbors if Dodd's Kidney Pills are not the best remedy for sick kidneys.

Fox Harbor Notes.

We see by the papers good accounts of the bye-election in Harbor Main. Well done, Harbor Main! Elect Jones and Lewis and help put down Coaker and his fishery regulations.

This is our worst experience for a great many years with regard to snow. Several houses and all fences have been broken down and we are walking over the ruins all winter.

Hay is very scarce here owing to the grub pest last summer. We are delighted that our railway is clear again, as it was the means of saving a lot of cattle, which otherwise would have perished with hunger, and also remedied the scarcity of food-stuffs.

The Harbor is in excellent condition at present for skating, and all our young folks are taking good advantage. What a pity the nights are not bright.

Two of our young men arrived home yesterday after abandoning their vessel (the Tipperary) of Prepassey. We were delighted to see them looking so well, and thankful for their safety.

St. Patrick's night is close aboard and our young people are looking forward to a little time in honour of the Patron Saint of Ireland.

Some of our planters are cutting ice and getting ready for the coming delivery, which it is hoped will be more successful than that of last year.

Our Parish Priest, Rev. J. D. Savin, came home from St. John's last week after being snow-bound there for a long while.

MARCH 11, 1921. SUBSCRIBER.

A Prophecy Unfulfilled

AND AN IMPLIED THREAT.

To-morrow the electors of Harbor Main District will decide by their votes who will represent them in the House of Assembly for the balance of the term of the present session. Their decision will not only show their political leanings, but will mean greater or lesser benefits to the District. It may be said that all Districts should receive their just portion of public grants, but there are occasions when a District can secure greater benefits through a man in the Government than through an Opposition member. This reasoning will, beyond all doubt, figure to a large extent in the result of this by-election at the head of the Bay.

Reports from the District indicate a radical change of opinion in favor of the Government candidates—Messrs. Furey and Hawco, and some who have a good knowledge of the District are inclined to the belief that these candidates will be returned.

Both sides have their full force working hard in the contest, canvassing throughout the District. The Government has nothing to lose whatever the result may be but the Opposition prestige will be badly shattered if its nominees be defeated. The latest reports from the District confirm the news that the Government will secure the two seats—Mr. Grace Standard.

March 11, 1921.

Someone

Has said that "the eye is the window of the soul." Certainly the eyes can be expressive and indicative of character. Weak or inflamed eyes should have immediate attention. H. B. Thomson, Opt. D., Optometrist and Ophthalmic, Office Hours: 10 to 12.30, 2 to 5, 7 to 8.

Under the distinguished patronage of His Excellency the Governor and Lady Harris, the Cowan Mission will give their Annual Entertainment in the Methodist College Hall on St. Patrick's Afternoon. Tickets 50c, including Tea. Home-made Candy for sale.—mar 10, 14

Hints to Home Decorators.

The decorating of the home is a fine art, the best results can only be obtained by careful study of surroundings, the following hints may be helpful:

If your room faces North use a Warm Coloured Paper such as Brown, Yellow, or Red.

For rooms which get a good deal of sunshine, paper of cooler shades such as Greys and Blues may be used.

Care should be taken to harmonize your Wall Papers with the Furniture. Drapes and Tans usually blend nicely with natural wood finish or grained doors and wood-work.

Remember Green is Nature's Colour for a Decorative Background, and Green Papers of the softer shades usually contrast well with rugs, curtains, and pictures particularly if the latter have gilt frames.

Small Rooms may be made to look larger by the use of Striped Papers.

On low ceilings only use a narrow bordering, or perhaps better again a drop ceiling of white paper which joins up almost unnoticeably with the white ceiling, and so gives the room the appearance of more height than it really has.

It is important to buy your Papers at TEMPLETON'S who keep a Splendid Selection of the Newest Patterns at Prices which defy competition.

What Is the Sign?

Editor Evening Telegram.
Dear Sir.—I noticed in the Evening Telegram, of Dec. 31st, a report by Mr. Chafe, of the sealing voyage of 1920, which states that the steamers were, practically in sight of one another and in the vicinity of the Funks all the Spring and also that the main patch was missed. I say they undoubtedly missed the main patch because they did not know where to go to locate it. When I was about 11 years old I heard two old sealing Captains, talking about how to find the main patch. Though I was but a boy I was greatly interested and took in every word. One captain spoke of a sign, which he said, never had failed and, never would. Whenever he could locate this sign he had no further trouble but go directly to the main patch. It was then a well known fact that unless he was jammed this captain always returned with a full load. I then thought to myself that if ever I lived to go sealing I would do my best to locate this

sign and prove it, both of which things I did.

My Own Experience.

When I first went sealing I was 18 years old. I went, several years in square rigged vessels and we missed the seals more than once and every Spring I saw the old captain's sign. I well remember when on my first and second voyages, telling the mate of the vessel that if I were boss of her I would go and strike the whitecoats. These, however, ridiculed my statement. I replied by insisting that I was right and that we were passing them then. It was getting dark when we saw a large brig a half mile from

A HEALTH SAVING REMINDER.

Don't wait until you get sick—USE

us, but we were unable to see what she was doing, but she proved to be in the very midst of the seals, and in the very place too, which I had indicated to the mate. But, we passed them down and missed them. During my seven years' experience sealing on the old cow patch I always saw these signs, and I never knew them to fail once as the main patch lay in a certain direction from them. This is no theory of mine as I have proved it time and time again. These signs are still there, but nobody knows how to make use of them. I would have loaded my ship last Spring and I would not have been in sight of one of the others.

Well Mr. Editor, as I said before, I was 18 years old when I first went sealing and I am 71 now, making 53 years of going to the icefields and I am sure that I had been in charge I could have loaded up the great majority of those years.

Yours very truly,
AN OLD HAND.

Lamaline, Feb. 28, 1921.

MINARD'S LINIMENT FOR DISTENSION.

Personal.

Head Constable Crane of Channel, who has been in Hospital since the latter part of December, is now rapidly improving and it is expected that within a few days he will be able to leave the institution.

Mr. Thomas Brophy, of Farnham, who met with a very serious accident while bird shooting and who has been in the General Hospital for several weeks, leaves for home by the S.S. Fortia Wednesday.

Fun for Women

to Diamond Dye
