## Guelph Evening Mercury

THURSDAY EVENING, FEB. 20, 1873.

### Town and County News.

The Rev. John Gemmill will preach in Knox Church on Sabbath next.

**BALL AND SUPPER.**—To-morrow (Friday) evening, the Guelph Firemen's annual Ball and Supper will be held in the Town Hall, and a pleasant time is looked forward to. Tickets, \$1.50 each, may be procured from any of the officers. We hope to see a good turn-out.

**LECTURE TO-NIGHT.**—Rev. Joel Briggs, P. G. W. F., will deliver a lecture on the subject of prohibition, in the Good Templar's hall, to-night, commencing at eight o'clock. Friends and opponents of prohibition, and the public generally, are cordially invited to be present.

**BAND CONCERT.**—A grand vocal and instrumental concert will be given by the Venturi Horn Band, in the Town Hall, Guelph, on Tuesday evening next, 25th inst. Admission 25 cents. As the band contributed to the amusement of the public during the summer months, on the market square, gratuitously, no doubt for this and other reasons, there will be a bumper house on Tuesday evening.

**ANDER'S INSURANCE COMPANY.**—It is now quite certain that the creditors of the Andes Insurance Company in Canada will not realize the full amount of their claims—certainly not from the assets in Canada. In closing up its affairs loss has been added to loss; the assets have dwindled down, and from facts reported to us by their special agent now in this country we conclude that American creditors are not likely to fare any better than Canadian. We would advise holders of existing policies to place their risks elsewhere.

**PUBLIC MEETING.**—A meeting to consider the best measures to be adopted for supplying this district with the agricultural and other laborers so greatly needed, will be held here on Tuesday evening next, the 26th of February, in the Council room, or some other suitable place to be made known (the hall being occupied for a Band concert), when John A. Donaldson, Esq., Immigration Agent, Toronto, G. T. Haigh, Ontario Immigration Agent, Quebec, and other gentlemen will address the meeting. A full attendance is requested.

**POLICE COURT.**  
Before T. W. Saunders, Esq., P. M.  
Thursday, Feb. 20.  
Margaret and Michael Gallagher charged John Carney with threatening to do them bodily harm. Bound over to keep the peace for 12 months.  
Wm. Murphy was charged by Charles Coffey with allowing four cows to run at large, contrary to by-law. Case withdrawn on payment of costs.

### Local and Other Items.

A grand public dinner to Sir Hugh Allan, prior to his departure for England is on the tapis.

A man named Black, resident in Galt, was committed to jail, this week, for beating his wife.

The February cattle fair held in Galt was well attended, beef selling from 24 to 42 cents per pound.

An evening class is about to be opened in Galt, by the Mechanics' Institute, for the purpose of teaching drawing.

The complimentary dinner given to Messrs. Allan and Brown, in Galt, on the 11th inst., was a very pleasant affair.

Heavy rains are reported from all sections of Virginia, and several lands slides on the railways have caused much damage.

This morning a party of engineers left for Glenora, to make preparations for laying a double track for the Great Western Railway to Windsor.

Isabella, once Queen of Spain, is in appearance younger, healthier and happier than when she reigned at Madrid. She is at Paris now. Affairs in Spain may possibly interfere somewhat with her enforced quietude.

**CANADIAN SOUTHERN.**—The construction trains on the Canadian Southern are working night and day to complete the track. The last tie and rails are expected to be put down on Thursday, about six miles east from this place. Several officials of the road will be at the ceremony.

**COAL MINE EXPLOSION.**—An explosion occurred on Tuesday, the 18th inst., in the coal mine in Talk o' the Hill, in Staffordshire, while the men were at work. Between thirty and forty miners are reported killed. The fire which broke out after the explosion was extinguished with difficulty. No bodies have yet been recovered.

An individual, resident in Sarnia, admits having incurred a bill of \$1,100 for liquors, used in the family and for guests, during the past year. A clergyman, speaking in a temperance meeting, referred to the matter, and the local papers have been discussing the subject and the veracity of this individual and the clergyman.

"Wearing of the Green" may be rather dangerous even in a hall-room. A lady in London was recently conveyed from the gay and festive scene, prostrated by exhalations from the beautiful green robe which she wore. The most powerful antidotes failed to recover the fair one; but when a friend knelt and whispered to her that "her false hair was coming off," she recovered instantly.

**THE WITNESS LIBEL SUIT.**—The decision in the Montreal Witness' libel suit will be given by Police Magistrate Judah on the 25th proximo. The case is causing the utmost excitement. It is also rumored that the Witness is in for two other suits—one by the Belgian Bros. for defaming their characters; and the other by the Gas Works—damages rumored to be asked, \$100,000.

**SERIOUS ACCIDENT.**—A serious accident occurred in St. Catharines on Tuesday morning. Patrick Goodenough, employed in Mr. Simpson's ship yard, was engaged in hoisting a beam from the ground to the vessel, when it swung round, catching him between it and one of the stanchions, crushing his head badly, at the same time stunning him so that he lost his footing and fell into the hold of the vessel. He was immediately conveyed to his home, where medical attendance was sent for. He is in a very precarious condition, but hopes are entertained of his recovery.

### Ontario Legislature.

Feb. 19.  
The Speaker informed the House that the Clerk had received from the Judges appointed to inquire into and report on Estate Bills their report in the cases of the House to authorize the sale of certain lands in Guelph, the property of Judge Kingsmill, of Bruce. The following is the report of the Judge:

Toronto, 17th Feb. 1873.  
Sir,—In reference to bill (No. 206) re Kingsmill's Estate Bill, forwarded to me by you, I have the honor to report for the information of the Honourable the Legislative Assembly:

That, having consulted with two of my brother judges, who are peculiarly fitted to consider the subject of "Trusts," we are of opinion that the Position and Bill referred to, forwarded to me by you, do not afford sufficient information to enable us to make a satisfactory report thereon.

Under the trusts of the settlement made by the late Mrs. Kingsmill, the trustees were to invest the trust funds in "such securities" as might seem expedient to them; this would not give them power to invest the moneys in the purchase of lands, and therefore the purchase of the lands in question does not seem to be warranted by the deed of settlement.

The trustees would have a lien for the amount they advanced, if it has not been repaid; and I would think it reasonable, if there is any need for an Act, that it should specify that the proceeds of the sale were to be applied in payment of the amount advanced by Mr. Kingsmill's trustees, and interest thereon, or whatever balance of this sum may remain unpaid; and that the rest of the purchase money should be held under the trusts of Mrs. Kingsmill's settlement.

If this property is worth a sum of money over and above what is needed to repay the advance made by Mrs. Kingsmill's trustees, it is obviously unfair that this sum should be withdrawn from the trusts of Mrs. Kingsmill's settlement. The result would be as follows:—Say the property is worth five thousand dollars, and there is due to Mrs. Kingsmill's trustees for the amount advanced by them, two thousand five hundred dollars, there would be a sum of two thousand five hundred dollars remaining after this payment; that sum should go to the trustees of Mrs. Kingsmill's settlement; and under this instrument, Mrs. Kingsmill being dead, Mr. Kingsmill is absolutely entitled to the amount; the effect of the Act would then be to take from Mr. Kingsmill two thousand five hundred dollars which he, or any person having claim against him, would be entitled to, and to settle it upon his children; the unfairness of this is so obvious that I need not do more than call attention to it; on the other hand, if this property be worth only one thousand dollars, and the trustees have advanced upon it two thousand five hundred dollars, or have bought it for Mrs. Kingsmill's trust estate, the Legislature would apparently be sanctioning this breach of trust.

It should be born in mind that, while the persons apparently interested in estates give their consent to the legislation which is asked, there may be interests outside of those before the House which would be extinguished by granting what is demanded.

The sale from the Building Society to Mr. and Mrs. Kingsmill's trustees—for the same gentlemen represents both estates, appears to have been a private one, and therefore is no test of the value of the property, and we are not informed of the fact whether or not the money advanced from Mrs. Kingsmill's trust estate to make this purchase was ever repaid, though from the facts stated, it may be inferred that it has not been.

It is a very unsatisfactory advising on a matter of this kind, without full information as to all the facts, and without having a copy of the instruments, upon the exact wording of which no one depends.

We cannot at present see that it is reasonable to pass the Act here asked for. If any being supplied with the information referred to, we may find cause for concurring to a different conclusion.

I have the honor to be,  
Your obedient servant,  
WM. B. RICHARDS,  
C. J.

Mr. Macdonald resumed the debate on the resolution in reference to Timber Licenses, which occupied the remainder of the day.

An amendment censuring the government was voted down, only 18 voting for it and 53 against it.

Mr. Wood (Brant) moved an amendment to the amendment of Mr. Wood (Victoria) appearing in general terms of the policy of the Government. This was carried by 63 against 5. Other amendments were moved, but defeated by equally large majorities, and the policy of the government triumphantly sustained.

### THIS MORNING'S DESPATCHES

**Sentenced to be Hanged.**  
**Death of Judge Richmond.**  
**\$11,500 worth of Gold Watches and Jewellery Stolen.**  
**Attempt to Excite Soldiers.**  
**Don Carlos' Star Descending.**  
**Railway Accident.**  
**One Killed and a Number Wounded.**

Chicago, Feb. 20.—Judge Gary yesterday sentenced George Driver, convicted of the murder of his wife in this city in December last, to be hanged on the 14th of March. Judge Richmond, of the 23rd Judicial circuit, died suddenly yesterday at Champaign, Ill.

Providence, R. I., Feb. 20.—Henry Goldsmith, employed in selling jewelry for J. Brunner, New York, reports that while at supper last evening at the City Hotel his room was entered and his trunk and satchel robbed of eighty two gold watches worth \$6,000, diamonds worth \$4,000, and diamond pins worth \$1,500 dollars. There is no clue to the robber yet.

Cleveland, Feb. 20.—Several cases of trichina are reported here in a family named Kruger, who are accustomed to eating sausages containing raw pork.

Madrid, Feb. 19.—A corporal attached to a regiment in Alcazar del San Juan, a town in New Castile, yesterday attempted to excite a meeting among his fellow soldiers in favor of Don Carlos. The troops refused to take part in the movement, and gave repeated cheers for the Republic. The corporal was arrested.

Little Rock, Ark., Feb. 19.—An accident occurred on the Fort Zenith Railway this morning to the eastward-bound main train. As the train was rounding a curve two miles east of Plumer's Station, left the track, turned over, and went down an embankment. The car was known as a box car, closed on both sides, giving no chance for passengers to escape. There was no bell-rope from the cars to the engine to give the alarm, and the car dragged 900 yards before it went down the embankment, and the train could be stopped; 21 of the passengers were wounded, and one, it is reported, killed. Several ladies and children are among the wounded, receiving hurts and bruises in various ways.

### For the Bird Killers.

The Swiss naturalist, Baron Von Tschudi, has this to say on behalf of birds, the efficient but too seldom appreciated allies of the husbandman: "Without birds successful agriculture is impossible. They annihilate in a few months a greater number of destructive insects than human hands could accomplish in the same number of years. Among the most useful may be classed the swallow, wren, robin, redbreast, sparrow, and finch." Tschudi tested a titmouse upon a rosebush of his neighbour, which had the same in a few hours of immense destruction. A robin shot and fed in the neighbourhood 900 flies in an hour. A pair of night swallows destroyed fifteen minutes an immense swarm of gnats. A pair of wrens flew thirty six times an hour, with insects in their bills, to their nests. He considers the sparrow very important; a pair of these in a single day carry over 300 worms or caterpillars to their nests—certainly a good compensation for the few cherries which they pluck from the trees. The generality of small birds carry to their young ones during the feeding period nothing but insects, worms, snails, spiders, &c.—A farmer indignantly destroys a robin because he has caught him eating a cherry, and thinks he has done mankind a service; but let him take a moment to open the crop of the bird and he will find it full of worms. In some instances 200 worms and grubs have been found in the gizzard of a single bird. An oriole shot in a field of wheat had 300 worms in its crop. A pair of orioles (parent birds) destroy 1,000 caterpillars a day. The commissioners appointed by the French Government have reported with an accuracy characteristic of French legislation. It has been decided that by no agency save that of little birds can the ravage of insects be kept down. A certain insect was found to lay 2,000 eggs, but a certain titmouse was found to eat 200,000 of these eggs, in a year. A swallow devours about 550 insects in a year, eggs and all. A house sparrow's nest in the city of Paris was found to contain 700 of the eggs of upper wings of cockchafers, though of course, in such a place food of other kinds was procurable in abundance. The blue bird in some respects reminds one of the English robin-redbreast, tho' as an insect destroyer it surpasses the English bird. Its food consists of all kinds of insects, especially the larvae of the codling moth and canker worms and caterpillars of every description are quickly destroyed. The birds arrive in time to destroy the female moth as it ascends into the tree in early spring to deposit its eggs."

### ALBANY LIVE STOCK MARKET.

**BEEVES.**—The market opened buoyant and has continued firm. A large number of New York and Brighton dealers were in attendance, but they did not make any purchases. The local and country trade were well represented, and all wanted cattle. The supply this week is larger than last week, and the quality somewhat better. The market rules irregular, some dealers having obtained 4c and others 3c per lb. advance on last week's rates. Scarcely sufficient has yet been done to establish any ruling rates, although a good many cattle have changed hands.

**MILK COWS.**—Market overstocked, demand light, and prices range from \$30 to \$50 for common to good.

**SHEEP AND LAMBS.**—Market rules about 1c per lb. higher. The supply is somewhat lighter than last week, and a fair business has been reported.

**NEW YORK STATE POULTRY SHOW.**—The Western N. Y. State Poultry Show is being held this week in Buffalo, and is a great success. There are 750 entries and \$3,500 are offered in prizes. There are six exhibitors from Canada, and among these Mr. F. Sturdy of Guelph has been quite successful. He took a first special for Best Partridge, Cochins, Cocker, 1st and special for Aylesbury ducks; 1st and special for Roman ducks; and 2nd for Partridge Cochins. We notice that Mr. Daniel Allen of Galt is also a prominent exhibitor. At a meeting of the principal exhibitors held on Saturday last an Association was formed, to be called the "American Poultry Association" and to embrace both the U. S. and Canada. Among the officers elected we notice that Mr. Daniel Allen, of Galt, was made one of the Presidents.

### LITTLE'S LIVING AGE.

The numbers of Little's Living Age, dated respectively Feb. 8th and Feb. 15th, contain the following noteworthy articles: Mr. Erond's English in Ireland, by W. E. H. Lecky, Macmillan's Magazine; The Emperor Alexander and the Policy of Russia, British Quarterly Review; Heroism, by C. Kingsley, Cornhill Magazine; Some Curiosities of Criticism, Fraser's Magazine; Paganini, Good Words; The Three Interests in Old English Literature, Contemporary Review; "An Ugly Dog," Cornhill Magazine; The Emperor Napoleon, Economist; Brantome, Cornhill Magazine; Overlook, Saturday Review; Dr. Carpenter on Mental Acquisition and Inheritance, Spectator; together with instalments of "His Little Serene Highness," translated from the *Platz-Deutsch* of Fritz Reuter, and of "The Two Brothers," by M. M. Erckmann-Chatrian poetry and miscellany. The first number of January began a new volume and new series, with entirely new serials, affording an unusually excellent opportunity for the beginning of new subscriptions. The subscription price of this 64 page weekly magazine is \$8 a year, or for \$10 any one of the American \$4 magazines is sent with *Little's Living Age* for a year. Little & Gay, Boston, Publishers.
