Guelph, 1874.

### Guelph Evening Mercury

SATURDAY EVEN'G, AUGUST 1, 1874.

#### Town and County News

**Gue** this week has an excellent hit on the Tory papers which have abused Mr. McKellar. See it. For sale at Day's and Anderson's bookstores.

**BAPTIST CHURCH.**—The Rev. William Muir, of Toronto, editor of the *Canadian Baptist*, will preach in this church tomorrow at 11 a.m. and 6.30 p.m.

**BASE BALL MATCH.**—A match will be played on Tuesday next, in Guelph, between the Ontario, of Bowmanville, and the second nine of the Maple Leaf Club. Admission 10 cents. Ladies free. Game at 3 o'clock.

**WATER MELONS.**—We notice that Mr. Murray fruit dealer, has some magnificent water melons at his store. They are from Indiana, and are certainly the finest we have ever seen offered for sale in town.

**THE CARPET FACTORY** in Elora appears to be flourishing. The remainder of the \$30,000 stock has been taken up, additional machinery purchased, and a large extension of the building is now in course of erection.

**ATTENTION, ANGLERS.**—Donations of speckled trout, suckers, or sunfish, will be thankfully received by the monster living Sea Lions with P. T. Barnum's Great Traveling World's Fair. Please deliver unsalted at the great water tanks, on Thursday next.

**THE Stratford Town Band**, which took the second prize in the Amateur competition in Toronto, while on their way home by the six o'clock train on Friday evening, alighted at the station, and played a lively air, much to the entertainment of our citizens.

**THE Watertown, N. Y. Davis Sewing Machine** Baid which carried off the International Prize offered by the Foresters at Toronto on Thursday, is highly spoken of by the Maple Leaf boys, the Club, when at the base-ball tournament in that city, having been seronaded by this fine band.

**EMANCIPATION DAY.**—The colored citizens of our town did not intend to have a local celebration to-day, but many of them have gone to Hamilton, where the 40th anniversary of the Emancipation of the Slaves in the British Possessions is to be observed by a grand demonstration. It is intended to have commemoration services in this town next year.

**KICKED BY A HORSE.**—On Friday afternoon, Mr. William Bish, of this town, was badly injured by a kick from a horse. Mr. West's son, it appears, had driven to Moulton & Bish's storehouse, having a hide in the wagon, and upon throwing it out, the horse became frightened and started forward, causing the boy to fall out; and he still retaining his hold of one line drew the horses round. Mr. Bish ran forward to stop the horses, when one of them kicked and struck him on the side. His injuries, although painful, are not dangerous, no ribs being broken.

**CASE OF SUNSTROKE.**—We are sorry to learn that Mr. Andrew Armstrong, baker, of this town, was badly sunstruck on Thursday last. He had been out working in his garden, and about nine o'clock a.m. came into the house complaining of a strange sensation in his head; he sat down, and in a few minutes was completely insensible, continuing so during the remainder of the day. Dr. Herod was immediately sent for, and under his treatment Mr. Armstrong is recovering, but it will be some time before he will be around again.

**IN TROUBLE.**—In London the other day, the peripatetic showmen who visited us some time ago with a performing bear got into a little row. They became annoyed with the number of children following them, and thinking that this "small fry" would not add to the dignity of their show, they turned and pelted them with stones. Something like a battle occurred, which resulted in an injury to a little girl and the consequent arrest of the Frenchmen. They were released, however, on promising to leave the city.

**RUNAWAY.**—This forenoon, about 12 o'clock, Messrs. R. & J. Miller's horse, which was attached to a light wagon, got frightened at something and started off from the back of the Market House. A great many people were about at the time and tried to stop the horse, but he ran across the street, made a dash at the Market shed, ran in between two of the pillars, turned, and strange to say, got out at the west end without doing injury to any one, though the way the people ran to right and left was amusing to witness. He then ran across the street again, turned short at the Market house, struck the stairway near the door of the Police office, but held on his course, running round the back of the building till he was caught on the side opposite the butchers' stalls. Although many people were about, no one was hurt, and the brute himself sustained no injury worth speaking of, though the running gear of the wagon was badly broken. The box of the wagon was thrown out when he first started off on his run.

**SUDDEN DEATH.**—About nine o'clock on Wednesday evening a man in poor circumstances, and apparently about seventy years of age, giving his name as Hobson, and representing himself as being a mason who had been working in Durham and was then travelling towards Galt, where he had relations, came to the residence of Mr. Thomas McCrae, seeking lodging for the night, as well as something to eat. Supper was prepared for him, of which he ate heartily, after which a comfortable bed was made for him on the kitchen lounge, deceased being then in apparent good health. Mr. William McCrae, son of Mr. Thomas McCrae, came in about one o'clock in the morning, at which time the deceased was still alive; but when Mr. McCrae got up in the morning and went into the kitchen he was surprised to find that the man was dead. Dr. Herod, coroner, empaneled a jury and held an inquest, Dr. Macdonald making the post mortem examination, in accordance with which the following verdict was unanimously rendered, that "deceased came to his death from disease of the heart."

#### Wholesale & Retail Liquor Selling.

case was brought up in the Police Court this (Saturday) morning that is of interest to wholesale and retail dealers in liquor. Chief Constable Kelly charged on & Hallett, retail grocers, with violating the law by selling a barrel of liquor. At present, retail and wholesale dealers have licenses exactly as before. If the new statute governing the sale, however, it would be different, so the smallest quantity allowed is pints instead of one quart, and there is distinction between retail and wholesale licenses in several points.

**Yesterday's Game.**  
A good crowd assembled at the Maple grounds yesterday to witness the match with the Excelsiors of Woodstock. The visitors were in good trim and looked but their playing showed how they lacked practice. They went to bat at about half-past two, and a very short play, came out with a score of one. In the second innings, the visitors had the satisfaction of scoring a run, and their delight was very great, especially as the Maple score. In the third the Excelsiors out in one, two, three order, while the home team ran up a score of seven. In the fourth innings, Pascoe of the visiting team scored one run, when the Maple five to their list. The Excelsiors went in for their fifth innings, and after the Maple one in and scored one run it was four o'clock, and the visitors continued to be late for the if they stopped to finish, as there only fifteen minutes before the of the train's departure. The game thus ended by this rather abrupt act, leaving the score 14 to 2 in of the Champions.

**The Wimbledon Meeting.**  
THE CANADIAN TEAM AND THEIR SHOOTING—THIRTY PRIZES WON BY CANADIANS.

The great Wimbledon rifle matches are now finished, though full particulars are not yet to hand, yet from the information already received, the Canadian team have exceeded their best expectations and have added fresh laurels to their fame. No small part of their honor will be shared by the Hamiltonians, from whose city no less than five members of the team hail. So far as heard the several members of the team have succeeded in securing thirty prizes, ranging from \$5 upwards. This is a much larger number than fell to the Canadians last year, and ought to be a source of congratulation to all loyal Canadians. In the Snider Association Cup, McNaughton's score was only one below the winner, and he took a second prize. Pto. Mitchell was the only Hamilton man in the team of eight who entered for the Kolapore Cup, which this year fell to the lot of the British team, the Indian team's score being second and our men last. For the Prince of Wales' prize only five Canadians were eligible, and the only Canadian who won in this at former meetings was Mr. White, of Oshawa, who had a sixth place last year. Capt. Mason has, however, this year gone one peg higher, and has a fifth, and with Disher, takes a prize of \$5 each for the St. George's Vase. Although the Canadians were allowed to make up the aggregate, they were debarred from taking prizes. Had the Canadians been admitted, Hickey would have received \$10 and a miniature jewel, and Omand would have had \$5. Private McVitte, 7th Duffries, takes this cup, gold jewel, and twenty-five shagron sovereigns, by making \$5, the highest possible score. Private Burns, 19th Cornwall, has the silver jewel and \$25, with a score of 34. It is the intention, however, of Earl Ducie to give those who would have been entitled to prizes—namely, Hickey and Omand—the money prizes and the miniature jewel. The champion of the year is Private Atkinson, of the 1st Durham, who won the Queen's prize of a gold medal, gold badge and \$250. Atkinson was tied by Sergeant Rae, of the 31st Lancashire, but when they shot off Rae made 5 and his opponent 14 points. Both of these men are carpenters by trade.

The list of prizes taken by our team is not yet made out, but the following is about correct:—In the Queen's first stage, Whitman, Mitchell, Macpherson, Hancock and Baillie take \$3 each. In the Prince of Wales', Mason and Disher \$5 each. In the St. George's vase, Hickey \$10 and Omand \$5. In the Martin's cup, Wolfenden has \$5. In the Alexandra, Layton, Macnaughton, Disher, Macpherson and Morgan, get \$5 each, and Mason, Omand, Paine and Whitman \$3 each. In the Windmill, Paine and Mason get \$2 each. In the *Daily Telegraph* prize, Baillie has \$5, and Church and Wolfenden \$2 each. In the *Graphic*, Gibson has \$5, and in the Albert he has also \$5. In the Rifle Oaks Macnaughton has the second prize, \$5; and Whitman has the second prize in first series of extra prizes.

Quite a number of wild pigeons have lately been killed in this vicinity, and sportsmen are enjoying the proverbial "pigeon-pie" which always accompanies their visit. The birds generally are young ones, and are in excellent condition.

**KICKED BY A HORSE.**—On Friday morning last, William, the eldest son of Mr. Alex. Rennie, of Wellby, while attempting to catch a horse that was in his father's pasture field, was kicked on the side of the head, and the skull broken in two places, at front and rear of the ear. When found half an hour afterwards he was quite insensible. Good hopes of his recovery are now entertained.

**KICKED BY A BULL.**—On Friday last a daughter of Mr. Maurice Horn, near Hawksville, went into a field to milk the cows, when a bull which was grazing there ran at her and knocked her down, goring her fearfully about the chest, which was torn open and otherwise injuring her. Her brother, who came to the rescue, had a narrow escape from similar treatment.

An occurrence of a peculiar nature occurred to a team belonging to Mr. Lambert, lot 7, 4th con., West Oxford, on Monday last week. While Mr. L. was watering the horses from a cistern, the covering, being rotten, gave way, and precipitated both animals instantly into the water beneath. The cistern is ten feet across and eight feet deep, and at the time of the occurrence contained three feet of water. In order to rescue the horses from this sorry predicament their owner was obliged to dig a large trench at the side of the cistern.

**SOMETHING HANDSOME.**—Messrs. H. Clearhine & Co. have on exhibition at their warehouse in the Alma Block, some elegant mantel-pieces from the manufacture of Williams Brothers Buffalo. They are made of a peculiar sort of slate which takes on a beautiful polish and which is rendered impervious to the strongest heat by a process of hardening. The designs are chaste, and the workmanship excellent, the imitation of the different granites being made so perfectly that it would be next to impossible to distinguish the artificial from the natural. Although these articles have just arrived, we learn that Messrs. Clearhine & Co. have already received orders for several of them. See advt.

**ABRAHAM BREWSTER.**—The death is announced of the Right Hon. Abraham Brewster, at one time Attorney-General for Ireland. The deceased was the son of the late W. B. Brewster, Esq., of Wicklow, and was born in 1796. "Men of the time" thus speaks of him: "Having received his education at Trinity College, Dublin, he was called to the Irish Bar in 1819, and obtained a silk gown in 1835. Having been legal adviser to several Lords-Lieutenant in succession, he was Solicitor-General for Ireland from February to June, 1846, and appointed Attorney-General and sworn as a member of the Privy Council in 1853. He retired in 1855. On the resignation of Lord Chancellor Blackburne, in March, 1867, he was appointed Lord Chancellor of Ireland."

**SCROFULA.**—For the cure of Scrofula and other skin diseases there has never yet been found a remedy to equal in completely eradicating the disease, Fowle's Pile and Humor Cure. Every bottle is warranted to give satisfaction; give it a trial; it has cured hundreds, it might cure you.

**ARMSTRONG** acted as umpire through the game. The visitors were gone a game of up between the first nine and a 10 ten, who were allowed six outs.
