BRITISH FOOTBALL LOSING GROUND AT UNIVERSITIES

Hockey Is Making Great Inroads On the Old Game at Oxford and Cambridge.

London, Dec. 5.—The statement that F. P. Campbell, the Surrey cricketer and Association Blue, has declined the captaincy of the Oxford University Association eleven simply crystallizes general opinion at Oxford and Cambridge as to the low depths to which Association football has sunk at the universities.

from Association football, and only a half-Blue awarded. What must be the feelings of G. O. Smith, still regarded by many as the greatest center forward England ever had; C. B. Fry, W. J. Oakley, and other famous stalwarts of amateur Association football!

HER SICKLY CHILD

Is Now Strong and Healthy—Vino! Built Her Up.

Every mother wants her little boy or girl to have a fair chance in the world. Make your children strong and healthy and they will grow up able to make their own way. For all children there is nothing so good as Vio!, our delicious tonic, for it gives them a fine appetite, makes their blood rich and puts roses in their cheeks again. "I have been giving Vio! to my little daughter," said Mrs. C. E. Elmer, of Hackensack, N. J. "She was very delicate and I was worried about her. Vio! has built her up fine. She is strong and healthy now, with a good healthy color in her face, which she never had before. It only took one bottle of Vio! to do this for her. She likes the taste of Vio!, too." We could tell you of many others right in this town—but give Vio! to your puny child and see how fast it improves. We give back your money if Vio! does not do all we claim. CANADA WILL SEND MEN TO STOCKHOLM

Canadian Committee To Deal With Olympic Games Meets at Toronto.

SELECTING OF ATHLETES

Toronto, Dec. 6.—The first meeting of the Canadian Olympic Committee was held here yesterday, the committee being formed on nomination of the Canadian representative on the International Olympic Committee, Brigadier-General Sir John Hanbury Williams, who named Rev. Dr. Bruce Macdonald, of Toronto; E. Herbert Brown, of Montreal; R. Tasker Steele, of Hamilton, and James G. Merrick, of Toronto. At the preliminary meeting yesterday Mr. Merrick was chosen chairman, and Mr. H. Crow secretary-treasurer.

It was decided that the committee should approach the Dominion Government with a view of obtaining a grant for financing a Canadian team to the Olympic games at Stockholm, Sweden, early next summer. The Dominion Rifle Association will be communicated with, and the suggestion made that a team of Canadian riflemen should be selected from the Bisle contingent and sent to Stockholm to take part in the army rifle competition, which are to be held at the time close to the Bisle gathering.

The presidents of the sectional branches of the Amateur Athletic Union of Canada were nominated as the committee's representatives for the holding of such trials as are deemed advisable for the selection of athletes. From these preliminary selections general trials would be held to determine those composing the team. The fact that an athlete may win one of these events in Canada will not, however, be a guarantee that he will have a place on the team. Unless past performance and records made made within measurable distance of previous Olympic performances in point of merit. But no athletes or members of a team will be permitted to go without the indorsement of the Canadian committee.

WESTERN FOOTBALL MEN MAY RETURN TO ENGLAND

Hillhursts of Calgary Were Assured of Large Profits, But for Accidents to Players.

Secretary Harry Ford, of the Hillhurst football team, is back in Calgary. His only interview with the press was to say that the team had more players all would have been well. But with several of their men walking with the aid of sticks, and unable to put a team together, the field, they had to cancel the remainder of their engagements—including some very lucrative ones. For instance, Harrow-in-Furness guaranteed them \$250 for a visit; Newcastle United, \$150; and good rates were certain at Blackburn and Southampton. As it is, the rates about paid the expenses of the team while in England.

Hugh Jennings Will Sign Contract Next Week to Pilot Tigers During Season 1912

President Navin, of Detroit Club, Says He Will Increase Salary.

SORRELTOP IS CHEERFUL AS EVER

Tells Interviewer at Scranton Hospital How Accident Occurred—Rev. Lynett Very Low.

Detroit, Dec. 6.—The following telegram was received from Hugh Jennings, manager of the Tigers, yesterday afternoon: "Scranton, Pa., Dec. 5.—Say to the Detroit people that I will be able to leave the hospital for home not later than Saturday, Dec. 9. Am all right, except my left arm, which is broken above the wrist. Thank the Detroit public for their friendly interest in my behalf. "HUGH JENNINGS."

President Frank J. Navin said yesterday afternoon that he would go to Scranton, Pa., next week. He intended to stop in Scranton before going to New York, but since the accident happened the Tiger owner changed his plans and will go to Scranton from New York. He will carry a 1912 contract with him, and Hughes will officially continue as the manager of the Detroit team.

Before he signs the contract Hughes will discover that a large salary will reward his efforts next year. After the injured man attaches his name to the papers he will discuss plans with Mr. Navin, and decide on the personnel of the Detroit team, probabilities, possibilities, etc.

Law Feels for Injured Priest. A Scranton dispatch says Jennings was as cheerful as ever except at times when he let his mind stray to the next room, where Rev. P. J. Lynett is. A couple of times the tears welled up in his eyes.

"Poor Father Lynett," he'd say. "I wish that I could take some of the bruises he has. And yet he is such a patient man, such a good man, that if he hadn't been with me I'm sure I'd have been killed."

"What caused the accident, how fast were you running the machine, what sort of a sensation did you have going over the bridge? Tell me about it," requested the interviewer.

"We got to Gouldsboro, I should say, about 9 o'clock at night, when the machine showed a leak in the pipe running from the gasoline tank to the engine, and I had to lay over in Gouldsboro an hour or an hour and a half to get the leak soldered."

"We were three miles or so on this side of Gouldsboro. If you ever sat beside the driver of an automobile you know the lights on the back of the machine throw their rays straight ahead on the outside of a curve, because the body of

the machine does not turn with the front wheels. I was not overly familiar with the road, and the ground was hard and even. I should say we were making about fifteen miles an hour, not over that, when I saw we were striking a sharp curve, and I slowed down to ten miles. The curve takes a double twist like the letter S.

"Before I knew of the other twist of the curve leading to the bridge, up went one wheel along the elliptical span, and over we went into the creek. The instant the front wheel began to climb the span I realized that something was wrong. I gripped the steering wheel tighter, hoping to get back to terra firma, and the next moment I was spluttering water from my mouth. I couldn't tell whether we dropped one inch or tumbled down No. 13 shaft.

"Happened in a flash. "I experienced no pain from the awful bump; it happened in a flash, and gave me no time to think, except to utter a prayer, as quick as a snapshot camera takes a picture.

"As to the sensation of going over and down, I really have no recollection. I can remember wriggling to get my face out of the water, as I lay under the machine. You know the rest."

Jennings' room was fragrant with roses, geraniums and carnations sent by many friends. He has the Sunday papers, magazine papers by the score to while away the time.

HARRINGTON LEADS OTTAWA COLL. CREW

Big Fellow Succeeds "Silver" Quilty as Captain of Rugby Crew.

Are Only Members of This Year's Fourteen Who Will Be Missed From Gridiron Next Year.

Ottawa, Dec. 5.—The Ottawa College football club held a meeting today, at which affairs of the past season were wound up. "Silver" Quilty retired as captain and was succeeded by Jerry Harrington, the big middle line, who will graduate in 1912. Jim Kennedy also dropped out as manager, Lee Kelly succeeding him. The collegians had the largest surplus since they joined the intercollegiate.

Father Stanton congratulated the team on its splendid showing, and announced that he hoped to have all this year's players excepting Kennedy and Quilty for next fall. Harrington, the new captain, is the veteran of the college fourteen. He was on the wing line when Father Stanton piloted them to the intercollegiate championship in 1907, but missed two teams. He is just recovering from a broken hand, sustained in the College-Varsity game at Toronto.

PACER RITCHIE 2:09 1-4 IS SOLD WILL WORK FOR J. ROMBOUGH

Great Gelding, Sensation of Half Mile Tracks, Purchased By Weston Man.

Toronto, Dec. 6.—The most important sale of a pacer that has taken place in Canada since Thomas Hodgson, of Griffla, sold the stallion Joe Patchen II. to R. J. Mackenzie, of Winnipeg, took place last night, when O. B. Sheppard, of this city, sold the brown gelding Ritchie, 2:09 1/4, to Vic Rountree, of Weston. Ritchie began

the past season without a record, and won no less than a dozen races for Trainer Redford, of Chatham, and he came home early in the fall with a record of 2:09 1/4, a mark seldom equaled by half-mile track pacers the first year out.
