George Gibson Will Return To Pirates in a Few Days

That the absence of George Gib. son is in a measure largely due to the recent poor showing of the Pirates is being realized by the Pittsburg sporting writers at present, and they are all anxiously awaiting for news of his return. Ralph S. David, one of Pittsburg's writers, has the following to say in the Sporting News about the matter. The surprising part of it is that Davis was always one of Gibson's worst knockers:

"George Gibson will be out for another month. He is at his home in Canada, and a few days ago wrote President Dreyfuss that he was getting along well. He says he is suffering no pain in his injured ankle, and only wishes he could get rid of the heavy plaster cast. He says it will be three weeks yet before the cast is removed, and he expects his recovery after that time to be very rapid. He says during his layoff he is accumulating a supply of "pep" to use when he gets back. He will certainly be welcomed by the bunch upon his return, for he has undoubtedly been sad-

ly missed. Meanwhile, "Mooney" is resting up on his farm in Delaware. He expects to return to Pittsburg in a couple of weeks, but will not get back into the game for a month yet. He can walk around on his injured foot, but prefers the crutches in order to give the ankle all the rest possible

GEORGE GIBSON.

He has been watching the results of the Pittsburg games daily, and is just as anxious to get back as the club is for him to come back. The accompanying picture shows George taking a walk on his farm. He is using the crutches, and every day goes for long walks around his property in this fashion. This is the first picture of Gibson taken since his accident, and the only one ever
