

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved. Hebron, Me.—"Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my household work now, where before taking your medicine it was a dread. I try to impress upon the minds of all other women I meet the benefits they can derive from your medicines."—Mrs. CHARLES ROWS, R.F.D., No. 1, Hebron, Maine.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NEW BRUNSWICK MAN AMONG THOSE DEAD

Private John Wylie of Harcourt, N. B., Among the Canadians to Succumb at Salisbury

Ottawa, Jan. 7.—Four more deaths are reported today from Salisbury Plain, bringing the total up to 43. One of the dead is a New Brunswick boy, Private John Wylie, of the 14th Battalion. His next of kin is Mary Jane Wylie, Harcourt, N. B. He died of cerebro spinal meningitis. Col. Frank Strang, commander of the Canadian Ordnance Department unit, is also reported dead of the same disease. Lt. R. D. Briscoe, of Galt, Ont., has been accidentally shot and killed at the ranges. The fourth dead is that of Private M. R. Smith, of Peterboro, Ont.

IF HAIR'S YOUR PRIDE, USE HERPICIDE

A feeling of uncertainty, a dread of possible disappointment, always goes with an "off brand" hair preparation. That is part of the purchase, just as much so as the label on the bottle.

You don't get this with a bottle of Newbro's Herpicide. It is not an experiment. You number among your acquaintances and friends hundreds who have used Herpicide with satisfaction, and you know that you can do the same. The results are always positive.

For the removal of dandruff and to check falling hair Newbro's Herpicide is reliable and often producing results that are little short of marvelous.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Thos. Wran, druggist.

THE RENOVATION OF NEGLECTED ORCHARDS

Bulletin Number 79 of the Experimental Farm is entitled "Renovation of the Neglected Orchard." It has been prepared by M. B. Davis, B.S.A.

Constipation--the bane of old age

is not to be cured by harsh purgatives; they rather aggravate the trouble. For a gentle, but sure laxative, see Chamberlain's Stomach and Liver Tablets. They stir up the liver, tone the nerves and freshen the stomach and bowels just like an internal bath.

CHAMBERLAIN'S TABLETS

Woman's best friend. From girlhood to old age, these little red health restorers are an infallible guide to an active, lively and a clear, healthy normal stomach. Take a Chamberlain's Stomach and Liver Tablet at night and the sour stomach and fermentation, and the headache, have all gone by morning.

All druggists, 25c, or by mail from Chamberlain Medicine Company, Toronto 15

IS ARRESTED AS A GERMAN SUSPECT

Former Mount Allison Student Has Novel Experience in England Arrested as Spy.

The Berwick, N. S., Register says: "Earle E. Spicer, son of Mr. and Mrs. Richard S. Spicer, Welsford street, is now a resident of London, where he is taking an advanced course in vocal music. P. F. Lawson, during his recent visit in London had the privilege of hearing Mr. Spicer sing, and speaks enthusiastically of the marvellous richness and power of the young Nova Scotian's voice. He is under the tuition of one of the best masters in England. An interesting story is told of Mr. Spicer's arrest as a German spy suspect. He was in a south of England village with his master and a fellow vocalist and after each day's exercises would take long rambles across country. One evening, as they were travelling through a country lane, each student with a roll of music, they were halted by a local special constable and put through a searching enquiry. Unfortunately, the music they carried was that of Italian songs and the constable, who was not a linguist, was much exercised over the foreign language and marched his prisoners to a magistrate. Finally they were released and a few weeks later, in the same district, Mr. Spicer was himself sworn in for special night guard duty."

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless doesn't sleep, eat or act naturally, is feverish, stomach sour, breath bad, has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

DR. H. C. MERSEREAU HAS VOLUNTEERED

Third Son of Col. Mersereau of Doaktown to Offer For Foreign Service

Dr. Harris Coburg Mersereau, of Montreal, has been appointed provisional lieutenant in the Army Medical Corps.

Dr. Mersereau is a native of Doaktown, a son of Col. G. W. Mersereau. He is now situated in Montreal where he has a lucrative practise. Dr. Mersereau is a fellow of the Royal College of Surgeons, of Edinburgh, Scotland, having been elected a Fellow over a year ago. He was surgeon on the C. P. R. steamer the Empress of India and last October successfully passed the Canadian Dominion Council examinations and started practising in Montreal.

Lieut. Surgeon Mersereau is the third member of his family to volunteer for foreign service, he having offered his services with the third contingent after being unable to get a place with the second. Two brothers are with the first contingent at Salisbury Plain, one being Brigade Major C. J. Mersereau and the other Capt. Fred Mersereau. Lieut. Mersereau is the youngest member of the family. He also has a cousin, Lieut. Cecil Mersereau, with the first contingent—Commercial.

A CHICKEN COOP

A combination two-in-one poultry coop for setting hens and chickens is 6 feet long, 3 feet deep and is divided into four compartments by removable partitions. At the back of each compartment is a nest, at the front is a sliding door which opens into a detachable runway. The front of the little house is three feet high and has an opening in the upper half lengthwise covered with wire screen and closed by a hinged door at the top. Four hens are set in this coop at one time. As soon as the chicks come, two of the partitions are taken out and one hen given both hatchings, while the other hen is put to more profitable work. When the chicks are ready to do without the hen, the hens are taken out, the other two partitions removed and perches put in for the chicks to roost on. The runways in front are then taken away also.

Assistant to the Dominion Horticulturist. Special attention is given to the following practices: Heading back old trees; thinning; scraping, cleaning and tree surgery; cultivation and cover crops; systems of cultivation; fertilization; spraying and thinning fruit. The bulletin is generously illustrated. It has been prepared with a view of showing how, by a reasonable amount of labour and care, profitless old orchards, which are a menace to the

CONDITIONS ON GASPE COAST GOOD

Hon. J. H. Kelly Says People There Satisfied With the Conditions

Quebec, Jan. 8.—Hon. John Hall Kelly, M.L.C., has arrived in the city from New Carlisle for the session of the Legislature. He is accompanied by Mrs. and M's Kelly, and they have taken up their residence at the Chateau. A Telegraph reporter had a short conversation with Hon. Mr. Kelly at the Chateau, regarding conditions prevailing in the County of Bonaventure and along the coast. These, the hon. gentleman stated, were, in comparison to other parts of the province, very good and the people were in every way satisfied with conditions. There has been some decrease in the cut of lumber so far this season, due to various causes, principally owing to the fact that money was tight on account of the war. Quite a lot of lumber was, however, being got out.

The curtailment in the cut of lumber, Hon. Mr. Kelly said, has been somewhat minimized by the fact that Americans have had to come in for their pulp, which they are procuring from patented lands, and farmers are selling these lands off, which goes to make up for what they have lost in the lumber cut. The patented lands are not very extensive, and when exhausted, it means that the Americans will have to bring their mills in and resort again for their pulp wood to the Crown Lands.

Speaking of Bonaventure County, Hon. Mr. Kelly stated that although new industries had been opened up there, yet, those in existence were prospering. Hon. Mr. Kelly remarked that the people of Bonaventure County were doing their share in helping patriotic work in connection with the present war. A branch of the Patriotic Work had been organized in the county, of which he himself was president, and Mr. R. H. Montgomery Treasurer. Although but a couple of months in existence the branch had collected the sum of about four thousand dollars, all of which had been voluntarily given, there being no solicitation for subscriptions. This certainly speaks well for the interest manifested by the people along the coast.

In nearly every parish also, there was a branch of the Red Cross Society, this being in charge of the ladies, who are zealously working in behalf of the soldiers and those in need. In nearly every home the women are knitting for the soldiers and those families who are in a position to supply their own wool do so, while others who are too poor are supplied with the wools by the society, of which Mrs. J. H. Kelly is president. Goods to the value of about one thousand dollars have been collected, part of which has been forwarded direct.

YOU CAN'T EARN MONEY WHEN YOU'RE LAID UP

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause is, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall's Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by taking the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hyposphosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by J. S. 100.

THOS. WRAN, Campbellton, New Brunswick

There is a Rexall Store in nearly every town and in the United States. Canada. Great Britain. There is a different Rexall Store for nearly every ordinary human ailment, each especially designed for the particular ill for which it is recommended. The Rexall Stores are America's Greatest Drug Stores.

Local orchard industry may be made a remunerative part of the farm and a credit to the neighbourhood. Copies of this bulletin are available at the Publications Branch of the Department of Agriculture, Ottawa.

BUSINESS AS USUAL

CONSERVE THE BREEDING STOCK

Everyone knows that trade conditions and commercial enterprise have suffered a very serious and unexpected upheaval during the past year. To this situation the war has, of course, largely contributed; but other causes, including the general financial depression throughout the country, have been operative for some months past. The agricultural industry has, naturally, been very widely affected by these changing conditions and by the varying situation with respect to demand and supply. The price in the provinces, particularly in the west, has been a serious problem, representing, without doubt, the most outstanding feature of the direction which has been given to agricultural activity.

We need, perhaps above all things else, sane, level judgment in the conduct of our agricultural affairs during the coming year. It is to be expected that grain production will be largely increased. The raw products of the soil are, and will be, in demand at remunerative prices. What then is to be said, what course is to be followed, with respect to the breeding of live stock?

The high price of feed, on the one hand, and relatively low prices for market stock, on the other, have resulted in very heavy marketing throughout Canada, particularly in the western provinces, of the stock, suitable for breeding purposes. Perhaps this was inevitable, but will these conditions continue? Feed grain will, without doubt, be high in price, but it must never be overlooked that the country can maintain very large numbers of live stock on the enormous quantity of rough fodder which it can produce. To waste this, for the sake of the grain which can be grown, would, under the present circumstance, be criminal neglect. It is clear, then, that the country should conserve its breeding stock. If grain is to be grown for sale it is recommended that plans should be carefully thought out as to the manner in which the greatest quantity of rough fodder may become available for feeding purposes and as to the means by which this otherwise waste product, together with the screenings and unsaleable grain, may be utilized to the best possible advantage. In other words eliminate waste. Do it by feeding live stock.

S. pebiac West, Que., brot the bride. After the n bridal party boarded the home of her parents at E. S. The bride and groom weeks at her home and ar Carlisle at her future h 29th. They received m gifts from friends and rel

IF YOU

breeding animals and, while it may possibly maintain its quota next year of cattle and sheep, it is doubtful if more than seventy five per cent of the number of hogs will find their way to market in 1915, as compared with the past year. It is, therefore, a time for live stock men to stay with their trade. The present tendency is, of course, all the other way. A safe harvest is likely to be reaped by those who have stock for sale next year. Even bankers and business men are of this opinion.

One word of advice is to be given. Avoid marketing so far as it is at all possible to do so during the period of October fifteen to December fifteen. This is a time of the year when everybody else has stock for sale. It is a period when packers know that they can fill their cellars with cheap meat. These are the months when the surplus of the whole country finds its way to the packing centres. It is invariably the period of low prices, uncertain markets and disappointing returns to the producers. Breed, therefore, to have your stock available for sale at some other time of the year. Take care to provide sufficient winter feed that you may not be forced to sell when the cold weather comes.

The Manchester Guardian points out that Culture and Kultur have not the same sense. We had suspected this for a few months back.
