

WEATHER RECORD AT N.Y. BROKEN

Earliest Snow In City's History Sweeps District

COVERS A WIDE AREA

Cold Weather Abates Somewhat In Middle West

NEW YORK, Oct. 30.—A driving combination of snow and rain to-day swirled into the metropolitan area, spilling the earliest official snow fall in this city on record. The previous early record was November 9, 1892.

The storm left its trail of snow in an area extending north to Southern New England, south to Pennsylvania. All New York State and New Jersey experienced abnormal atmospheric conditions. A four-inch snow fall was reported at Oswego, on Lake Ontario.

MILDER IN WEST

CHICAGO, Oct. 30.—The cold weather abated a bit in the Middle West to-day, but temperatures still were below normal. Weather forecasters' predictions, however, were that the temperature would be seasonable again by Sunday.

Ideal football weather for to-morrow is likely. A halt in the snowfall that blanketed a belt from the southwest to the Atlantic coast was in sight, and the weather bureau gave hope of a mild summer in the next few days in the Middle West and Rocky Mountain regions, except west of the divide in Montana and the upper Great Lakes district.

Southern and Central Illinois still were under a few inches of snow, there being four inches as far south as Cairo, Ill. Chicago had a mild day, free from snow.

Northern Ohio was virtually snow-bound, with eight inches on the ground, after an all-day fall throughout the state. Snow plows were sent out to clear the roads. One death at Elyria occurred when a woman, blinded by the storm, was killed by a train.

TENDER OVATION TO D. M. WRIGHT

Triumphal Parade When Election Assured In N. Perth

STRATFORD, Oct. 30.—Good feeling and good humor marked the final stages of the North Perth election campaign as the results were received here last night. David M. Wright, the successful candidate, was tendered an ovation at the city hall when the returns showed his election over Tom Brown, Liberal, assured. Later, headed by a band, a triumphal procession formed and paraded the streets, finally bringing up at Mr. Wright's residence, where the popular "Dave," in a brief speech, heartily thanked all those who had worked and voted for him.

Mayor Brown, the defeated Liberal candidate, also thanked his supporters and expressed his congratulations to Mr. Wright. He observed that the campaign had been "clean, strenuous and by all means."

CITY FIRE AT BARRACKS

Members of No. 2 and 4 fire departments had a run to Wolsey Barracks at 7.30 last night, where a chimney fire was reported in progress. When the firemen arrived, however, the blaze was small and only one gallon container of chemicals was used on it. The firemen returned at 7.45.

REVOLVER IN POCKET WOUNDS MAIL CARRIER

Accidentally Discharged; Bullet Shatters Bone In Foot

ST. THOMAS, Oct. 30.—A bullet from a revolver in his pocket accidentally discharged when he tripped over a stone, penetrated the left foot of R. R. No. 4 St. Thomas, shattering a bone in the foot and occasioning a nasty wound. Mr. Horton is in the Memorial Hospital here. Attending physicians declare, judging by the course the bullet took, that it is remarkable Mr. Horton did not receive fatal injuries.

CONTEST MARKED BY GOOD FEELING

Big Crowd Receives Returns At Simcoe Armory

J. L. STANSELL SERENADED

Simcoe and Charlotteville Octogenarians Vote

SIMCOE, Oct. 30.—The election in Norfolk-Elsin was conducted without aspersion and the nature of the returns was such as to divide the applause as the returns were flashed on the screen before a full house at the armory, which sat for five hours, until midnight, alternating their counter-cheering with the jazz music of a splendid orchestra which went out at midnight and after serenading Mr. Stansell at Conservative headquarters played the dead march before the Liberal-Progressive headquarters, leaving to return to the armory to the consoling strains of "It Ain't Goin' To Snow No More."

Mr. Stansell mounted the platform at the armory about 11 o'clock, after waiting from a most strenuous campaign. He gave an address to his organization and the cause, with assurance that he would serve the riding to the best of his ability.

Among the oldest voters to visit the poll were Mr. and Mrs. William Walsh, of Charlotteville, aged 88 and 82, and George Stewart, of Simcoe, aged 82.

The surprise in the riding were the Liberal majority in Port Dover and the Conservative landslide in Waterford and the causes are not patent.

The summary of the vote follows:

Towns, Villages	Sewell	Stansell
Simcoe	874	1,322
Waterford	233	223
Port Dover	401	591
Delhi	129	314
Port Rowan	112	229
Aylmer	512	581
Springfield	38	90
Vienna	36	68

Total, towns, villages, 2,376 2,238

Townships, including police villages: Sewell Stansell

Charlotteville	350	373

Total, 4,756 4,895

Grand total 7,132 8,133

Majority for Stansell, 1,002.

AMBASSADOR TO U.S. APPOINTED

Senator Henri Berenger Choice of French Government

PARIS, Oct. 30.—Senator Henri Berenger, noted financial authority, it became known to-day from an unquestionable source, is soon to be appointed French ambassador to the United States, succeeding Emile Daeschner.

The choice of M. Berenger for the post is still an "official secret," knowledge of the Government's intention being confined to a narrow circle.

Official announcement of a change in ambassadors is not likely to be made for some days and both the foreign office and Senator Berenger decline to confirm that the appointment is to be made.

REMANDED FOR WEEK ON SERIOUS CHARGE

MILDMAY, Oct. 30.—Julius Kupferschmidt, a Culross farmer who was arrested a week ago charged with a serious offense against a 13-year-old girl, a neighbor's daughter, appeared before County Magistrate McCartney this afternoon and was remanded for a week. The accused is a married man about 45 years of age. The girl's father has also entered an action against him for \$5,000 damages. Nicol Jeffrey, Esq., is defending the accused, and O. E. Klein, of Walkerton, is acting for the plaintiff in the damage suit.

UP AND DOWN.

Examiner—"How would you classify a telephone girl? Is it a business or a profession?"

Candidate—"Neither. It's a calling."

WASHINGTON, Oct. 30.—(Associated Press Cable.)—The brief but lively session held to-day by the court-martial sitting in judgment of Col. Plan of U. S. Makers For Transfer To Eastern Dealers

WOULD DRIVE BY HIGHWAYS

DETROIT, Oct. 30.—The commerce department's automotive bureau at Washington stated to-day that the question has been raised as to whether or not it would be possible for Eastern automobile dealers of cars manufactured in the Central States to drive their cars through Canada, which would result in a considerable saving of time.

The registry of motor vehicles for the Province of Ontario has ruled that such vehicles are permitted to operate in Ontario, provided the dealer displays a dealer's registration plate, but the department of customs at Ottawa is strongly opposed to this transportation and refuses to grant the necessary permit.

WALLACEBURG WOMAN SUCCUMBS SUDDENLY

Widow of Founder of "News" Stricken on Return From Voting; Dies in Few Hours

WALLACEBURG, Oct. 30.—A prominent and highly esteemed citizen of this town, Mrs. Emily Alice Colwell, widow of William Colwell, died suddenly at her home on Duncan street this morning. Mrs. Colwell, who had been enjoying fairly good health, attended her polling station to vote yesterday, but shortly after returning home was taken very ill, and despite every medical attention, she succumbed a few hours later.

Mrs. Colwell was born at Liverpool, England, 28 years ago, and, before her marriage, Miss Emily Alice Archer. When quite young she came to Canada with her parents, and in 1868 married William Colwell at Mitchell, Ont., where they resided for 23 years. Afterwards they lived at West Lorne, Leamington and Paris, and came to Wallaceburg about 24 years ago, where Mr. Colwell founded the Wallaceburg News. He died about five years ago.

News of a Day In St. Thomas

Michael J. Heenan, former chief detective of the M. C. R., has been removed to the Memorial Hospital suffering from an illness which is causing some concern to attending physicians.

Hospital officials report no change in the condition of Conductor Harry McCaffery, of the M. C. R., who is ill in the Memorial Hospital here.

Chief of Police Armstrong reports the City of St. Thomas was on its best behavior on election night. No arrests were recorded on the police court blotter yesterday morning. Two men who "celebrated" the election in Aylmer were placed under arrest by Constable Augustus and were subsequently fined \$15 and costs each by Magistrate Maxwell.

Bogus check artists are reported to have been at work in St. Thomas during the week. One of the "artists" is said to be wanted in Owen Sound on a similar charge.

Dr. Fulton Risdon, of Toronto, a brilliant St. Thomas boy, has received marked distinction in the medical world, being elected president of the Oral and Plastic Association of America at a convention in Philadelphia. This association is the only one of its kind in America and Dr. Risdon is the first Canadian to be elected president.

KILLS WIFE AND BROTHER-IN-LAW

Terrible Crime of a Detroit Fruit Merchant

DETROIT, Oct. 30.—James Cipriano, 26, a fruit merchant, shot and killed his wife, Mary, 17, and her brother, Chas. Gentile, 25, in a rear room of their home at 2210 East Congress street this afternoon. After the shooting the husband flourished a revolver at Mrs. Mary Newman, a nurse at the place, warned her to "keep your mouth shut" and fled, she told officers.

The tragedy was the outcome of ill-repentant passions said to have existed between the couple, Mrs. Newman said. The nurse and Mrs. Cipriano's two-year-old baby, who is suffering from bronchial pneumonia, were in an adjoining room when the slaying took place. Fear that the slayer would return and do her harm prevented Mrs. Newman from leaving the house until an hour and a half after the crime, she said.

It was necessary to call out the riot squad before relatives could get into the house to view the bodies. Shortly before the slaying, Cipriano received a mysterious telephone call at 2526 Market street, where he and Gentile were in business.

FORCES WAY IN

When he arrived at the house he found the doors locked, but put his hands on the front door and forced his way inside.

"I ran into the room and found Cipriano with a pistol in his hand," Mrs. Newman stated. "Get back to my child and keep your mouth shut about this," he shouted, and I was too afraid to do anything else."

Mrs. Cipriano was shot four times in the back and twice in the abdomen. There was a bullet hole in her brother's head and another in his body. Five empty shells lay on the floor. Between the victims, several feet from the body of the wife, an automatic pistol loaded was found, indicating that one of the parties had attempted a defense.

Cipriano's first wife was Mary's sister. On her death Cipriano kidnapped and wed Mary. Her father, Samuel Gentile, complained at the time to police, but later became reconciled to the marriage. He, his wife and the son were sharing the Congress street home with the Ciprianos.

Police records show that Cipriano was arrested twice this year for robbery armed, and on a charge of extortion, but freed by police on both occasions for lack of evidence.

BUSINESS INCREASES.

"Business and prospects have grown up by leaps and bounds since we started our latest service," Mr. Lane declared. "We have found it necessary to organize a distinct company to take care of this business. Instead of operating possibly three ships a year, the business now secured for this line will require at least ten, and it is difficult to estimate conservatively the additional lower cost."

The principal imports will be steel, wool, wood pulp, rags for the manufacture of paper, glass and chemicals. They will call at Cleveland, Toledo and Hamilton, Ont. The steamers will be chartered for the open season on the Great Lakes and will make three round trips a year.

The company sent two ships out of Detroit three months ago as an experiment, and the Anders, the first to sail, will reach its home port to-morrow. She will take on a new cargo. It is the first time an ocean-going steamer has left Detroit for foreign parts with a cargo and returned to reload, according to Mr. Lane.

MAY BUILD RINK NEAR "U" OF WESTERN ONTARIO

Construction of a skating rink may be commenced within the very near future at the University of Western Ontario, states J. A. Doble, mechanical superintendent of University College.

On a sheet of ice to be provided near the university oval, college hockey players will have an excellent place to practice. Skating parties will also likely be held, the rink being near enough to the college buildings to permit students dropping in afterwards for lunch.

INJURED IN FALL OF FIFTEEN FEET

Sheet Metal Worker Slips From Factory Roof

CHATHAM, Oct. 30.—Ross Huff, of the firm of Huff & Echlin, sheet metal workers, sustained a broken arm, sprained ankle and dislocation of the legs, when he fell from the roof of a building at the Dominion Glass Works, Wallaceburg. He fell 15 feet on to a pile of bricks when he slipped while hoisting materials to the roof.

ELECTION QUIET.

City and county police report that the election celebration passed off very quietly in Kent. One man was arrested on a charge of being intoxicated and others have been laid against two charges, according to Police Chief MacLachlin. County Constable Peters reports no complaints received.

RENEW C. N. R. CONTRACT.

Merely routine business was transacted at the monthly meeting of the Chatham Water Commission this morning. The only matter of importance dealt with was the renewal of the contract with the Canadian National Railways for water service for locomotives.

ANOTHER FIERY CROSS.

Another fiery cross as burned in the city last night at the rear of the Ursuline convent. The city police believe that it was the work of a practical joker.

N. OXFORD SURPRISE.

TAVISTOCK, Oct. 30.—The election passed quietly in Tavistock, ideal weather prevailing throughout the day and a large number of votes was polled. The receipt of the news that North Oxford had gone Conservative caused some surprise as it was the first time this has happened since Confederation. McDermott & Sons installed a radio set in the Arlington Hotel and broadcast the returns from there to an appreciative number of citizens.
