## Houghton—Edwards

A very pretty wedding was solemnized at the home of the bride's mother, Mrs. Neal A. Edwards, Thornloe, on September 1st, when her youngest daughter, Beatrice Irene, was united in the holy bonds of wedlock to Mr. Arno Oliver Houghton, of Healslip, in the presence of seventy-five guests, friends and relatives of both parties. The bride looked charming in white satin de chene silk, trimmed with silk overlace and oriental trimming, with silk girdle. She wore orange blossoms and carried bridal roses and white and pink asters, tied with white satin ribbon. The ceremony was performed on the lawn under a beautiful arch of bridal roses, white asters, autumn foliage and evergreens, the Rev. T. C. France, of Milberta, officiating. Mrs. France played the wedding march, and also sang a beautiful solo while the register was being signed. The flower girls, the Misses Queenie and Gwendolyn Edwards, nieces of the bride, were prettily dressed in white silk, trimmed with blue ribbons and carried a basket of bridal roses, bearing the ring. The bride was given away by her eldest brother, Ernest, while her sister, Lucy, and the groom's brother, Austin, acted as witnesses. The bride's travelling suit was brown garter-belt with white Antwerp-suiting blouse with the latest shade of brown velvet hat trimmed with white ostrich tips and pink roses. After a sumptuous dinner the happy couple left by train for points south, amidst showers of rice and confetti and good wishes for future happiness. The presents were numerous and costly, showing the esteem in which the bride was held by her friends of Thornloe and vicinity. The groom's present to the flower girls were pearl necklaces, and to the organist a pretty brooch set with pearls. The groom's gift to the bride was a handsome buffet. On their return from their honeymoon, they will be tendered a reception at the home of the groom's mother, Mrs. Houghton, of Healslip. Mr. and Mrs. Houghton will at home to receive their friends after October 1st.

## OFFICIAL FRUIT BULLETIN

Fruit Branch—Dept. of Agriculture This is an unusual year for fruits. More canning and preserving than usual should be done. Peaches and Plums are of such a splendid quality that they should be used liberally. More fruit and less meat, better health, less expense and fewer doctor's bills. Elberta and Crawford peaches are perfect now. Smoak Peaches and Longhurst will be along in a week. Some Gage Plums are still obtainable. Ask your grocer for late Blue Plums and Prunes. Those who have all they require for family use, should preserve for the soldiers. The nearest Canadian Club or Red Cross branch will look after delivery to the boys in the trenches.

Grand Circuit for the 2.10 and 2.11 places at Columbus, and big things are expected of him, as he should cut three or four more seconds off his Cranwood-record when racing on mile tracks. "It wasn't until Texas Jim had been doing farm work for nearly two years that Tierney conceived the idea that the good as a racer, but even then he never dreamed the animal would do much better than land a few country fair races. "For Texas Jim was a bigger than ordinary race horse apparently built more for work than speed, as he stands 15.2 hands high. But Tierney turned him over to Mr. J. Roche the most famous trainer in Ontario, and Roche worked with him all winter, never despairing when the horse brought little results in his races last year till the very end. This year he's a sensation."

## AN OPEN LETTER

From a Well Known Methodist Clergyman of Interest to All Who Are Sick

One of the best known ministers in the Hamilton conference is the Rev. Chas. E. Stafford, of Flora, Ont., who freely admits that he owes his present good health to Dr. Williams' Pink Pills. Mr. Stafford writes as follows:—"Some years ago I was severely afflicted for a period of nearly four months. The leading physician in the town in which I was then stationed diagnosed my case as one of complete nervous prostration, brought on by over-work and which superinduced intercostal neuralgia and muscular rheumatism, from which I suffered the most excruciating pain night and day for weeks. So weak and helpless did I become that my attendants had to handle me like an infant, raising me up and laying me down with the greatest care, so intense were my sufferings. Acting on the advice of my doctor, and taking his medicine, I did not seem to improve. One afternoon, while suffering great pain, the editor of the paper published in the town, and who was a member of the church of which I was then pastor, urged me to try Dr. Williams' Pink Pills. I was sceptical as to the propriety of medicines, but on the strong recommendation of the editor, who had great faith in the medicine, I decided to try them. To my great surprise and supreme delight, I soon found that the Pills were giving me relief, and after I had taken seven boxes I was fully restored to health. Dr. Williams' Pink Pills, under God, having made me a new man. Ever since I have been better and stronger physically than I had been for a number of years. Three years ago, after an active ministry of forty-six years, I asked the Hamilton conference of the Methodist Church to grant me superannuation, which it did, but for more than two years I have been supplying a charge which necessitates a drive of twenty miles every Sabbath. To-day I am strong and hearty, without an ache or pain, and for my present physical condition I am indebted to Dr. Williams' Pink Pills, and can most heartily recommend them to the afflicted.

Plympton as usual was well represented at the Western Fair, London, particularly in live stock. A carload comprised of shorthorn Durham cattle and horses was made up by D. A. Graham, second line; Hugh McLean and Wm. Taylor, town line. The nine exhibits won a first, six seconds and two thirds. D. A. Graham won five seconds and two thirds.

Mr. Wm. Lamb received this week a letter from his son Thomas, who went overseas with a Winnipeg regiment. At time of writing Pte. Lamb was about to embark for France.

RECRUITING in Lambton is highly encouraging. The ranks of the 7th Battalion, which is being recruited in this town, are being filled up nicely, though there is yet room for a few more patriotic young men without encumbrance.

REMEMBER when at the fair you can get a hot cup of tea or coffee and sandwich at Lovell's any hour in the day.

HENRY FORD, the automobile man, has evolved a scheme by which aeroplanes without passengers may be directed and used by wireless as practically self-acting engines of war.

THE Rev. DeC. Raynor of Hamilton, who preached to good congregations in the Watford Congregational church and at Zion last Sunday, will again occupy these pulpits on Sunday next.

TEXAS JIM with Murray Roche driving finished well up in 2.10 pace in the Grand Circuit races at Columbus last Thursday, taking fourth and fifth places in the second and third heats.

WILL J. WHITE in his character sketches and impersonations at the Lyceum Wednesday night. Get your tickets now and reserve your seats at TAYLOR'S drug store.

A new corporation established in Winipeg is "Women's Wear Limited." There is nothing new about that. Women's wear has always been limited to the next change in fashion.

WHY our blue suits are better value is because we are expert buyers of woolsens.—SWIFTS'. NEW recruiting orders received give young men an opportunity to join mounted infantry (B Squadron Depot Mounted Rifles.) In the past few months men applying for enlistment in some mounted corps had to be turned away.

OPINIONS differ as to whether quail shooting will be allowed this fall. The general opinion will be that a man who is able-bodied enough to shoulder a gun to shoot the unoffending quail should employ his skill and energy in fighting the offending Hun, and leave the quail alone.
