**Women you envy have only this secret**

You, too, may employ it to keep the radiance and bloom of youthful skin

Radiant, with the charm of youth still theirs, millions of clever women are admired—and envied—today.

Yet they have no difficult, hidden secret—no great gift.

Only this simple method—which is for you, too. To give you, as well, the charm you envy in them.

*For one week do this*  
Cleanse the skin regularly, authorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again.

Then—if skin is dry—apply a little gold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way  
You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive, so that thousands now use Palmolive for the bath.

Make sure that you get Palmolive—which is never sold unwrapped. All dealers have it. Get it, and try for one week this simplest of all treatments. See how delightfully and how quickly it benefits your skin.

Wolfville—The Wolfville Board of Trade and Town Council are co-operating in publicity work in connection with tourist travel. Much interest is being manifested in this important branch of public service under the direction of Edson Graham, President of the Board of Trade and his enthusiastic and efficient committee. Among the various aids to the tourist are to be road signs at each end of the town and an information bureau listing lodging and private board, etc. A tourist camp is being arranged for on an admirable site near the centre of town where water and cooking accommodations will be provided. Advertising folders are being prepared for distribution, giving evidence that Wolfville is alive to the vast opportunities that confront this Province in the matter of increased moor tourist travel.

An amusing incident occurred in Windsor a few months ago when a member of the Police Force held up a car for speeding. The owner appeared worried and finally remarked "you know, Chief, I usually drive in a seaplane and when I get in an auto it's hard for me to tell just how fast I'm going." The Major won out and proceeded toward Halifax but only after the terra firma official had severely censured him.—Hants Journal.

Nearly all people like their tea hot. But some others like it cold, or at least they drink it that way. The coal miners of Cape Breton consume enormous quantities of MORSE'S Tea while at work in the pit. And they drink it cold. Further they say it is the most thirst-quenching drink they can get. Also that it stimulates their energies.

F. J. D. Barnjum will start a nursery in Annapolis Royal at an early date, which will be under the direction of Otto Sierbeck, Mr. Barnjum's chief forester. This nursery will prove a benefit to the farmers and land owners of this province as they will be able to obtain free of charge transplants and seedlings for the reforestation of their waste lands and depleted wood lots. In order to demonstrate the benefit derived from scientific management and conservation of the wood lands a demonstration area will be set aside in the vicinity of Annapolis.

**SEWING CIRCLE GOSSIP.**  
There was some discussion at the Sewing Circle this week about the prospect of a general election in Canada this year. The wife of the radio operator, who is in close touch with world events every evening, expressed the view that the idea of an election within two years was preposterous. She said she thought that the present Members of Parliament had no more intention of taking a chance on being defeated than she had of taking a chance on changing from LUXOR ORIENTAL COFFEE to some other brand. Both M's. P. and I, said she, know that when we have a good thing we ought to stick to it.

**CLARENCE.**  
We were pleased to note in "Herald" that the brave deed performed by Clayton Robbins at Bear River in June had been recognized by the presentation of "The Gilt Cross for Bravery." **SUFFERS NO MORE WITH HEADACHES**

"Fruit-a-lives" freed her from years of pain

The Fruit Treatment seems to be the only way of completely ridding the system of the cause of Headaches. Miss Annie Ward, of 112 Hazen St., St. John, N.B., says: "I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, but nothing seemed to help me until I tried 'Fruit-a-lives'." After taking several boxes, I was completely relieved and have been well ever since."

Practically all Headaches come from poisoned blood—that is, the blood is laden with impurities which should be carried from the body by the kidneys and bowels.

"Fruit-a-lives"—made from the juices of oranges, apples, figs and prunes—regulate the vital organs of the body—insure a pure blood supply—and completely relieve Headaches. 25c. and 50c. a box—at druggists or Fruit-a-lives Limited, Ottawa.

**The Economy in Clothes Made To Your Measure**

When you order a suit of clothes from a custom tailor or he is very careful to get exact measurements. These measurements enable him to draft a pattern that will exactly fit your form. This is one of the greatest advantages the custom tailor has to offer. Just as the eyes, ears, arms and legs of each individual differ, so do individuals differ. No two persons are exactly alike. There is also some difference, and the only way to cut a suit of clothes to meet the difference is to "draft a pattern to your measure. Doing this insures fit, comfort and long wear. Custom made clothes neither bind, which would cause the cloth to stretch, nor are they made too loose, which would give friction a chance to cause abnormal wear.
