From Hon. H. S. Randall,  
Messrs. Hugh Miller & Co.,  
DEAR SIR, I have had no opportunity of  
testing your "Tick Destroyer" in my own flock -  
there being no ticks on my sheep - but I placed  
some of the preparation in the hands of my  
friend and neighbor, F. H. Hibbard, Esq., on the  
accuracy of whose experiments I can fully rely,  
and after testing it in several cases, he informed  
me that it thoroughly exterminated ticks. I  
have, therefore, no doubt that it will do so.  
Yours truly,

HENRY S. RANDALL.

OAKVILLE, March 3rd, 1885.

DEAR SIR, - In regard to the 13-foot Geared  
Wind Mill, I will say it does good work. I use it  
for pumping, running a grain crusher, cutting  
box and root pulper. The cutting box used to  
take six horses to run it all day; but the wind  
mill does the work now, and do not get tired  
either. I expect to run a cider mill with it next  
fall, and purpose attaching my grindstone as soon  
as I can get a pulley. The mill is perfectly self-  
regulating. The No. 2 I X L Grinder works like  
a charm. We can grind ten bushels an hour  
easily. I might also add the Four-Wheel Carrier  
and Four-Tined Grapple Fork I got from you are  
giving the best of satisfaction. The Fork is far  
ahead of anything I have seen.

Respectfully yours,  
R. G. MOORE.
