## The Best \$2.00 Table Cloth You Can Buy in Canada

is the one that we now are able, for the first time, to offer our customers. Hot competition in the foreign markets for our big orders and ready cash has virtually created this wonderful value—it's a premium on our business and we pass it on as an example of what this department and this store can offer our regular Mail Order customers, whose good will we hold in trust. **¶ We know** it sets a new standard of value, and we urge you to make your own comparisons with it. Have a look at it, at our expense; if you don't keep it we'll pay all charges. **¶ Remember**, this is a **high-class cloth**, heavy, all pure linen, full grass-bleached, made from selected finely spun flax, with the maximum of "life" in it. Remember that it's woven in many designs, all new, some of the most graceful patterns you've ever seen traced in linen. The border runs all around it. Dimensions, 2 yards by 2 1/2 yards. Price . . . . . **\$2.00**
