

they were thoroughly sound in wind and limb. Mr. D. C. Brown followed on the same topic. The Society, he said, had been started in Canada in 1876, and from having claims against them of \$4,000 with only a membership of 400 they had grown to their present dimensions. The death rate in the Foresters was less than in the old Companies, and while the expenses in the Canadian Life for simply running the institution was over a million, those in connection with the Foresters were but a little over \$7,000. Figures, Mr. Brown said, plainly showed that the Foresters were the best insurance company in Canada to-day. Mr. G. M. Reid next explained the cost of becoming a member. An initiation fee of \$7 was charged, and then if the person joining was of the age of twenty the total monthly cost would be 80 cents. Remarks were made by some of the invited guests, among which were Rev. Mr. Palmer and Mr. Geo. Baker. The evening's proceedings were enlivened with songs by Messrs. Sharp, Read and Russ, and by the brethren singing some of the Court odes. The pleasant gathering broke up about 11 o'clock.

The Foresters have secured joint possession of a good hall, and are determined to push the interests of the Order here. Some half dozen good lives seek admittance and we expect a lively time walking the "rough and ready" at next meeting. Brother Greer, of West Lorne, has moved amongst us; he is an energetic Forester. We regret that some of our members are leaving town, but feel sure that in sister Lodges they will find a warm welcome. We are anxious to make the advantages of the Order well known hereabouts, and would like to have the assistance

of some able brother to deliver a public address. We have been talking of a concert and this would be a good time to get the lecturer to come.

To Save Life.

Frequently requires prompt action. An hour's delay waiting for the doctor may be attended with serious consequences, especially in cases of Croup, Pneumonia, and other throat and lung troubles. Hence, no family should be without a bottle of **Ayer's Cherry Pectoral**, which has proved itself, in thousands of cases, the best Emergency Medicine ever discovered. It gives prompt relief and prepares the way for a thorough cure, which is certain to be effected by its continued use.

S. H. Latimer, M. D., Mt. Vernon, Ga., says: "I have found Ayer's Cherry Pectoral a perfect cure for Croup in all cases. I have known the worst cases relieved in a very short time by its use; and I advise all families to use it in sudden emergencies, for coughs, croup, &c."

A. J. Eidson, M. D., Middletown, Tenn., says: "I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Pectoral cured me."

"I cannot say enough in praise of Ayer's Cherry Pectoral," writes E. Bragdon, of Palestine, Texas, "believing as I do that, but for its use, I should long since have died."

A March to Church.

The members of Court Deseronto, No. 93, I. O. F., assembled in their hall a few Sunday evenings ago and thence marched in procession to the Presbyterian church. There was a fine turnout of the members, and despite the inclemency of the weather a large congregation had assembled for the occasion. Rev. R. J. Craig, M.A., pastor of the church, preached an excellent and appropriate sermon from the text, 1 Timothy 5th chapter, 8th verse, "But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel." In his remarks, which were of an eminently practical character, he enforced
