THE PASTOR'S WIFE.

AN INTERESTING INTERVIEW WITH MRS. (REV.) F. R. STRATTON.

Threatened With Paralysis—Weak, Emaciated and Unable to Stand—Fatigue—Pink Pills Restore Her Health.

From the Napanee Beaver

The Rev. F. B. Stratton, of Selby, is one of the best known ministers in Bay of Quinte conference, of which body he is the President. During the two years Mr. Stratton has been stationed at Selby, both he and Mrs. Stratton have won hosts of friends among all classes for their unassuming and sincere Christian work. Some time ago Mrs. Stratton was attacked with partial paralysis, and her restoration having been attributed to the use of Dr. Williams' Pink Pills, a reporter of the Beaver was sent to interview her. In reply to the reporter's question Mrs. Stratton said that she had been greatly benefitted by Dr. Williams' Pink Pills, and was perfectly willing to give her experience that those similarly afflicted might be benefitted. Mrs. Stratton said that before moving to Selby she had been greatly troubled by a numbness coming over her sides and arms (partial paralysis) which, when she moved, felt as though hundreds of needles were sticking in the flesh. For over a year she had been troubled in this way, with occasionally a dizzy spell. She was becoming emaciated and easily fatigued and was unable to get sleep from this cause. The trouble seemed to be worse at night time. Mr. Stratton had become greatly alarmed at her bad state of health, and it was feared that complete paralysis would ensue as Mrs. Stratton's mother, the late Mrs. Weaver, of Ingersoll, had been similarly stricken, at about the same age. Knowing a young lady in Trenton, where Mr. Stratton had been previously stationed, who had been cured by Dr. Williams' Pink Pills, it was determined to give them a fair trial. When Mrs. Stratton began using the Pink Pills she was very thin and her system badly run down, but after taking the pills for a time, all symptoms of paralysis disappeared, and she found her health and strength renewed and her weight increased. Mrs. Stratton is about fifty years of age, and a more healthy, robust, and younger looking lady is seldom seen at that age.

In reply to the reporter's inquiry as to what Pink Pills had done for his wife, Mr. Stratton said, "Look at her, look at her, doesn't she show it," and the reporter could not but admit the truth of the statement.

These pills are a positive cure for all troubles arising from a vitiated condition of the blood or a shattered nervous system. Sold by all dealers or by mail from the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for \$2.50. There are numerous imitations and substitutes against which the public is cautioned.

In a recent after-dinner speech Mr. Rider Haggard mentioned two odd literary coincidences that had occurred in connection with his works. One of these concerned his invention of an incident on the Tana River, where a mission station was attacked by the Masai and the mission people were killed. Strange to say, after his imaginary account had appeared, some missionaries did found a station on that river, were attacked by the Masai, and some of them were killed. In this book, "The People of the Mist," he had fixed upon an unknown part of Africa and had described a region from his inner consciousness; and only a week before the speech was made a company, in which the author is a director, had sent out orders to take possession of the very tract he had in view, and so far as the reports of the native agents who had inspected it went, he believed his descriptions were fairly correct.

Philanthropy at Small Cost.—Friend. "Say, old boy, how in the world did you, with your small income, get such a reputation as a great philanthropist." Sharpp. "I announced far and wide that I would pay the railroad fare of all the unemployed who wished to go to work on farms." "Well?" "Well, total expenses so far, ten cents."—*The Weekly, New York.*
