

# LONG ISLAND COLLEGE HOSPITAL, BROOKLYN, N. Y.

## SESSION OF 1874-5.

The **Collegiate Year** in this institution embraces a **READING and RECITATION TERM**, and a **REGULAR TERM** of **LECTURES**.

The **READING and RECITATION TERM** will commence October 1, 1874, and close at the commencement of the **Regular Term**. The **REGULAR TERM** will open March 2d, 1875, and close the last week in June following.

The **LONG ISLAND COLLEGE HOSPITAL** was the first, in this country, to *unite a Hospital and a Medical School*, for the purpose of securing more thorough *demonstrative teaching*. The Hospital is under the immediate control of the Regents and Council of the College, and therefore fully available for all purposes of practical instruction.

Over twelve thousand patients are treated annually in this institution—hence the clinical material is ample. Advanced students have free access to the *Wards of the Hospital*. The practical departments are therefore largely taught at the bedside.

For circulars, address—

**SAMUEL G. ARMOR, M.D.,**  
*Dean of Faculty.*

**F. G. OTTO & SONS,**

**JAMES AUTHORS,**  
16 King Street East, Toronto.

TORONTO, Sept. 17, 1874

I have much pleasure in being able to testify to the skill, ingenuity, and excellence of workmanship shown in Mr. Authors' surgical appliances. They will bear comparison with those manufactured in any part of the world.

**JAMES H. RICHARDSON, M.D.,** University of Toronto, M.R.C.S. England.
