HYDROSTATICS.—Is when a mad dog bites you. It is called hydrophobia when a dog is mad and hydrostatics when a man catches it.

---

ENGLISH LANGUAGE AND LITERATURE.—Keats wrote a savage criticism on Endymion, which brought on consumption.

THE sonnet is a thing that has in its first four lines two meteors (quartan) and in the last six two meteors (turzette).

LATIN of the fourth period was introduced into the language at the invention of Christianity, 597 A.D., when the nobility and gentry spoke Latin. French and Danes settled the throne for nearly 30 years.

HAMLET was very weak minded. Fond of study. But was too weak to fulfil his duty which the ghost had told him. He was very good to his mother. He profains madness, he really only put it on, but some people say he was mad. One day when he was fighting, the king asked him if would have something to drink, and he put poison in it and Hamlet said he would wait till the Queen took it, and then she falls down dead. Hamlet immediately stabs his father and drinks the poison and dies.

WHAT do you understand by the Augustan age in English literature.

We mean the time of Caedmon, who furnished and wrote "Comus" about the time that St. Augustine converted the people of Kent.
