

LIST OF TABLES

		<u>Page</u>
Table 2.1	Canadian sulfur dioxide emissions for 1978 by province and modeling source region	2-4
Table 2.2	Historical emissions of sulfur dioxide for Canada (in kilotonnes)	2-5
Table 2.3	United States sulfur dioxide emissions for 1978 by state and modeling source region	2-7
Table 2.4	Historical emissions of sulfur dioxide in the United States (in kilotonnes)	2-10
Table 2.5	Source region groupings for presentation of the modeling results	2-13
Table 4.1	Features of sulfur dioxide oxidation in the lower polluted troposphere	4-9
Table 4.2	Effect of reduction of sulfur dioxide and oxidizer concentrations on the H_2SO_4 formation rate	4-18
Table 7.1	Long range transport models assembled by Work Group 2	7-4
Table 7.2	Summary of regional model attributes	7-6
Table 8.1	Example of a 40x9 transfer matrix.	8-6
Table 8.2	Model ranking for wet sulfur deposition	8-10
