Sir Arthur Currie,  
McGill University,  
Montreal, P. Q. Canada.

Dear Sir Arthur Currie:

Perhaps you may have read some of Mr. Vilhjalmur Stefansson's books. His work as an explorer is greatly appreciated in Great Britain and in the United States. It seems to me that it has not been adequately appreciated in our own country.

He is to speak in Montreal in the early future, I understand, and I venture to suggest that you might like to get in touch with him during his visit. In the Department of Geography at Cambridge, Stefansson's ~~publication~~ "Friendly Arctic" is the standard work on Polar Exploration.

We are enjoying a very delightful climate here and expect to return to Ottawa about the middle of April.

Faithfully yours,
