

November  
Thirteenth  
1922.

Howard Everett, Esq.,  
303 Hamilton Building,  
Winnipeg, Man.

Dear Sir:-

With considerable diffidence I am complying with the request of Mr. H. C. Hanington of Dorchester, W.B., who asked me to write to you supporting an application he has made for the position of Inspector of Titles on the staff of the Western Canada Colonization Association.

All I can say is that when I first met Mr. Hanington he was Inspector of Legal Offices in British Columbia and it was known that he filled that position with satisfaction and advantage to the profession. I believe he had a good deal to do with a sort of general overhauling of the system which prevailed in Land Registry Offices.

I again met him during the war. Although very much over age he joined the C.E.F. and performed duties in the Separation and Assigned Pay Branch, being transferred in 1918 to the Judge Advocate General's Branch and was employed there until demobilized in 1921.

I have no hesitation in supporting his application.

Yours faithfully,
