Dear Sir Arthur

The writers name may
have slipped your memory
in these busy years -

It used to be that I was
with your Corps in France -
and later helped to
make the Canadian Legion -

I hope my letter which
is going out to many college
heads is not too impossible
and I realize that at
home the habit has been
to go to the woods -

It is that we might
help forge a cultural
link between these lands
and Canada. I am trying
to seek ways of doing so -
I will value your judgment
greatly upon.

Yours always

Hugh Bell
