## ME CALLUM'S Perfection WHISKY

THE QUALITY "SCOTCH" possesses that mellowness of age which makes it the favorite of the connoisseur and the epicure. There is none of that "smoky" taste about McCallum's Perfection.

## FREE RACING TODAY AT HILLCREST PARK

Toronto Driving Club's Three Postponed Races Will Be Decided Starting at Two o'clock.

## F. CHANCE ON LIST NEW YORK YANKEES

Cincinnati Releases Former Club Manager—Next Move to Sign Contract.

When the rain and sleet were falling at 2 o'clock yesterday, the Toronto Driving club decided to put the finish back a day and the three races postponed from Thursday will be decided this afternoon at Hillcrest, starting at 2 o'clock. There will be no admission.

In the free-for-all Nettle Ethan and Clara Paul each has two heats and St. Anthony one. In the 2 1/2 mile Grand Open, while in the 2 1/2 mile Grand Open, each has two heats and will show how easy it is to win the third this afternoon.

**Tigers Coming Strong To-night.**  
The Tiger basketball team of Hamilton is coming strong tonight to play the West End Seniors on the local floor. Last night the local five had a great signal practice in the auxiliary gymnasium and they are certainly waiting the coming of the Tigers. As this will be the first visit of the Tigers to Hamilton this season there should be a large turnout of lovers of the game. The opening game will be played between the intermediates and the first team of the business men. E. Archibald will give an exhibition pole vault and there will be also other features between the halves. There is no extra charge for reserve seats.

**The Vermont Athletic Club.**  
The annual meeting of the above club was held last night, a large percentage of the members being present. The chief business of the evening was the election of officers for 1913, as follows: President, Mr. Richardson; vice-president, Mr. Wilkins; secretary, J. W. Bain; treasurer, E. Gould; executive committee, Asst. Sec. C. Isaac, F. Dalton, S. McDonald, W. Gould.

**The Yorkshire Nightingale.**  
At Elm Street Church Sunday morning singing, "The Yorkshire Nightingale," will give one of his song sermons.

**NEW YORK, Jan. 3.—Frank Chance,** the former "peerless leader" of the Chicago Cubs, was officially out loose from the National League yesterday and is now on the reserve list of the New York Yankees. The legal right of Frank Farrell to sign Chance as manager of his team next year was established when formal release papers were received from August Hermann, president of the Cincinnati Reds, yesterday afternoon.

Mr. Farrell was informed last Friday by August Hermann, president of the American League, that Hermann, having obtained waivers on Chance from all the National League clubs, was ready to make the transfer.

Farrell accordingly mailed a cheque to Hermann for \$500, which was duly acknowledged, and the meeting between Chance and Farrell in Chicago on Tuesday was arranged. The receipt of Chance's release officially confirmed the deal, and for the first time gave the New York Club clear title to his services if he signs a contract, and in any case, made him an asset of the team.

To all intents and purposes the engagement of Chance on the hittop next season is now a certainty.

**Parkdale Culers' Annual.**

### FIGHT GOSSIP

According to a despatch from Calgary, Alta., Richard K. Legin, the Parisian fight promoter, has made terms with Tommy Burns for the former champion to meet McCarty at Paris on the day before the Grand Prix in June. A wire was sent to McCarty asking his terms.

Calgary Alberta: Even should the battle between Tommy Burns and Bomharder Wells never take place, Calgary is getting a great deal of advertising out of the proposal. Twenty thousand American and Canadian newspapers last Saturday published the story of the offer by the Calgary syndicate. The Calgary stamper, which was supposed to be the biggest advertising feature that Calgary ever held, was scarcely mentioned in the American press. Draw your own conclusions.

A story is going the rounds that ice cream caused the defeat of Al Palmer by Luther McCarty. The Iowa, it seems, is passionately fond of the confectionery, and consumed inordinate quantities of it during his training regime. Al is a ferocious-looking person and the last person in the world who would be suspected of having an appetite for ice cream; but he prefers it to meat any time. He is said to have eaten so much of the vanilla-congealed cream that he was slow in the ring and could not get out of the way of

McCarty's blows. Jeffries had an ailment, but his was more serious than the ice cream.

**Eleven Thousand Trains To Move Crops.**  
In round figures, the grain crop of the western provinces last year was worth \$260,000,000. In the annual number of The Monetary Times Mr. John Cogswell gives a graphic idea of what that means to the country. That sum is nearly \$200 for every man, woman and child in the district. The wheat would make four to feed, for one year, the entire population of England, Ireland and Scotland and take care of the Dominion besides. From the proceeds of the oats crop one could have every person in the Dominion a ten-dollar bill. The barley and flax crop would add 49,000 large sized box cars. To move this entire grain crop requires 473,000 cars, equal to a train reaching from Montreal to Vancouver, and enough cars left over to make another smaller train reaching from Winnipeg to Calgary. These cars would be equivalent to 11,825 regular sized trains, and if they passed three your town, one behind the other, at thirty miles an hour, one would have to stand on the station platform six days and six nights to see them thru.

## YOUTH'S LIFE SAVED BY A FAINTING FIT

Wilfred Salter of Kingston Discharged Revolver and Fell Swooning to the Floor.

KINGSTON, Jan. 3.—When Wilfred Salter, 17 years of age, pulled a revolver out of his pocket at his home this afternoon and was about to blow his brains out, he suffered a fainting spell and fell to the floor. The bullet, instead of crashing thru his head, went up into the ceiling.

Members of the family heard the shot, rushed into the young man's room and found him on the floor in a dead faint. A doctor was called and the young man revived.

Salter is a son of Alfred Salter and for some time has been suffering from depression.

### LEAVE G. T. R. PROBE TO COURTS

WASHINGTON, Jan. 3.—(Can. Press).—While members of the committee on rules were quietly sound-sleeping today on the advisability of proceeding with the enquiry into the alleged understanding between the New York, New Haven and Hartford and the Grand Trunk Railroads, and the effect on the New England traffic, the indications were stronger that the committee at its meeting next week would decide to give way to the cases involving the same matter now in the federal courts.

### LIVESTONE GETS DAMAGES.

Wins \$500 For Injuries Sustained Last March.

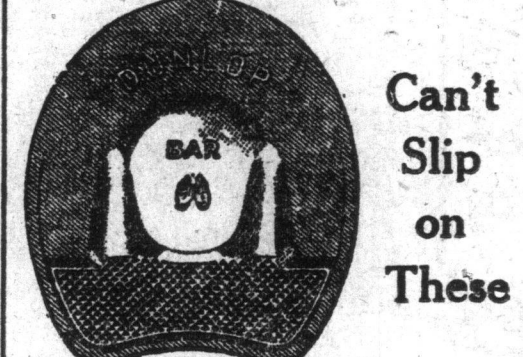

After a stormy ten-hour session a jury awarded John Livestone \$500 damages against the Williamsia Coal Co., in Judge Denton's court yesterday afternoon.

Livestone was a foreman in the Prince George Hotel. On the 27th of March last he entered the boiler room coal was being shoveled into the furnace room by an employee of the defendant company. He called for shovelling to cease, while he fired the furnace. This was done. Just as he finished, a boulder of 100 pounds weight rolled down the pile and broke one of his legs in two places. The plaintiff showed that his health had so undermined his health that he was now unable to do a day's work. The jury in consideration of this fact and the fact that he had been in the hospital and under the doctors' care for over three months, returned the above verdict.

### AVIATORS FELL INTO SEA.

FECAMP, France, Jan. 3.—(Can. Press).—Jacques Le Vasseur, while making an overseas flight today in a hydro-aeroplane, accompanied by a mechanic named Mallot, met with disaster. The machine collapsed and both men fell into the sea. Mallot was drowned, but Le Vasseur was rescued. The cause of the collapse of the machine is not known.

A branch of the Canadian Bank of Commerce has been opened at Pandora Avenue and Cook street, Victoria, B.C., under the temporary management of Mr. R. S. Ross.
