M'BRIDE DIDN'T "TALK POLITICS" HE MERELY CRITICIZED SENATE FOR KILLING BORDEN NAVY BILL

In Presence of the Duke of Connaught, Hon. R. L. Borden and Sir Wilfrid Laurier, at Canadian Club Luncheon in Ottawa, British Columbia's Premier Urged Immediate Naval Contribution.

Hon. Richard McBride

Who broke the rules of the Ottawa Canadian Club yesterday by talking politics at the weekly luncheon.

OTTAWA, Oct. 27.—(Can. Press).—Sir Richard McBride, premier of British Columbia, who was the guest of the Canadian Club at luncheon today, created rather a furor when he launched into the naval question in his speech.

It is a cardinal rule of the club that nothing of a political or controversial nature shall be introduced in the speeches at the luncheons, but Sir Richard came out in no uncertain tone, or, to use his own words, with all the emphasis he might command, to deplore the failure to pass the \$35,000,000 as Canada's contribution to the British navy.

It was quite a brilliant function, graced by the presence of His Royal Highness, the Duke of Connaught, who was given the most enthusiastic of ovations. Among the other invited guests were Right Hon. R. L. Borden, Sir Wilfrid Laurier, the various provincial premiers who are attending the conference, many cabinet ministers and prominent citizens.

Aside from the utterances of the British Columbia premier, the kind words of welcome to his Royal Highness and expressions of good will to Her Royal Highness, and the gracious reply.

Not Controversial But—"I am not going to say anything controversial," said Sir Richard, in beginning his address, "but in a few modest words, not to give a message—that were a dangerous thing to attempt—but to tell of western feeling on a certain question which was closely associated with that section of the empire. First, I wish to speak of the navy and what Canada should do towards her share of empire responsibility. If my voice from British Columbia be of value to this assembly, I would like to say with all the emphasis I may command how deeply we regret and deplore the inability of Canada to do her share towards Canadian, towards imperial defence, in failing to vote the \$35,000,000, as was proposed a few months ago for the assistance of a program of the British admiralty.

Above Politics. "I can't believe it is impossible to discuss this matter on other than a controversial basis, one that will bring up political discord. The theme of national defence should occupy a plane higher than the political

Some officials suggested today that the position of Great Britain with respect to recognition of the Huerta Government in case the election for president is declared void, would be declared binding as it now exists. Should Huerta continue to be the head of the provisional government, it was argued the recognition of Huerta would necessarily continue. Others maintained, however, that the recognition extended by Great Britain was intended to hold until the time of the election last Sunday only, no matter what might be the result. On this basis it was contended that Great Britain was now free to listen to any proposal that might be made by the United States for the formulation of a general Mexican policy which would also include the participation of other powers.

HOME RULE WITHIN HOME RULE ASQUITH'S POLICY AS TO ULSTER

LONDON, Oct. 27.—(Can. Press).—Sir Edward Grey, secretary of state for foreign affairs, in a speech at Berwick tonight explained that what the government was willing to concede to satisfy Ulster was a sort of home rule within home rule, giving Ulster control of her own education, police and matters of that kind.

It would thus seem clear that in his recent announcement of policy with regard to home rule in Ulster, Premier Asquith had no intention of offering even the temporary exclusion of Ulster from the operation of the home rule bill.

NOT ROME RULE STATES PRIEST LEADER LARKIN GOES TO PRISON

An Irish Government Half Composed of Protestants Would Not Surprise Father Minehan.

DUBLIN, Oct. 27.—(Can. Press).—James Larkin, the leader of the striking Irish transport workers, was today found guilty on charges of sedition and inciting to riot and sentenced to seven months imprisonment.

The attorney-general, in opening the case for the prosecution, said Larkin had not been prosecuted because he was a labor leader, but because he was "a wicked and dangerous criminal."

The Irish transport workers have been on strike since early in September and such distress is prevalent among their families that the English trade unions have sent them large quantities of provisions to keep them from starving.

The death of the late Eugene O'Keefe was referred to in a resolution of regret. Officers elected for the coming year are as follows: President, P. F. Cronin; patron, Thos. Long; first vice-president, E. J. Heary; second vice-president, D'Arcy Hildes; third vice-president, M. J. Healy; secretary, A. T. Heary.

More than 250 new members were enrolled last night, bringing the total number up to nearly 700. The meeting was opened by the audience singing The Maple Leaf, and closed with God Save the King.

BRANTFORD BANK VICTIMIZED. BRANTFORD, Oct. 27.—(Can. Press).—A forger is again at work in Brantford, and this time the local branch of the Bank of Montreal was the victim. A man who signed a cheque as "Paul Farago" has disappeared, and the police are scouring the country in an endeavor to find him.

MUNICH, Oct. 27.—(Can. Press).—The senate today voted to support a measure providing for the dethronement of the mad King Otto of Bavaria and the enthronement of the regent, Prince Ludwig. The ministerial council afterwards met and decided to present such a measure to the diet. A majority of both houses is assured.

LAW THREATENS GRAFT PROBER HENNESSY

Man Who Has Been Startling New York by Charges Against Tammany, May Be Sent to Trial—Letter to Judge McCall Bristles With Charges.

NEW YORK, Oct. 27.—(Can. Press).—District Attorney Whitman this afternoon issued a subpoena summoning John A. Hennessy, former Governor Sulzer's graft investigator, to appear before him tomorrow morning relative to statements Hennessy is alleged to have made concerning Edward E. McCall, Democratic candidate for mayor.

At the same time the district attorney announced his intention to begin next Thursday, before a magistrate, an investigation of Hennessy's charges for the purpose of placing them before the grand jury, if they should warrant it.

In reply to the statement issued last night by Judge McCall, making a general denial of the statements, Mr. Hennessy has sent the following letter: "Hon. Edw. E. McCall: "Sir, I have read your smoky statement in this morning's papers, and your statement that if I put my pronouncements about you into writing

(Continued on Page 3, Col. 5.)

What the City Council Did Yesterday.

Ordered preparation of bylaw for a civic transportation commission. Agreed to a conference tomorrow on the Yonge street widening. Ordered a plebiscite on Jan. 1 on municipal franchise for married women taxpayers. Appointed a social survey commission. Will have a plebiscite upon going into the dead meat trade, with a capital of \$200,000. Earl street extension is to go on, 90 per cent. being paid by the property affected. A curb market on Indian road, south of Dundas street to be established. Refused to have a plebiscite on a parks commission. Failed to appoint a city architect.

HUERTA'S POWER MADE VOTING PERILOUS

Definite Result of Polling Will Not Be Known for Several Weeks, But Voters Were Evidently Timorous—Diaz Makes No Attempt to Ascertain Position.

MEXICO CITY, Oct. 27.—(Can. Press).—There is no indication tonight as to what has been the result of the elections. The hope is held out that the "Ayuntamiento," a body resembling in some small degree a board of aldermen, will have prepared its report for the federal district by the end of the week. From the experience of the last presidential election when the means of communication were such better and the country was more nearly in a state of peace, it is regarded as too much to expect that the results through the country will be learned before the expiration of several weeks.

At the headquarters of the Felix Diaz party, no headway has been made to ascertain the strength of that party's vote. The Catholics have promised an early statement estimating the vote for Federico Gamboa in the federal district.

Fearful to Vote. Reluctance to go to the polls was genuine. Besides a lack of experience in such affairs there was said to be generally felt a fear that some evil consequences would follow should the voter choose a losing candidate.

Less than seven per cent. of the registered voters cast a ballot at Emendable Todos Santos Lower California, of which a large part was composed of soldiers. The vote was practically unanimous for Huerta and Blanguez.

VEILED THREATS. SAN LUIS POTOSI, Mexico, Oct. 27.—Posters announcing the candidacy of Huerta and Blanguez, and calling upon the people to vote for "Men of steel," and to beware of being misled in these critical times, kept most of the voters away from the polls in yesterday's election here. Of the few votes cast, Federico Gamboa, candidate of the Catholic party, received the majority.

News from the surrounding country indicates that the number of marauding parties has not diminished. Ranchers are flocking to the city in terror, having abandoned their properties. The boldness of the rebels is increasing, apparently encouraged by the success at Torreón. There is little fear of an attack upon this city for the present, there being no leaders of importance in the neighborhood. The number of troops here is small, but could be quickly increased in case of emergency.

ANOTHER TRAIN DYNAMITED. MEXICO CITY, Oct. 27.—(Can. Press).—A troop train was dynamited today by rebels near San Salvador, in the state of Zacatecas, on the National Railway, 115 being killed, according to a despatch from Saltillo. No details have been received here.

SEVEN GUARDS ARE CAPTURED. STRIKING MINERS BATTLE WITH POLICE AND TAKE PRISONERS, IN ADDITION TO WOUNDING MANY.

TRINIDAD, Colo., Oct. 27.—(Can. Press).—Strikers captured seven guards today at Chicono Junction, eight miles north of Trinidad. It was also reported that they captured a Colorado & Southern engine. For half an hour today more than 125 strikers battled at a mile range with several steel carloads of mine guards who were traveling over the Colorado & Southern Railway tracks ostensibly on their way to the Hastings Mine. The strikers at the Ludlow camp had been led to believe that the guards were entraining to attack the tent colony and consequently set about to defend their temporary homes.

CARDEN DID NOT DISCUSS POLICY

London Times Says British Minister to Mexico Made No Statement of Any Kind.

SPECIAL CABLE TO THE WORLD. Copyrighted by The Toronto World and N. Y. World. LONDON, Oct. 28.—The Times this morning says: "In reply to enquiries regarding the reported utterances of British Minister Carden, we learn that American journalists were received by him as a matter of courtesy; but in conversation he did not directly or indirectly discuss the American policy in Mexico, nor refer in any way to American interests in that country."

A diplomatic correspondent of The Daily Telegraph, discussing the abortive Mexican elections, says: "The powers now have to adapt themselves to what practically is a new situation. Hitherto, owing to the difference of attitudes respectively adopted by all the European powers on one side and the United States on the other, a controversy has developed, which, especially between the United States and this country, might become acrimonious. It is to be hoped that new efforts will be made to conciliate the conflicting interests. Recently American representatives abroad approached the respective governments to which they were accredited with the view of obtaining assurance that the recognition granted to the provisional presidency of General Huerta would not be extended to his dictatorship and continuing for an indefinite period. That may be interpreted as a step towards the formation of a common policy, which would spare the United States and the rest of the world the dangers and inconvenience of forcible intervention. It has been asserted that France alone among European powers supported the Mexican policy of the Washington government. I do not believe that statement correct. In so far as I can gather, the view taken in Paris tallies rather closely with the view taken in London."

Toronto Should Control Her Transportation

Said one of the heads of the largest businesses in the city: "Toronto is growing in a marvelous way and so in our business, we have new demands every day for accommodation; we have to put up new buildings, new floors and as a matter of business are glad to do it. And one of the features of our business is transportation, that is the delivery of the goods we sell to the people of Toronto. Every day we have to increase our number of horses and motors, wagons and drivers, and nothing pleases the firm so much as to do this. We increase our buildings, we increase the number of our employees, and our transportation as it is called for, and we are glad to see no sign of a check."

"Toronto is very much in the same condition. She is growing in every direction. She needs more area and as a consequence she needs more transportation. But those who manage the business of the city ought to see as we see, that the population is growing and that it ought to be a pleasure to such a city, to keep pace with her growth, and especially in the way of transportation to growth. If Toronto wants to stop growing as a business centre all it has to do is refuse to expand and refuse to provide for transportation. Then the limit has come. Toronto to be maker of her future must be maker of her transportation. A city can't thrive on two fares."

Quality Hats at Dineen's. Long famed for hats—Dineen's, 140 Yonge street, are offering better hat values than at any time in the history of the season. Their standard line, priced \$2, \$2.50 and \$3 is at present full and unqualified for style in Toronto. Stiff and soft hats are priced alike. A new shipment of Dunlap hats has just been opened, and certainly will be the choice of the particular dresser. Dineen's are sole agents for this unexcelled line.

PLEA OF MARITIME PROVINCES MET WITH LITTLE RESPONSE

Resolution Urging That Old-Time Representation Be Restored and Made Irreducible, Understood to Have Failed to Get Support at Provincial Premiers Meeting.

OTTAWA, Oct. 27.—(Can. Press).—Representation from the maritime provinces in the federal house was discussed by the provincial premiers in conference here today behind closed doors. No conclusion was reached in regard to the arguments put forth by the delegations from Nova Scotia, New Brunswick and Prince Edward Island.

Premier Fleming of New Brunswick moved, seconded by Premier Matheson of Prince Edward Island, asking adoption of the following resolution: "That in the opinion of this conference the representation granted to the maritime provinces at the time of the confederation be restored and made irreducible."

Arguments were advanced setting forth the facts in the case; that the maritime provinces had forty members at confederation, while now they only have thirty-five. It was claimed that a hardship was being worked in the provinces affected which was not intended, whatever the constitutional clause governing the case might state.

It is understood that the arguments failed to get the support expected, although sympathy was expressed by other representatives. Tomorrow the question of provincial subsidies will be discussed. The delegates present were: Prince Edward Island, Premier Matheson and Hon. Mackenzie, Arsenault and Stewart; Nova Scotia, Premier Murray and Attorney-General Daniels; New Brunswick, Premier Fleming, Attorney-General Grimmer; Ontario, Sir Jas. Whitney, Hon. Messrs. Lucas and Fox; Quebec, Sir Lomer Gouin, Hon. Messrs. Taschereau, MacKenzie and Caron; Manitoba, Sir Rodmond Roblin and Hon. Mr. Howden; Saskatchewan, Premier Scott and Hon. Mr. Calder; Alberta, Premier Sifton; British Columbia, Sir Richard McBride; Premier Murray of Nova Scotia was chosen chairman.

A special executive committee sat this evening to figure out the provincial proportions regarding the increased subsidy which will be under consideration tomorrow. Right Hon. R. L. Borden will entertain the provincial delegates to dinner tomorrow evening and their Royal Highnesses the Duke and Duchess will dine the provincial leaders at Rideau Hall on Wednesday evening.

CANADA HAS NO "WOOLLY" WEST OFFICES OF C. P. R. TO BE REOPENED

Postmaster Samuel Found Fine Buildings and Streets Where He Expected to See Frontier Life. Feeling That Austrian Government Has Been Unjust, is Growing Among Public.

LONDON, Tuesday, Oct. 28.—(C. A. P.).—Postmaster Samuel arrived home last night after an absence of nine weeks. Giving a graphic account of his visit to "the Dominion Samuel said the thing that impressed him most was the degree of development already attained by the new cities of the west. "I had expected to find some at least remote western towns bearing all the marks of hastily created civic communities with badly paved roads, unlighted streets and ramshackle public buildings. On the contrary, although their growth has been a matter of only a few years, they had all provided themselves with many miles of admirably laid out roads, adequate sewerage, water and lighting systems, well equipped schools, and really splendid public buildings. The best feature of all is that those communities take great pains in planning their towns, which in their picturesque and utility leave our English cities far behind.

"The impression I received of the working classes throughout my tour is that on the whole they are prosperous. The sole unemployment existed in the west on account of the recent financial stringency. These conditions were, however, passing away in consequence of a very bountiful harvest, which has done much to restore the financial equilibrium."

LONDON, Oct. 28.—(Tuesday).—(C. A. P.).—Diplomatic intervention on behalf of the Canadian Pacific Co. has proved effective, according to yesterday's reports, and it is believed the Austrian Government will shortly allow the reopening of the C. P. R. offices, which have been temporarily closed. Their immigration branch will, however, be suspended until the judicial enquiry is over.

Altman is still under arrest, but it appears the evidence against him has been found to be ludicrously weak, and public opinion in press and parliament is turning steadily in favor of the company. The Neue Presse Presse says that the public is now asking why such severity has been directed against this undertaking only, and not against others. As the government's object in giving a concession to the C. P. R. was alleged to be only to break the monopoly of the pool and direct the stream of emigration to pass thru Trieste, why does the government now suddenly turn around and work in favor of the pool?
