**ATTENTION! PRINTERS!**

Are you not often asked, when figuring on Letter-Heads, Statements, etc., if Lithographed headings can be duplicated by process?

Answer yes, hereafter, and rely on us to give you an Engraving in exact Lithographic style which will do the work. We have a corps of Artists on this particular line, and will be glad to submit sketches for all kinds of stationery if favored with order . . . .

Do not forget we lead the Dominion in Process Work, especially in Half-Tone and plates for Color Printing. Also Wood Engraving.
