A Few Press Opinions.

Literary World.

"'By Berwen Banks' is a novel of charm, as might be expected from the author who gave us such pleasant fictions as 'A Welsh Singer' and 'Torn Sails.' A novel of uncommon merit."

Graphic.

"A delightful novel, and a worthy successor to 'A Welsh Singer' and 'Torn Sails'—nothing better than this can be said by way of praise. Wales is to be congratulated on having acquired such a novelist all to herself as the writer of these three stories has already proved."

Punch.

"The scene of the new novel is also laid in Wales, of whose country and whose people the author has intimate and loving knowledge. The ground is new in the field of fiction, and proves supremely attractive. The plot is novel, ingeniously devised, and cleverly worked out. My Baronite, calon fach, warmly recommends the acquaintance of Valmai Powell, her surroundings, her friends, and her touching story."

Lady's Pictorial.

"A pretty love story from the pen of Allen Raine is always appreciated by novel readers, and, if I am not mistaken, 'By Berwen Banks' will be even more popular than its predecessors."

Daily News.

"Contains some charming descriptions of Welsh country life, the scenes dealing with the courtship of the handsome Cardio and the red-cloaked Valmai being especially fresh and sweet."

Bradford Observer.

"Allen Raine has given us more than one excellent Welsh Story, and this new study of Welsh life and manners will be welcomed by many. This clever and entertaining book."
