30TH YEAR.

MADE SPIRALS WHILE THOUSANDS OF FEET UP

LOS ANGELES, Cal., Dec. 26 .-Seventy people saw Arch Hoxsey of the Wright team of aviators break the world's record for altitude here to-day. He soared more than two miles up intothe sky, his barograph registering 11,-474 feet, or almost a thousand feet more than the 10,499 feet, recently at-

more than the 10,499 feet, recently at-tained by La Gagneux at Pau, France. Hoxsey accomplished his feat in a 40-mile gale, which wrecked Hubert nor being dragged, defeated but still defiant to the Agnes-street station, kept more cautious aviators on the

Hoxsey sailed into the sky at 1 o'clock. At 2.45 his barograph showed the greatest height. He was then fly-ing over Venice, a seashore resort, more than 20 miles from the aviation

And, Was it Windy ?

Coming down, he made a series of thrilling spirals while thousands of, feet in the air. Before he came lightly to earth, the crowd was on its feet cheering. He was lifted from his biplane by fellow aviators, who paraded up and down before the grand stand, bearing him upon their shoulders. "Was it windy up there?" he was asked.

"It blew so hard," replied Hoxsey, "that my machine hard!; moved, and barely held its own. It was so cold that more than once I thought my car-buretter was about to freeze. "I made the record because I deter-,

"I made the record because I deter-mined to keep on going up until pass-ed La Gagneux's record, or until the carburetter froze." Latham's Monoplane Wrecked. The gale which Hoxsey and his breth-ren of the Wright camp. Parmalee and Brookins, braved successfully, wrecked Latham's beautiful Antoinette ma-chine completely. The Frenchman was among the aviators who answered the

starting gun at 1 o'clock. For two hours and fifteen minutes he fought the wind, which blew directly off the ocean, six miles from the aviation field. Then an adverse current sent his ae-roplane downward into a fence under the brow of a hill, and threw the avia-tor into a guily. The Frenchman was unhurt, but his and sliken fabric. The motor was the only part left intact, and Latham said that, having enough parts for three extra machines, he would build a new monoplane, and be in the air again before the end of the meet. Not the Only High Flyer. Notwithstanding the high wind Par-malee, driver of the "Baby" Wright, attained an altitude of 6625 feet, and went thru spectacular performances, apparently with ease. Tegraph certificates of the bare-sraph reading of Hoxsey's record flight were sent to Clifford B. Harmon and J. K. Duffy, the president and secre-tary of the National Federation of Aero Clubs of America.

No Lives Lost, The Danger to Road-bed and Gear is Great.

TRURO, N. S., Dec. 26.-(Sp

TRURO, N. S., Dec. 26.-(Special.)-As the Sydney express, crowded with Ohristmas visitors, was running thru the yard to-day, the engine and three cars jumped the track at a point below Young-street crossing. No lives were lost. The engine and tender are cant-ed over almost across the track and two cars following plowed up ground for about 50 yards, and both are lying almost on their sides. An open switch is said to be the cause of the accident. Five Dead in Bed. PHILADELPHIA, Pa., Dec. 26.—Five women were found dead in bed Christ-mas Day in this city by other occu-gants of the houses where they lived. In each instance death was due to heart disease.

GAS POISONING FATAL.

Killed by Eating Mistletoe. BLYTHEVILLE, Ark. Dec. 26.-Three small children of Mr. and Mrs. Ham Griffin died to-day from eating berries from the mistletoe. The chil-dren were sent to the woods for decora-tions to make the Griffin home cheer-ful during the holiday season, and on the way back they swallowed quanti-ties of the little transparent berries. They became violently ill after they reached their mother, and all died with-in 24 hours. Albert Meyers, the 19-year-old lad who came to the city from Ladyhank, Ont. to spend Christmas with his sweetheart and accidentally turned on the gas in his room at 527 Yonge-street, where he was discovered unconscious Sunday noon, died in the General Hos-pital susterday afternoon. An inquest will be held. His brother was in the city yesterday to arrange for the fu-neral.

Of interest to the Business Man.
The average business man wears heavier clothing at this season of the beavier clothing on the cold business and remains inside for a short time in the their mother, and all died with the has too much clothing on. An easy way to overcome this difficulty is to purchase a fur-lined coat. It will protect you from the cold and you can wear lighter clothes and so feel come.
