

## ROYAL AIR FORCE SOON A MEMORY

Record for Demobilization  
Approaches Rapid Record  
for Enlistment.

One of the wonders of the war in Canada was the celerity with which the Royal Air Force was put into working order and the buildings and machines equipped for training flyers. Britain showed Canada some speed at that time, and the commanding officer, Brigadier-General Hoare, has come in for many favorable comments on account of the fine work. Now she is proving to be no less proficient in time of peace, for the demobilization of the Royal Air Force in Canada is being facilitated without delay.

Almost every cadet is out, those remaining in at the present time being ones who are ill. To date, something over 500 mechanics have been discharged and the rest are being given their freedom as rapidly as possible. The School of Military Aeronautics closes today, and so the University is once again free of the Air Force. The armament school at Hamilton will be vacated on Wednesday, and Beamsville and Long Branch on Thursday. Leaside, Armour Heights and Camp Mohawk will not be closed for some time yet. Leaside Camp being used as a sort of clearing centre.

The men, when they receive their discharge papers, are given transportation to the point of enlistment. In the case of the Englishmen who were brought over from the old country, they will be sent back to England in a draft and given their discharge after arrival there. In the event of any men which is proving so in this country, several, Captain Seymour stated that he thought it would be quite possible for them to be sent back to England here, but that in such a case a transportation would be likely to be given. Most of the officers are on indefinite leave pending discharge, and are not so easily obtained as that of the men, as they hold the King's commission. It will only be a great time, however, until the Royal Air Force will be one of the memories that are cherished in Canada with varied degrees of feeling.

## PLENTY OF WORK, AND MEN WANTED

Despite the release of numerous war workers and soldiers as a result of the signing of the armistice, there is very little surplus labor in the province at the present time, according to reports received by the trades and labor branch of the government. Dr. W. A. Riddell, superintendent of the branch, stated yesterday that preparations are being completed both by the Dominion and provincial authorities to handle the labor problem, and that as soon as necessary, numerous offices would be opened in various places throughout the province. Such an office was opened this week in St. Catharines. Applications have been received from several mining corporations for men. One firm has applied for 1000 men, and another for 600. It is realized that the mines will require a great many men to meet the needs when they are operated to capacity.

## Northern Ontario Deputation Ask for Better Car Service

A deputation from northern Ontario, including Mayor McQuibban of Ingersoll, Mr. C. H. Morgan and Mr. Madisson, Cobalt; Wesley Gordon, K.C., Haliburton; Capt. T. McGladdery, M.L.A., Timiskaming; and G. T. Smith of Haliburton, waited upon the Hon. G. H. Ferguson, minister of lands, forests and mines, yesterday, to ask for an improvement in the service and equipment on the Timiskaming and Northern Ontario Railway. A dining car service was also requested. The minister pointed out that the best service that could be afforded had been given, but he agreed to give the suggestions consideration.

## Large Sums to Be Expended For New Public Buildings

The Ontario Government contemplates erecting numerous large buildings throughout the province during the coming year. It is estimated that approximately \$1,000,000 will be spent on new public buildings and the renovation of old ones. Among the buildings proposed are the following: A court house at St. Catharines, estimated cost \$200,000; county court house, Port Arthur, \$150,000; and an administration building at Queen Victoria Park, Niagara Falls, \$100,000.

## U. S. MISSION CONFERENCE.

Representatives of Canadian Methodist in the persons of Rev. Dr. James Endicott, Rev. H. Arnup and J. H. Gundy will be present in New York on Monday next, where a conference will be held to include representatives of all mission boards and missionary departments of the Y. M. C. A. and W. C. T. U. to consider a plan for presenting a united program of missionary work to all churches of North America. This will form part of the program for reconstruction, and it is hoped that the matter will be put before the country in a great cooperative campaign.

## Notice to Subscribers

In order to avoid any possible misunderstanding on the part of subscribers to the Toronto and York County Patriotic Association and the 50,000 Club, arising from the announcement of the armistice, as to the necessity of continuing their subscriptions, the association wishes to state that the pledges of soldiers' dependents are for the duration of the war, which means until the soldier is actually discharged. Demobilization will occupy the best part of 1919, and as large numbers of dependents are now being released from the land, who will have to be placed on the list of the association, it is a great measure of comfort that the work and expenditures of the association will not be diminished to any extent for some time to come, and all subscriptions to the association and the 50,000 Club will be required, if we are to successfully carry out the promises made to our soldiers who have sacrificed so much for their country.

## MUST A SOLDIER BE A CITIZEN?

Application Submitted to Release  
Vigo From Burwash Jail.

The question of the citizenship of Angelo Vigo was the point at issue yesterday in the application submitted at Osgoode Hall by Frank Arnold, K.C., for an order to release Vigo, who was committed to his months in Burwash on the charge of using the mails to defraud. An order had been issued for his deportation when his term of imprisonment had expired.

The prisoner was recently discharged from Burwash by some means, and it was learned that he had enlisted. On application of the immigration authorities he was discharged and handed over to them and lodged in Toronto Jail. Mr. Arnold argues that when his client enlisted he took an oath of allegiance which was tantamount to becoming a British subject and Canadian citizen, and as such he ought to be allowed to remain in Canada.

The immigration authorities held that he should not have been allowed to enter Canada in the first place, as he was an undesirable. Mr. Justice Master, who is hearing the case, argued that it was one week in order to allow of enquiries being made as to the reason for which he was released from Burwash.

The rumor still persists about town that a dark horse will enter the mayoralty race at the eleventh hour.

## THE CIVIC CAMPAIGN

Mayor Church has not definitely announced yet whether he will be a candidate or not. He does say, however, that he will not run a year from next January.

The date for nominating candidates for the mayoralty and of control and board of education is Dec. 23 at noon in the city hall. The aldermanic nominations will be held on the same day and at the same hour in the various wards at places to be announced later.

At Thursday night's meeting of ratepayers in Rose Avenue School out of an audience of about 70 fully 60 were women, who took a lively part in the proceedings.

A. S. Stubbings, in addition to those already named, is another candidate for alderman in ward one. He ran and was defeated last year.

Ex-Controller Cameron's name was inadvertently omitted from the list published yesterday of candidates for the board of control.

The cleaning up of the Metropolitan Railway question and the pavement of upper Yonge will be live topics during the campaign in the wards interested.

William Williamson, lumber merchant, 605 Woodbine avenue, and W. M. Miskelly, Placerecent, are probable candidates for aldermanic honors in ward eight at next elections in addition to those already mentioned.

The boundary lines of the new ward eight are: Western, the centre line of Greenwood avenue, centre line of East Queen street, and centre line of Knox avenue, and eastern, the city limits.

Women as members of the city council are a possibility in the near future. There is a movement on foot now to seek legislation permitting them to become candidates.

The name of James H. Ballouyne is another to be added to the list of those who propose to contest the vacant seat in ward six.

## PUBLIC LIBRARY BOARD SEEK OTHER PREMISES

The monthly meeting of the Public Library Board was held yesterday afternoon. A report was submitted which showed 4,500 books having been drawn each day in the month as compared with 4,000 in the corresponding month of last year. In order that the people living in East Toronto may not be deprived of a library, it was decided to take over the building which has been loaned to the board by the Y.M.C.A., but who had decided to close it. The board have also taken over Dr. Hastings' health clinic.

The address of the closing of the Church street branch was discussed, as there are five other branches of the library in the city with larger circulations than this one, and it was thought if the old city registry office on Richmond street could be secured, considerable saving in fuel and space could be effected. Negotiations with the city to this effect were authorized.

## CENTENARIAN DIES.

The death of Mrs. Esther Robb, who had attained her 100th year, took place at the Aged Women's Home, Belmont street. The deceased, who was of Irish birth, came to Canada sixty years ago. For the past six years she had been confined to bed, her death being merely due to old age. She is survived by three daughters and many grandchildren and great-grandchildren.

## COMPARING WAGES.

Mayor Meredie Martin of Montreal kept in constant touch with Mayor Church all day yesterday and requested him to send him the rates of pay to Toronto firemen and policemen and incinerator employees. Mayor Martin wants to compare them with the wages received by those departments in that city. Toronto rates are said to be generally higher than Montreal's.

## CITY TO PAY.

The official arbitrator has decided that the city must pay E. H. Hitchcock \$150 damages on account of injury done to his property at the southeast corner of Bathurst street and Hilton avenue, by the grading of Bathurst street. The city cut down the hill and erected a stone wall in front of the claimant's property. The claim was for \$5,500.

# The Freedom of the Seas

WHAN IT MEANS IN AMERICA,  
ENGLAND AND FRANCE

There is a very interesting article in this week's LITERARY DIGEST—December 14th—bearing upon the most vital topic likely to be discussed at the great peace conference—the Freedom of the Seas.

While Lieutenant-Colonel Repington, the famous British Military Expert, remarks that "I have not the slightest idea what freedom of the seas means, nor have I met anyone who can tell me," London and French newspapers have quite definite ideas as to its meaning.

Much of the comment in the London and Paris papers emphasizes the fact that President Wilson has not yet defined what he means by freedom of the seas, but most of the French journals agree with the Paris Matin when it says, "If this doctrine means any diminution of the power of the British navy, France will reject it."

## CROWN ATTORNEY WINS SUIT AGAINST COUNTY

Judgment was delivered at Osgoode Hall yesterday by Mr. Justice Latchford in favor of the plaintiff in the action whereby the County of Peterborough sought reimbursement from the County of Pelee for the expense incurred in providing fuel, light, stationery and furniture for the office in which he transacted the county's business. He further sought for a mandatory order directing defendants to provide him with future with proper offices and the other requisites for its maintenance.

The judgment found that plaintiff was entitled to reimbursement for the expense incurred and ordered the defendants to provide him with proper offices. If the other necessities as fuel, light, stationery and furniture, plaintiff will have an appropriate remedy in an action for damages.

## RAILWAY BOARD OPEN NEW OFFICE AT UNION

The Railway Board, which was appointed by the Canadian War Board some time ago, has now opened an office in the Union depot, with Mr. C. Hudson as secretary. Mr. Hudson is an experienced car service man and he will be able to give any help to the shippers that is possible. Mr. C. G. Bowker is chairman of the board, and all the other railways in Ontario are represented by their general superintendents.

The object of the board is to make such disposition of freight that the lines which are heavily loaded will be able to transfer some of the cars to other lines on which the traffic is lighter. In this way one road will not be required to carry twice as much freight as another, but the systems will be averaged up.

The present mild weather is giving the railways an excellent opportunity to keep up with their work, and it is not expected that the lines will be tied up so seriously this winter as last.

## THE BROADWAY BROTHERHOOD.

A new and neighborly men's association was formed last night at Broadway Methodist Tabernacle, with Mr. M. A. Sorselle as temporary president. The election of officers will take place early in January. The purpose of the organization is to knit the men of the church and community closer together. Meetings will be held semi-monthly. Over 50 were present last night, and enjoyed a rousing address, "With Our Boys in France," delivered by Mr. M. A. Burns, who has just been appointed temporary superintendent of the Methodist Church in Canada, during the absence overseas of Dr. Chown. He told of some very interesting experiences. E. L. Crawford, baritone, and Courtice Brown, tenor, entertained with songs, and after refreshments were served the meeting adjourned.

## FEDERATED MISSION FUND.

Toronto will be represented at the conference which will open on Monday at New York by church, by the M.C.A. and W.C.T.U. delegates. The Toronto delegation will comprise Rev. Dr. Endicott, Rev. J. H. Arnold, Rev. Dr. R. P. McKay and J. H. Gundy. A federated mission fund campaign is to be organized by the conference.

## TOWNSHIP CANNOT TAX A CEMETERY

Sir William Mulock, in the appellate court yesterday, upheld the appeal of the defendants and dismissed the action in the case of the Municipal Corporation of Eastview v. the Roman Catholic Episcopal Corporation of Ottawa.

The defendants, who own Notre Dame Cemetery adjoining the township and certain lots in the vicinity, recently applied for a permit from the corporation to close streets leading to the lots, with a consideration that they pay \$200 annually in lieu of taxes previously collected on the property. When the first payment was made, the defendants refused to pay, and plaintiffs took action to recover, the county judgment on the appeal found that the plaintiffs had acted ultra vires and that by contracting out of legislative provision they had not the power to make any consideration which would be construed as an assessment for a cemetery.

## FINES FOR SPEEDERS.

At the Toronto-Hamilton Highway court yesterday, some forty-six speeders were summoned. Of those who appeared a few adjournments were effected, but no one got off. There was very little dispute among the offenders.

W. R. Carmite, of the Queen Street Auto Repair Works, pleaded that the car belonging to Mr. R. C. Kelly, 109 Waverley road, never left the garage, but the constable could testify to the color of the wheels, and the garage man paid \$10 and costs.

Paying fines this morning were: Axler, 216 Royce ave., \$5; C. W. Candy, 756 Bathurst st., \$10; Wm. H. Brown, 212 Clinton st., \$10; K. Carroll, 29 Baccalauna st., \$5; A. ## "THE BETTER 'OLE" FOR MASSEY HALL

Thirty-Six Performances, But  
the People Ask  
for More.

Thirty-six performances in a theatre as large as the new Allen would seem sufficient to accommodate all the people in Toronto wishing to see it, but this is not so with "The Better 'Ole." Hundings have been turned away every day, and the demand for a continuance of this comedy is so insistent that Messrs. Jule and Massey Hall have arranged to move it to the Allen Theatre, where it will be two performances daily at 2.30 and 8.15. The prices will be 25c and 50c, same as at the Allen Theatre, with a few seats at 75c reserved. Tickets will be on sale at Massey Hall box office Monday morning at 10 o'clock.
