Openings in Good

Money-making Business

A LMOST every town and city in Canada has advantageous openings for men to get into the Tire

Every branch of the automobile business is always beoming. More cars are being sold every year. Tires, tire repairs, yulcanizing, etc., are always in demand.

A good paying tire-repair trade can be built up in a short time. It is a profitable, staple and congenial business to get into—and one that can be started with a small initial cash outlay.

NEW YORK CAPITALISTS

Northern Miner Gives Impressions of Leading Properties of District.

The Northern Miner says in its current issue: "After a visit to the Shining Tree camp the writer predicted in The Northern Miner of August 30 that crosscutting of the Wasanika vain at the 100 feet twal institution."

Joseph S. Qualey and Berne H. Hopkins of New York, the big men of the Matachewan are now at the mines on a visit of inspection. It is understood that the work during the past season has been very encouraging, and that a much larger and more efficient ining plant will be installed during the coming winter. The recent rains have raised the water in the Montreal river and have thus improved the communications. There has been a great deal of activity in the district during the past season.

NEW LYALL MOTOR YET EXPERIMENTAL

A New York wire to Hamilton B.

BEAVER MAKES SHIPMENT.

Beaver Consolidated, which was the last mine to ship ore prior to the de-claration of the Cobalt strike, is again on the shipping list. A full car-left Cobalt today for the States containing about fifty tons of ore and concentrates. With silver at its present levels this would have a gross value of between \$25,000 and \$40,000.

BUFFALO'S NEW VEIN

Cobalt, Ont., Oct. 6.—A new high-grade vein is reported to have been discovered near the surface on the Buffalo Mine property by workmen taking out some low grade ore from old workings. While it is early to predict its importance, the vein is said to be very high grade and of a good

M'INTYRE ANNUAL MEETING The annual meeting of the McIntyre Porcupine Mines Limited will be held at 2 p.m. on Friday. Oct. 24, in the Bank of Hamilton building.

Agriculture:

Plowing and other fall work is more advanced than usual, as timely rains caused the land to work up nicely, and the weather generally has been re-

KITCHENER OFFICIAL DIES

Kingston, Oct. 6.—Major Harold Williamson of Kingston and Port Arthur, who served overseas with the Canadlan Army Medical Corps four years, has been appointed medical adviser to the Canadian pension board in London, England.

Kitchener, Ont., Oct. 6.—Geo. J. Buchaupt, sanitary inspector of this city, died at his home here this morning after an illness of several months. He was in his 66th year. His death fell on the 45th anniversary of his marriage.

Kitchener, Ont., Oct. 6.—Geo. J. Buchaupt, sanitary inspector of this well. That sown late has been favored with suitable weather for a good start. Some farmers in Wellington are growing fall wheat for the first time in 20 years.

Essex reports that considerable rye is being grown for green manure.

AT MATACHEWAN MINE DEMAND IS BETTER FOR MINING STOCKS

Davidson Advances a Point-Crown Reserve and Timiskaming Higher.

Mining stocks were extremely quiet in the morning session yesterday, but in the afternoon there was a perceptible increase in the demand bringing the total of transactions to nearly 108.000 shares, the largest turnover in nearly a week. Prices, too, were inclined to stiffen, altho there were few changes which exceeded small fractions.

ing Tree, the croescuit had gone thrustifty feet of quartz and schist. While the foot wall was encountered in the crosscuis east. crosscutting west was being done to locate the hanging wall. It was expected by the management that it would be found in additionable and the state of the most points of the most part the gold. For the most part the gold to be seen must be located with the aid of magnifying glass, but some sphenic the most part the gold to be seen must be located with the aid of magnifying glass, but some sphenic the most part the gold to be seen must be located with the aid of magnifying glass, but some sphenic the most part the gold to be seen must be located with the aid of magnifying glass, but some sphenic the most part the gold to be seen must be located with the aid of magnifying glass, but some sphenic the most part the gold to be seen must be located with the aid of the magnifying glass, but some sphenic the company glass at the time of the writer's visit. What the sary this week, sufficient information was obtainable, however, to indicate that the Wasspika has become one the company. Fresident 'Wilson development in corthern Ontario.

There was no active the West Tree except that of a small number of me preparing the camps for the winter. One of the directors Mr. Mackakay, is now in charge of the property. When some alterations are completed to the camps and new equipment received, the sinking of the statement that the much-discussed motor, thrusty the seed and the vein drifted on to follow the statement of the company may enter the statement of the company of strongest spot. The opening quotion, 69, showed a gain of half a poi

ompetition for jobs is necessary.

During the past two months ore refeet. The only information available was that the diamond drill indicated a greater width than on surface and that values had shown a tendency to increase as well. The second drill hole should cut the vein within the next week or so.

Other Properties.

On the Wakenda property adjoining the Herrick, and where conditions geologically are very similar, camps are being built and surface work is being done on what may be found to be the Herrick vein or one paralleling it.

A New York wire to Hamilton B. Wills yesterday said: Kerr Lake Mines Company, Limited, for year ended August 31, 1919, reports surplus after expenses and taxes of \$622,153, an increase of \$27,012 compared with that of 1918, or \$1.03 a share on \$3,000,000 and ounce. It is now around \$1.20 and ounce. The mines, in the aggregate are producing about one million ounces of silver a month. The extra 15 cents and ounce is indicated to be at the rate of about \$150,000 a month higher than the value would have been two months ago, or at the rate of \$1,800,000 a year additional income.

PRICE OF SILVER.

London, Oct. 6.-Bar silver, 64d per ounce, unchanged.

New York, Oct. 6.—Bar silver, \$1.20%.

CROPS GENERALLY WELL ADVANCED

Report of Department of Agriculture Shows Good Conditions Everywhere.

The following is a summary of re-ports made by agricultural representa-tives to the Ontario department of

markably open for field activities gen-

is being grown for green manure.
Buckwheat is turning out much
better than was expected a month ago,
especially in Deeds.

Corn is well spoken of both for usking and the silo, very little being nmature. The lack of labor for handng the crop has been the only draw-Tobacco has been harvested under

favorable weather conditions.

Tomatoes have given the largest yield in Essex for the last five years. and the general quality has been excellent. Canning companies cannot get sufficient pickers, altho they are Roots are making great growth with ist soil and warm weather. Lincoln states that grapes shipped by the Grape Growers' Association to

the American market have brought \$50 a ton f.o.b. at point of shipment. Pastures Revived.

Pastures have revived greatly with the recent rains, but rather too late to have much effect upon the milk

Feed will be comparatively scarce this coming winter, and this, with the slump in prices, has resulted in a considerable number of cattle and hogs siderable number of cattle and hogs being put on the market in an unfinished condition. Leeds, however, describes those marketed locally as being chiefly canners, fat cows that failed to breed, grass calves, etc., and states that "there is no abnormal tendency to market cattle that would go on to a profit." Dairy cows are selling in Northumberland at from \$80 to \$150, but around Fort William fresh cows are bringing \$140 to \$160.

Oxford points out that hogs in that Oxford points out that hogs in that county have dropped in value from \$24.25 to \$15.50 a cwt. in less than eight

weeks. Little pigs have also fallen off greatly in value. Oxford says fifty per cent., while Lennox and Addington state that six and eight-week-old pigs are offering at \$4 each. Less grain is being marketed in

Less grain is being marketed in Lambton than usual and the representative is of the opinion that most of the barley and oats will be kept on the farm for feeding purposes.

Peel reports that three more tractors have gone into the township of Chinguacousy during the week.
