Grain Receipts at Buffalo.
During the month of April there were
more than 14,000,000 bushels of grain
received at the Port of Buffalo, a good
showing when compared with previous
years. The exact figures as compiled
by Marine Clerk Frederick Smith of the
Collector of the Port's office are:

Wheat, 3,405,055; corn, 3,540,878;
oats, 3,369,478; barley, 1,334,980; rye,
572,400; flaxseed, 755,540; four, 600,
570 barrels; feed, 48,245 bushels; oil
cake, 384,000 bushels; tallow, 670; lard,
500; lumber, 7217; shingles, 3880; iron,
12,330; copper, 487; spelter, 16,
024; lead, 13,300.

The shipments from this port during
April were: Coal, 344,007 tons; salt,
30,183 barrels; cement, 354,450 barrels;
sugar, 96,000 barrels.

Jettings.
The SS. Hecla of Pineke, Lloyd's
Steam Navigation Company, arrived at
Quebec on Wednesday night and is
leaving for the St. Lawrence on Wednes-
day morning. This is the first steamer of
the new line organized to run between
the St. Lawrence and French ports.

The steamer Bothnia is tied up at
Fair Haven, the amount of claim
against the boat is \$7500.

The big four-masted schooner Minne-
sota is at Booth & Co's unloading
probably the largest cargo of coal that
ever came into Kingston on a single
vessel. It is said there were 2000 tons
in the cargo. It came from Oswego.

Lachine Canal Opening.
Montreal, May 1.—In reference to the
letter to the Board of Trade from Hon.
Mr. Blair, Minister of Railways and
Canals, concerning the early opening
of the St. Lawrence canal, which has
already been published, the following
reply to the effect that as the early
opening of the canal was such an im-
portant matter to the shipping trade
and all interested parties, the man-
ufacturers using the water in the can-
als for power purposes would be sat-
isfied if the necessary arrangements were
made to the canal at an earlier date
than usual, the general length of time
for this work being about a month, the
Council could see no reason why the
water should not be let out between
March 1 and 15 and the repairs com-
pleted not later than April 15.

Inspector Appointed.
Royal Peck, chief engineer of the
propeller Manitou, has been provision-
ally appointed inspector of marine bol-
lers, to succeed Stewart H. Moore at
Chicago. The appointment will be
made by Mr. Bondford, after a
civil-service examination after 60 days.

Linens Damasks.
Table cloths, 212, 2, 4, 5 and 6
yards long—a few are slightly im-
perfect and are offered while they last at
one-third off regular prices. All very
superior Damasks in new and hand-
some designs.

Great Was the Fall Thereof.
Sydney, N.Y., May 1.—Between 9
and 7 p.m. yesterday the thermometer
dropped 33 degrees. At 6 a.m. to-day
there was a heavy fall of snow. The
thermometer registered 84 yesterday
and to-day, a drop of 54 degrees, the
greatest ever recorded at the weather
station here in 24 hours.

New York.—While the last two days
of April were the warmest of that
month in several years, to-day was de-
cisively chilly. From 85, the highest
point reached by the mercury yester-
day, the temperature to-day dropped to
44.

Golden Wedding.
Mr. and Mrs. P. T. Brown of 22
Argyle-st., residents of Toronto for
over forty years, celebrated their
golden wedding yesterday. Mr. Brown,
until his retirement, was an official
of the Ontario government for over
forty-five years, and is now in his 81st
year.

Mr. Matheson's bill to amend the act
to make better provision for keeping
and auditing municipal and school ac-
counts was advanced a stage. The fea-
ture of the bill is a provision that when
thirty ratepayers ask for a provincial
audit and the auditor reports that such
a proceeding was not warranted, the
proceeding will be compelled to pay
the expense. He cited the case of
the Town of Trenton, where the
ratepayers were added with an ex-
pense of \$900 because a few people
asked for an audit.

Another bill read a second time was:
To amend the Public Schools Act, Mr.
Dickenson; to amend the Public Schools
Act, Mr. Smith; to amend the Voters'
List Act, Mr. Holmes.

ALONG THE WATER FRONT

There was no sign along the water-
front of any damage from Thursday
afternoon's windstorm. Even the chilly
air of the morning gave way in the
afternoon to something like the real
atmosphere of spring.

Island Traffic-Table.
The island ferries started on a new
schedule yesterday. The time-table is
as follows:

Leave Yonge-street—7.00, 7.40, 8.20,
9.00, 9.40, 10.20, 11.00, and 11.40 a.m.,
1 p.m., 1.40, 2.20, 3.00, 3.40, 4.20, 5.00,
5.40 and 6.20 p.m.

Leave Hamilton's Point and Island
Park—7.15, 7.55, 8.35, 9.15, 9.55, 10.35,
11.15 and 11.55 a.m., and 1.15, 1.55,
2.35, 3.15, 3.55, 4.35, 5.15, 5.50 and 6.35
p.m.

On Saturdays the first boat leaves
Yonge-street at 9.40 a.m. and the Island
at 9.55.

On Saturday and Sunday afternoons
the Mayflower and Primrose will also
make trips, giving a 20-minute sched-
ule.

Local Harbor Notes.
The Kewatin and Northern left last
night for coal.

The Ocean leaves for Montreal to-
day. The Spartan, looking very smart
and trim, will put out on Monday night.
The Persia leaves for Port Dalhousie
this morning to load freight for Mont-
real.

The few passengers who came across
the lake on the Lakeside, and from
Hamilton, report a rather rough time.

THE OLD RELIABLE

Those of our customers who fortunately participated in the offering of Raincoats
that we made a special feature of a few weeks ago were surprised to find in the collection
the very garments they were planning to buy at regular prices \$6.50 to \$9.00 each. It was
a matter of much regret to us at the time that those who came late found all the coats gone,
but we explained to some that a case containing about 200 coats had gone astray in transit
which would eventually turn up and be advertised as soon as we could get delivery. It is
the contents of this case—with about 100 other Cravenette Coats—300 garments in all—that
we are going to offer Monday at an all-round price of three dollars each. Measured
by the enthusiasm which the former offering created it is not at all too much to expect that
every one of the garments will be sold Monday before mid-day. Read these particulars:

300 Strictly Up-to-Date, Beautifully Made "Distingue" Brand Raincoats, the balance of the big lot which
we took over from a prominent importer who over-bought on these lines; two hundred of the coats
have fine rubber interlining; the covering is of splendid all-weather lustrous damatta with check
silk lining; in point of style the garments are the very latest loose box back shapes, kimono sleeves,
brood shawl or coat collar, large clear white pearl buttons; lengths 54, 56 and 58 inches; shades
navy, slate and grey. One hundred coats celebrated "Cravenette" rainproof, dustproof and per-
fectly porous; every coat bears the maker's guarantee; loose box back, Raglan style, kimono
sleeves, coat or shawl collar, large pearl buttons, side pockets, silk stitching, some with little
cap; lengths 54, 56 and 58 inches; shades of navy, fawn and light brown; the cheap-
est of these coats worth \$6.50, values up to \$9.00; window showing to-day, on sale
Monday, each..... 3.00

ABOUT MAIL ORDERS Out-of-town orders that reach us first mail Monday morning, up to the number
FOR THE RAIN COATS, of one hundred, will be executed, as our Mail Order Department is reserving
this quantity. Remit 25c extra and we will forward the parcel, express or post paid, to any address in
Canada, as before.
