Young Girls

Avoid The Dangers and

Many a girl who graduates from high school or female college with a brilliant record and high standing is broken down before she is twenty.

Sufferings of Womanhood Nowadays girls are pushed to the limit of their endurance both in school and society.

They must make a success -even if they are forever unfitted for the larger school of life and debarred from the happiness of motherhood.

At this time of life, when just entering upon womanhood, nature makes heavy drains upon the vitality, especially at each monthly period,

Lydia E.Pinkham's Vegetable Compound

the most wonderful of all tonic restorative medicines for women, will tide a young girl over this trying time and bring her safely into strong, noble, beautiful womanhood.

Experience of a Beautiful High School Girl

My Dear Mrs. Pinkham:—I write to see if you can suggest some means to cure me. A little more than a year ago I was unwell for the first time and since then I have been sick all the time in some way or other and suffered with painful and irregular periods. I went to a summer resort for my health and was doctored all summer, but to no effect. I have not been unwell for two months and thought I would see if you could do me any good. I attend High School and would not like to miss any time if it is possible. MARION BARBER, North Adams, Mass.

Miss Barber writes again after two years

My Dear Mrs. Pinkham: Sometime ago I wrote to you for advice, being troubled with irregular and painful periods and female troubles. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and using the Sanative Wash, and I am glad to say I am completely cured and have not had any sickness since. I wish to thank you for your kind advice and shall recommend your medicine to my girl friends.

These 800 Acres Were the First Claims Staked in the Rich Larder Lake Field

Last summer, before any staking had been done in the Larder Lake region, our experts located TWENTY gold-bearing claims, amounting to eight hundred acres, two miles north of Wilson's Bay of Larder Lake. (You can have a map of the property for the asking). On some of the claims there are wide reefs that assay from \$7 50 to \$18 a ton. We have assays on file that show as much as \$1,800 a ton. There is no richer property in the country-and Larder Lake is as RICH AS THE FAMOUS RAND of South Africa. All our holdings are in ONE BLOCK, which means economy in working the claims. The ore on these properties is FREE-MILLING-we have our own waterpower on the property. We have an abundance of wood and water-every item that counts in the economical operation of gold mines. Our expenses will be far lower, and our assays are higher than those of mines which have paid seventy million in dividends-and our ore will grade far higher.

We have nothing to hide, nothing to lie about. We ask you to learn the simple facts, and we are ready to put them before you and to prove to you that
