Yesterday's duscussion turned largely upon a Times' Ottawa telegram, which alleges that the Grand Trunk admits having worked in conjunction with American lines to divert to the western states British and European settlers intended for the Canadian Northwest. THE GOLD FEVER IN EUROPE. London, March 1.—Despite government and other efforts to keep back Klondikers until the season really opens for traffic, via the Stikine, steamers are now taking between 200 and 300 each week, mostly booked to Vancouver. These numbers will be swollen next month, but the agents, of whom inquiry was made, do not anticipate anything tremendous in the way of a rush from Europe. The Klondike fever is, nevertheless, checking general farm

emigration for the moment DEATH OF LADY CARTIER. London, March 1.-A cablegram anounces the death on Sunday at Cannes, France, of Lady Cartier, widow of Sir George E. Cartier. Lady Cartier was a sister of the late Archbishop Fabre, and was 70 years of age, yesterday being her birthday. She was also a sister of Mr. Hector Fabre, of Paris, of Mr. Gustave Fabre, and of Mrs. LaSurveyor, of Montreal. Her aged mother still lives. On his recent visit to Europe, Archbishop Bruchesi paid Lady Cartier a visit and found her alling, but he had no idea that her end was so near. Lady Cartier survived her distinguished husband, Sir George E. Cartier, Bart., 25 years, and had been in receipt of a pension of \$1,200 a year, voted by parliament in appreciation of the services to his country ren-dered by Sir George.

WILLIAM CONGRATULATES VON HOHENLOHE. Berlin. March 1.—The Strasburg Post says Emperor William, using the familiar "du" (thou), telegraphed the following to Prince Hohenlohe, the imperial chancellor, on the conclusion of the Kiao Chau agreement, which was followed by the death of Princess Hohenlohe: "Although I know well that external pleasure cannot lift the weight of inner grief, I am filled with the keenest delight that, after the terrible blow which has befallen, the grace of God has vouchsafed to you so glorious a success. This is a splendid reward for your indefatigable and sagacious labor, and brings great satisfaction after your cares. Kindly accept my

imperial thanks and heartiest congrat SURRENDERED HIMSELF. London, March 1.—The railway rate the assailants of King George, went to the public prosecutor's office, where he surrendered himself, declaring his innocence. Closely pressed, however, he confessed to being one of the king's assailants. He did not express any regret, and declared that if the gun had not trembled in the hands of his accomplice the king would undoubtedly have been killed. Karditza refused to furnish any further information. According to the Astay, it was decided whom they are uttered. They are the held outside the city, to assassinate the king, this decision having been arrived at when it became known that he had accepted the proposition for interna-tional financial control of the revenue, in view of the Greek war loan. This decision, it further appears, was recorded on the minutes of the club, a copy of which was sent to the king. Karditza's name was frequently mentioned therein, but the king paid no attention to the treat. His majesty also received many threatening letters from members of the club, accusing the king and the ministry of being instruments of foreign powers. The police, it now appears, also found a dynamite bomb at the scene of the recent attempted assassination of the king. Two friends of Karditza have been arrested

on suspicion of being his accomplices. King George has received a very affecting telegram of congratulation from Madame Carnot. The municipal council has decided to erect a memorial chapel near the scene of the attempt. BIRDS AND FEATHERS.

Will Men Cease to Marry Women Who Use Them for Adornment? London, Feb. 29:-The crusaders against the users of feathers and birds are terribly in earnest in this country. At the annual meeting yesterday a speaker was applauded for the suggestion that if women would refuse to take for husbands men who crunched larks at dinner and men would decline to mate with women who bedizened themselves with feathers and singing birds, the objects of the society would be at-Another hoped that the present fash-

ion of feathers would be brought to the direct notice of the Queen, who, she was sure, would do all in her power to discourage it. The greatest card at the meeting was a letter from the poet laureate, written from Italy: "The greatest stigma on the fair land from which I write is the perpetual harassing and slaughtering of birds by its entire population. Hence their groves too often want the crowning sylvan charm of wood notes wild."

The report showed that the members of the society reached 16,200. Don't Let It Ache. If your stomach, liver and bowels are

working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years, and was not free from it for a single day. Fin-ally I used Burdock Blood Bitters, with the result that it has completely cured me." MRS. Al FLECK, Toronto.

Driver Charles Sims and Fireman Wm. Wilson Killed.

Engines Smasned - Cars Telescoped and Burned-The Wreck Cleared Away. [G. N. W. Special to The Advertiser.] Smiths Falls, Ont., March 1.-A terrible collision with loss of life oc-curred on the C. P. R. three miles east of here between 3 and 4 o'clock As near as can be learned it occurred in this way: A freight was coming west, followed by an engine running light, which in turn was followed at the usual distance by another freight train. A number of cars broke loose from the front train, and after some little delay were picked up by the light engine. Before warning could be given, however, the rear train came round a curve in the road and dashed at full speed into the light

engine and runaway cars, doing great damage to both engines and scoping the cars, which then took fire, and several were totally consumed. TWO MEN KILLED. Driver Charles Sims and Fireman William Wilson, both of Carleton Place, and both of the rear train, were killed. An auxiliary train from Smith's Falls, with C. P. R. Surgeon McCallum, was soon on the spot. Driver Sims was dead before its arrival, but his body was so caught in the wreck that it could not be got out. Fireman Wilson was taken to Smith's Falls, but was so badly hurt that he died a few minutes after his arrival Superintendent Leonard happened to be at Smith's Falls, and visited the wreck on the auxiliary. Officials of the Spanish Government Praying for Relief From the Strain That Is Growing Unendurable.

New York, March 1.-Officials of the government are praying for relief from a strain which they cannot endure much longer. It is not encouraging when officers of high rank in the army, who deplore the Maine catastrophe as deeply and as sincerely as do the American people, beg to demand that, if the United States intends to make the disaster a cause for going to war, it shall do so quickly, says the Havana correspondent of the Tribune. These expressions do not represent

utterances of men overburdened with anxiety and uncertainty. In their calmer moments these officers would be the first to accept the mediation of the United States as the best means for helping Spain out of her desperate situation in Cuba. THE BURSTED LOAN CO. Shareholders Who Have Received Un-

earned Dividends, as Well as the Directors, Are Liable. Toronto, March 1.-At Osgoode Hall yesterday a conference was held between the master in ordinary and the advisory committee of the Farmers' Loan and Savings Company, and the situation of the affairs of the company were pretty thoroughly discussed. The master gave an exposition of the law upon the case, and mentioned that in addition to directors being liable proceedings might also be taken against shareholders who had been paid divi-dends which had not been earned by the company. Regarding these unearned dividends, he said that one method was a refund to the liquidation after the winding-up proceedings had been completed. The law, he said, was clear as to the accountability of the directors or other officials for moneys or breach of trust. Some discussion ensued concerning the advisability of accepting certain tenders for mortgages held by the company. No decision was arrived at, the master promising to say in a day or two whether he would allow the acceptance by the liquidators of an As Seen by the New York in mortgages, actually valued at \$107,-000, for city and sulurban mortgages, nominally valued at \$200,000. No offer worthy of acceptance had been received. Regarding the offer of Hon. Wm. Mulock to pay \$150,000 for a full discharge of liability, the master stated that the matter must proceed according to ordinary legal method. Dr. Moffatt asked whether efforts were being made to bring back the defaulting manager and book-keeper, Messrs. Scott and Pinkney. It was explained that the attorney-general's department been interviewed regarding the bringing back of the men under safe con-

duct, but the presence of the bonds of the guarantee company embarrassed the situation. MR. A. M. BURGESS' FUNERAL. Ottawa, March 1.—The funeral of A. M. The ministers present were Sir Louis Davies, Hon. R. W. Scott, Hon. W. S. Fielding and Hon. C. H. Sifton. Sir Chas. Tupper, Bart., and Sir Charles Hibbert They Tupper also paid their last tribute of

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney Disease.
