Six Teams Anticipated This Year-Plenty Material in Sight.

Just how many teams will be included is not yet known, but at least six are anticipated to make the first entries. As with last year's schedule, this one will be a split program, too, thus giving more zest to the whole season.

A good many juniors this year are
available who are fit for a step up, and
this should more than make up for any
loss in numbers caused by removal
from the city.

The presentation of prizes will be made at the banquet, and next season's program, which will be more ambitious than the season just closed, will be outlined.

The regularity with which McGraw got into trouble near the last of the season outside the Polo Grounds and from things happening since the season closed, rumor is pretty well fortified in asserting that McGraw will not lead the Glants next year, but will content h imself with the vice-president's duties. Evers would be the logical successor and may be the answer to his acquisition by the New York Nationals. As vice-president, McGraw can take on the job of dousing the lights on Broadway without it demoralizing the Glant players.

Winnipeg, Man., Oct. 25 .- When five bandits bound and gagged the teller The reorganization of the City Basketball League will be undertaken at the Y. M. C. A. tomorrow night. Last year the city circuit played out a close double schedule, which developed some of the best basketball material the city has ever produced, and this year's organization should go still further.

bandits bound and gagged the teller and robbed the Union Bank branch at Winkler, Man., the other day, they cut all telegraph and telephone wires, and so were responsible for what is said to have been the first use of an aeroplane in Canada for routine reporting. The Manitoba Free Press, on receipt of word of the robbery, dispatched a reporter to Winkler, a distance of 74 miles, in a machine hastily chartered by telephone. The journey was made in 42 minutes.

POLICE CLERK DISMISSED.

WINDSOR, Oct. 25 .- The dismissal o Assistant Police Court Clerk Warlow by Acting Chief of Police Wills today, was followed tonight by rumors at the city hall that a thorough probe of the administration of the police department would again be made, following the return to the city of Mayor Winter. Three Shifts in Western Line For St. Mikes' Game

Dyer May Not Be Able To Play Tomorrow in Toronto -Western Drills in Interference Plays — Practice Today.

Western University had an hour's stiff practice yesterday afternoon and unlimbered some of the sore spots from the Toronto game Sat-urday. Every man on the squad was able to romp around as usual, with the exception of Dyer, the Purple and White's star linesman, and his ankle is still too sore to put weight on. and his ankle is still too sore to put weight on.

In all probability Dyer will not be able to make the trip to Toronto tomorrow for the clash with St. Mike's, but against the St. Mike's line his absence will not be felt so much as it would against the heavier line of Varsity H.s. and for this game a week from Saturday Dyer will be fit.

Three shifts were made in the Western line by Coach Brock during the hour of practice, half of which was spent in interference for and against, and the other half in signal work. The Purple and White squad have certainly gained in condence since their victory over Varsity on the week-end, shown yesterday in the precision with which

they tackled everything, and also a smoothing off of some rough a smoothing off of some rough angles.

Little needs to be done with the back division. Cowley, Traynor and Cline have shown in the last two games that they are almost impregnable and pretty near proof against fumbles. Traynor has apparently taken a few ounces off his punts, which makes the wings look faster than they did here against St. Mike's.

Five interference penalties here showed that St. Mike's have a penchant for this, form of play, and some interference which the fans caught and the referee didn't, made the fans slightly suspicious that not all of them were unintentional. In the game here these plays sort of cramped Western line's style of defence, but having been drilled against this form of attack they'll probably look more solid tomorrow. Another stiff drill will be held at 4 p.m. today, probably with firsts against seconds for a short while, and then a general run through the whole her of tricks.
