OF NEW MINISTERI. C. R. Men Will Retire from Ser-  
vice as Soon as He Approves.MONCTON, Sept. 5.—Some twenty  
names of applicants for the retiring allow-  
ance under the provident fund act, and  
who have been recommended for retire-  
ment from the I. C. R. service by the pro-  
vident fund board, have been forwarded to  
Ottawa for the approval of the new min-  
ister of railways. The signature of the  
minister to the recommendations of the  
provident fund board is considered neces-  
sary before the pension allowance under  
the act can go into effect. It is under-  
stood, however, that the applicants passed  
upon by the board, have already re-  
tired from the service and will draw their  
first allowance next month. In all there  
are some two hundred and fifty applica-  
tions to be considered by the board.G. T. P. CONTRACTOR  
COMINGMr. Corbett Who Will Work on  
Moncton-Chipman Section Will  
Bring His Plant Here.Senator King, who arrived here yester-  
day, announced that Mr. Corbett, of  
Franklin, Pa., the big contractor to the  
G. T. P. had sublet part of the Mon-  
cton-Chipman section of the new railway,  
was on his way east with his plant.  
Senator King who is returning home  
from Toronto, is accompanied by his son  
Mr. G. King, of Cranbrook, B. C., who is  
paying a visit to his old home for the  
first time in seven summers.Senator King visited the exhibition now  
being held in Toronto, and said that on  
Labor Day there were 140,000 people on  
the grounds.Relative to the West, he said that busi-  
ness was less active at present, as a great  
deal of money was being held over by  
heavy investments in real estate.

THE FIRE LADDIESMen Who Attended the St. John  
Tournament Got a Great Re-  
ception.

(Halifax Chronicle.)

Halifax gave a right royal welcome to  
the men who have so well upheld their  
reputation when they returned last night  
from the fire fighters' tournament at St.  
John. Hundreds of people were at North  
Street Station to greet them. Carriages  
had been provided and a torchlight pro-  
cession was formed which paraded the  
streets for over an hour to music from the  
Old Pipes and 60th Pipes. Several hun-  
dred people lined the route and hearty  
cheers greeted the men all along the line.  
Nearly an hour late, the St. John train  
pulled into North Street Station shortly  
before ten o'clock. For several hours the  
crowd had been gathering and the en-  
closure outside the gates was packed. In-  
side the gates were the 60th Pipes, who  
accompanied the men to St. John, but  
returned earlier, and a large number of  
firemen.When the men stepped off the train  
they were heartily congratulated and a  
procession was formed. With the  
Pipes at the head skirling "The Cock  
O' The North," the men marched out to  
the street, where the Pipes struck up  
"Home, Sweet Home."  
About twenty-five carriages, illuminated  
with torches, had been provided. In a  
very few moments the procession was un-  
der way. Ahead drove Chief Broderick  
and Engineer Condon. Then came a large  
team with the Pipes on which was the  
motto, "We Were In It All The Time."  
Immediately following the Pipes came a  
carriage with the Fire Wardens, then came  
the U. P. C. an dthen the firemen. The  
60th Pipes were in a large wagon in the  
centre of the firemen.The route of the procession was by  
North, Brunswick, Argyle, Bunting,  
Granville, George, Hollis, Salter, Barrington,  
to Central Engine House.

## DR. HANNAY IN THE WEST

He is Prosecuting His Quest for  
Archives Material in Western  
Canada.A Winnipeg despatch says: A historian  
note, James Hannay, of Fredericton,  
N. B., appointed by the dominion govern-  
ment to look over government and private  
archives and collections of historical docu-  
ments with a view to gathering data to aid  
students in research and study has ar-  
rived in Winnipeg and for the next three  
months will work here. Mr. Hannay ar-  
rived from the maritime provinces and  
went to the library at the parliament  
buildings looking up old historical works  
and anything that would be of help to the  
student of history. When he has secured  
all the material he can possibly find here  
he will go further west to Saskatchewan  
and Alberta and may be as far as the  
coast, and delve into all documents he can  
find in the way of an ancient origin.  
All this information will be embodied in a  
report he will submit to the government  
when his work out here is finished.  
For the past two years Mr. Hannay has  
been working among the archives of  
Nova Scotia, New Brunswick and Prince  
Edward Island. That report has been sub-  
mitted to the government. He located  
much in these provinces that will be of  
use to lovers of history. This he found to  
be a very difficult task, as, with the single  
exception of Nova Scotia, the provinces  
had taken no care of old documents, and  
it was an almost endless task to trace  
them up."I was four months in Halifax," said  
Mr. Hannay, "searching archives. People  
forget how useful these documents are in  
establishing lineage, and I think it is  
scandalous the way some records of mar-  
riages are kept. People have plenty of old  
books and documents lying in safes and  
vaults and do not know what they are.  
These are what I want to get at, for I  
know some useful information can be  
gleaned therefrom."A DEGENERATE  
NEWSPAPER MANHe Thinks of Descending to  
Become a Mere \$4,000 Man

(Amherst News.)

From the ranks of the journalists of  
Canada have come some of our ablest  
men. Now, however, a new element may  
be mentioned among others that have  
stepped from the journalistic chair into  
the domain of politics and who won hon-  
ors for themselves in the arena of public  
life.Now here in Cumberland we have a  
number of vacant offices. There is for in-  
stance a senatorship, but the \$4000 qual-  
ification, debar the local editors from ap-  
plying for the job. Fortunately, how-  
ever, there is a vacancy in the legislative  
council with only a brain and party qual-  
ification. The position has been vacant  
some time and was modestly supplemen-  
ting our own claims to the position, we would  
suggest that Brother Outhit of the Par-  
sonsboro Leader might be given the job.Politicians cannot get along very well  
without newspapers. They look to the  
press to herald their praises throughout  
their constituency, to contradict false  
statements with regard to them and to lie  
for them when necessary. It is therefore  
only a quid pro quo for the politician to  
remember the newspaper in his hour of  
patronage. If there is a vacant senator-  
ship floating around loose we shall make  
a desperate effort to qualify for it and  
will be quite content to let Brother Outhit  
go to Halifax. Two thousand five  
hundred a year going to waste for two  
years.We could cheerfully spend this sum with  
the extras. 'Twas ever thus.  
The despatch is too often passed over  
and we are saddened with the thought.  
As a matter of fact mostly any ordinary  
man is qualified for a senator provided he  
has the four thousand. Having made the  
suggestion, we shall look for early ap-  
pointments.

## Mrs. George Palmer

MONCTON, Sept. 5.—Many friends will  
hear with regret of the death of the wife  
of George Palmer, I. C. R. locomotive  
engineer, which occurred yesterday at  
their summer residence at Point du  
Chene. Mrs. Palmer, who had been ill  
for several months, was a great sufferer,  
and death came as a happy release.  
The deceased lady, who was a daughter of  
the late J. Weldon Chapman, of Dorchester,  
was forty years of age, and is survived by  
a husband and two children, also one  
brother, now living in Boston, who was  
at her bedside when she died.

## VELVETS, VELVETEENS AND CORDUROY

Will Be a Decided Vogue This Fall and Winter.

VELVETS AND VELVETEENS ARE ABSOLUTELY CERTAIN TO SCORE  
A BIG SUCCESS this autumn and during the colder months following.  
Reports from the leading markets in France, Germany, Switzerland and England,  
all indicate that they will be the great favorite in Europe during the approaching sea-  
sons. Of course, this means, that they will be popular in this country as well. Amer-  
ican buyers have taken them up enthusiastically and every quality made for millinery  
purposes, outer garments and for costumes are showing much activity from the sales  
standpoint.
