ABSTRACT OF ANNUAL REPORT OF SABBATH SCHOOL.

The Report in full was presented at the Annual Festival on the evening of February 3rd, 1888.

It made grateful recognition of the increase of the School and of its improved efficiency generally.

The total number on the roll, January 1st, 1888, was 248, being 67 more than at the same date the previous year. The average attendance for 1887 was 137. The Bible Class numbered 40, while the Infant Class was as large as could be conveniently taught by a single teacher. The amount raised by the School was \$102.96. An entertainment was held during the Christmas holidays, entitled "Jesus Our Star."

Three Scholars were removed by death, Alfred Beckingham, and his two sisters, Alice Maud and Martha,—a sad event which drew forth towards the afflicted family a large amount of sympathy.

The silver medal, for the most perfect recitation of the Shorter Catechism, given by Mr. W. Bennett, was gained by Charles William Stuart, after a strict examination, in which he did not make a single mistake. Agnes Denoon and Mary Bartlett were so nearly perfect in their examination that they each received a Pocket Bible.

The Silver Medal offered by Mr. W. C. Patton for the best written examination on the Bible Lessons of 1887, was won by Jessie Nelson, who took 53 marks out of a possible 60.

The Silver Medal offered by Mr. T. McIntosh to the pupil bringing the largest number of new scholars to the School, was not awarded; but is offered again for the year 1888. The only limitation is that at least ten new scholars must be brought to the school by one person or the prize will not be given.

Grateful mention is made of a donation of \$25 received from the Young People's Association towards the expenses of the School, as
