

Students who have not matriculated elsewhere, and who desire to take the Fellowship Diploma of Trinity Medical School, or to graduate in the University of Trinity College, will be required to pass an Examination on the following subjects :—

(1) Writing and Dictation, (2) English Language, including Grammar and Composition, (3) Arithmetic, (4) Algebra, including simple Equations, (5) Euclid, Bks. I., II., (6) Latin, Cæsar, *Bellum Gallicum*, Bks. I., II., *or* Bks. V., VI., *or* Cicero, *de Lege Manilia*, *or* Cato Major ; *or* Virgil, *Æneid*, Bk. II., (7) and *any one* of the following optional subjects *which may be selected by the Candidate*, (a) Scripture History ; and St. Matthew's Gospel, ch. i.-ix. incl., in Greek, (b) Greek, Xenophon's *Anabasis*, Bk. I., (c) French, Voltaire's *Charles XII.*, Bks. VI.-VIII., (d) German, Schiller's *Thirty Years' War*, Bk. I., (e) Natural Philosophy, including Mechanics, Hydrostatics and Pneumatics. (Balfour Stewart's *Physics* is recommended).

Where more than one TEXT-BOOK is named on any subject, the candidate may select the ONE upon which he will prefer to be examined.

This examination will be held on the second Friday and Saturday in March, and the second Friday and Saturday in October, of each year. Applications may be made to the Dean of the Faculty of Trinity Medical School, till the evening of the day before the Examination.

LECTURES,

CLINICAL AND DIDACTIC.

The several Professors and Lecturers will illustrate their respective courses by plates, preparations, models, and specimens—including the application of the Laryngoscope, Ophthalmoscope, Sphygmograph, Spectroscope, etc., and the various forms of electrical apparatus used in medicine. It will, as heretofore, be the constant aim of the Faculty to make the entire teaching of the School as practical and thorough as possible. In THIS SCHOOL, throughout the entire session, there are **five** Lectures given each week, on the subjects of Anatomy, Physiology, Chemistry, *Materia Medica*, Medicine, Surgery and Midwifery, thus fully meeting the requirements of the Ontario Medical Council, and the several Examining Boards in Great Britain and Ireland, which require that each course in the main branches shall consist of not less than **one hundred** Lectures.
