

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapiesin" Ends all Stomach Distress in Five Minutes

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with noxious odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

RETURNED MEN NOT DISCHARGED OVERLOOKED

So far as can be learned from the new franchise act no provision has been made for taking the vote of a fairly large and very important class of citizens—the returned soldiers who have not yet received their discharge. If this is the case, it is of course purely an oversight which will be remedied promptly, but meanwhile it has been the cause of complaint among the class of men whose complaints are entitled to first consideration and an immediate answer.

When asked about the matter Sheriff Wilson, returning officer for the constituency of St. John, Albert, said that he could find no authority for adding to the local lists the names of soldiers in this class. His idea was that it would be necessary to have a special ballot box in each constituency for such men in charge of such officials as are responsible for the votes of the overseas soldiers.

DRINK HOT WATER AND RID JOINTS OF RHEUMATIC RUST

Why rheumatism and lumbago sufferers should drink phosphated hot water each morning before breakfast

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ash, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated each day, becomes food for the millions of bacteria which infect the bowels. From this mass of left-over waste material, toxins and ptomaine-like poisons, called uric acid, is formed and then sucked into the blood where it continues to circulate, collecting grain by grain in the joints of the body much like rust collects on the hinge as shown above.

Men and women who suffer from lumbago, rheumatism or sore, stiff, aching joints should begin drinking phosphated hot water, not as a means to magic relief from pain, but to prevent more uric acid forming in the system. Before eating breakfast each morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This will first neutralize and then wash

Long Casualty List Includes Many Killed

George D. Scarborough, of 89 Wentworth street, in receipt of the sad news of the death of his nephew, Private Joseph W. Scarborough, who was killed in action in France Nov. 22. Private Scarborough was the son of the late Joseph Scarborough, of Hanover (Ont.), and enlisted from Edmonton, Alberta, with the university corps of the 196th Battalion. He was twenty-five years of age, of genial personality, beloved by all his comrades and during his stay in England received a number of prizes for his proficiency as an expert rifle shot. At the time he was killed he was a teacher in one of the universities of the west. He is survived by his mother, Mrs. Joseph Scarborough, one sister, Mrs. Charles, at present in England, with the engineering staff of the 196th Battalion.

Official List.

Ottawa, Nov. 20.—Maritime names in last night's list of casualties follow:

INFANTRY.

N. L. Bourne, St. John.
D. Velour, Newcastle (N. B.).

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back its Natural Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Missing the Sage Tea and Sulphur Compound at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound. This is the old time recipe improved by the addition of other ingredients. While widely known, faded hair is not so plentiful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrant. This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

FIVE IN MONCTON

Moncton, N. B., Nov. 20.—Fire this morning did damage estimated at about \$800 in a building in Robinson, meat dealer. When discovered the fire was well under way and the flames soon spread upward to the next story, which it occupied by Duncan McKinnon. The house of William Abrams next door was badly scorched.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic, remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-up constipated folk. Beware of cheap imitations, a good one, don't be fooled. Get the genuine, made by "California Fig Syrup Company."

PREDICT THREE YEARS OF WAR.

Americans Report Commanders Do Not Expect Peace Till 1920.

Americans who returned the other day to an Atlantic port from the French front via England on a British liner said that officials of the Allies in Paris frankly expressed the opinion that while there was no change in their views as to the defeat of the Central Powers it would take a long time to finish the war. If Russia and Italy had held out, they said, there would have been a good possibility of peace in the fall of 1918, but since the retreat of these armies in face of the Teutonic forces the most optimistic of the military commanders did not see any chance for peace with victory before the summer of 1920.

A GOOD FELLOW FALLS FOR PIE

Or Anything Else a Good Cook Prepares—Ask Him Why and He Will Say "Stuart's Dyspepsia Tablets"

You can digest pie of any kind, eggs fried in pork fat, and lots of other so-called indigestible foods, if you follow meals with Stuart's Dyspepsia Tablets. And it is from such food you get the most food value, the greatest energy, the highest degree of nutrition. But whether you eat these plain dishes or prefer saucy, rarebits, fancy pastry and the highly seasoned, special food it is all the same if you use Stuart's Dyspepsia Tablets after meals. They digest food. They do what the weak stomach can no longer accomplish alone.

Get a 50-cent box of these tablets at any drug store, then eat heartily and note how comfortable you feel.

Eighteen Go In By Acclamation

Ottawa, Nov. 20.—Reports of nominations received up to noon today show that the number of Liberal acclamations in Quebec is reduced by one by the announcement that Papineau, the Laurier candidate in Beauharnois, is not included in the list of those elected by acclamation, leaving ten Laurier men without opposition. Unionist acclamations still number eight, including Hon. Martin Burrell, secretary of state, who is unopposed in Yale, and Thompson, Conservative Unionist, who is elected without opposition in Weyburn (Sask.).

The other six supporters of Union who will not have to fight for their seats are Liberal Unionists. They are: Hon. W. S. Fielding, in Queens-Sheburne; Levi Thompson, Qu'Appelle; Robert Cruise, Dauphin (all ex-members of the house); John McMartin, Glenora; and Stomont; F. J. Johnston, East Mountain (Sask.), and A. Maharg, Maple Creek (Sask.). The last named was originally named as a grain growers' candidate in Moose Jaw, but he is now opposed by a Labor candidate. Sir Wilfrid Laurier's Quebec supporters are elected by acclamation, in addition to Hon. Dr. Beaudet, of Beauce, still a prisoner of the Germans, and Hon. George H. Bédard, of Sherbrooke, ex-M.P.; Dr. Deslauriers, St. Marys; Hon. Jacques Bureau, ex-M.P.; Thérèse, J. E. Prevost, Terrebonne; O. Brouilard, Drummond and Arthabaska; Dr. Fontaine, Hull; H. A. Fortier, Labelle; L. A. Fournier, St. Jean; and L. J. Gauthier, St. Hyacinthe and Rouville.

REGISTRATIONS

Seventeen cards for service were signed yesterday, and 224 exemption papers taken out, thus making a total registration of 241 for the day. To date there have been 1,406 service cards signed and 15,124 claims for exemption. The registration in the province to date reaches 16,259 with a number still to be put through.

Room For The Kindergarten in All New Schools

The annual meeting of the Free Kindergarten Society was held at the Natural History Society rooms last evening. Mayor Hayes presiding.

The president's report was read by Mrs. T. N. Vincent. It showed that the work done during the year was quite gratifying. The four free kindergartens were opened in September, 1916, with a large attendance and some of the schools were overcrowded, but in the winter the attendance fell off somewhat.

Three teachers attended the International Kindergarten Union held in Boston in May last and the result was very beneficial to the schools of St. John. The annual grant of \$700 from the city council helped to swell the funds of the society.

During the year the St. John County and the City Social Service League and the Kindergarten became affiliated and made the placing of kindergartens in the public schools their aim. A petition along this line was sent to the new legislature, but the finances of the province were in such a state that the government could not see its way clear to do anything at the present time. The president in her address expressed the opinion that the petition was sent at an inopportune time.

Regret was expressed at the loss sustained to the kindergarten work by the removal to Winnipeg of Mrs. W. C. Matthews, who had been connected with the work in St. John since 1904. There are enrolled at the present time 217 children with a large waiting list. At Marsh Bridge school forty-five children are enrolled.

Reference was made in the report to the difficulty of securing school rooms. But the school board has promised that in all new school buildings to be erected provision will be made for kindergarten classes, and when the Beattie street school is completed rooms will be secured there.

Thanks were extended by the president to the press and to the different societies which had assisted in the work of the kindergarten.

The treasurer's report showed receipts during the year to be \$3,232.52, including the city grant, while the expenditures amounted to \$2,991.93, leaving a balance on hand of \$540.60 to carry on the work of the year.

Addresses were delivered by Mrs. Geo. Matthews, T. H. Estabrook, Commissioner Fisher, A. M. Belding, all of whom advocated making the kindergarten part of the school system. Ritchie also spoke along the same lines and expressed himself strongly in favor of having a room in the High School set apart for children four years old who should be kept off the street and given a chance to start early in life. He referred to the fact that a kindergarten child had never yet been before the juvenile court.

SLACKER'S RUSE A FAILURE.

He Picked Up Papers, but Showed His Mind Was All Right.

The method adopted by one man to keep out of the American army is told by an army officer from one of the cantonments near New York.

In a recent catch of recruits, he said, "there was one man who acted so peculiarly from the moment he arrived that several of the privates called my attention to him. This man would pick up every piece of paper he saw, scrutinize it carefully and then say in the most mournful tones: 'That ain't it.' All day long, in the barracks and out of doors he would keep up this performance. It got on the nerves of some of the men and they told me about it. After watching the man for two days I sent him to the base hospital for observation. Here he completely fooled the doctors. 'At the end of the second week after

IF YOU ARE BILIOUS USE "PRIGA" PURGATIVE WATER

The ideal family laxative which removes bile, cures constipation, purifies the blood and insures good health and efficiency.

National Drug and Chemical Co. of Canada, Limited, St. John, N. B. Distributors for the Maritime Provinces.

\$100,000 From Mar. Nail Co. For The Loan

"Two \$100,000 subscriptions have been received at the Victory Loan office to date and these ought to be a stimulus," said one of the prominent Victory Loan workers last night, "to those firms in the city who have not yet invested all that they can afford in this cause, on which depends, to a great extent, the welfare of our soldiers in France. The following letter was received at the central office yesterday and it has raised the spirits of the workers there who were beginning to become despondent over the results so far."

The Victory Loan Office.

Gentlemen,—At a meeting of the board of directors this morning, we had under discussion the matter of subscribing to the Victory Loan. It was the unanimous opinion of our board that the time had come when the business interests of the country and, particularly of St. John, must do their bit by supporting the government in its efforts to win the war. St. John has been particularly successful from a commercial standpoint, and we feel that everybody should subscribe to the loan to the limit of their resources even at the sacrifice of some of the minor business interests. There is no time like the present and money will never be needed more than it is today. With the changed conditions regarding the Allies' contracts in Canada and the exchange and other matters in the condition they are, every effort should be made to ease the situation from the government's point of view. By helping the government we are helping every individual in the country. We have pleasure therefore in giving our subscription for \$100,000 for the Victory Loan Bonds.

Yours truly,

The Maritime Nail Company.

S. E. ELKIN, Manager.

The total subscriptions for Monday in this city were \$145,500 and this raises the grand total for the city and county to \$1,322,700. The total for the rest of the province up till Monday night is \$1,694,925. The grand total for the whole province up till Monday night is \$2,959,625.

E. H. Thayer, on behalf of the International Harvesters, Limited, says that the company will invest \$5,000 through the local office. This amount by no means represents the total subscription of the company for it is allowing each branch office to carry its own investment.

The Solophone is here.

The man had picked up and examined every piece of paper he could find, each time uttering his refrain, "that ain't it." The doctors recommended that he be returned to civil life as mentally deranged. Accordingly the proper papers were made out and the mustering officer summoned the man to his office. As soon as the slacker received his honorable discharge, he examined it and then said, "that's it."

The officer added that not many minutes elapsed before the man was back again with his company and started on two weeks kitchen duty.

Lemons Beautify! Make Quarter Pint of Lotion, Cheap

Lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

Catarrhal Deafness May Be Overcome

A Simple, Safe and Reliable Way That Calls For No Ugly Trumpets, Phones or Other Instruments

To be deaf is very annoying and embarrassing. People who are deaf are generally mighty sensitive on this subject. And yet many deaf folks carry around instruments that call attention to their infirmity. Therefore people who are hard of hearing, who suffer from head noises, or who are actually deaf from catarrhal trouble, will be glad to know of a simple recipe that can be easily made up at home for a few cents and that is really quite efficient in relieving the disagreeable deafness and head noises caused by catarrh.

From any drug store get one ounce of Parafin (double strength) about 90c worth. Take this home and put it in a simple syrup made of ¼ pint of hot water and four ounces of ordinary granulated sugar. Take a tablespoonful four times a day.

This treatment should be tonic action reduce the inflammation in the middle ear that a catarrhal condition is likely to cause and with the inflammation gone the distressing head noises, feeling in the ears should gradually disappear. Anyone who suffers from catarrh, catarrhal deafness or head noises should give Parafin a trial. It is pleasant to take and is quite inexpensive.

The many friends in this city of Sergeant James Osborne will be pleased to learn that the operation which was performed on his left leg in the Royal Victoria Hospital, Montreal, has proved successful. In a despatch to his brother this morning he also states that it is probable that he will be able to leave the hospital sometime in the near future.

He Lives in Constant Fear Who Has Neurasthenia

SUCH ideas often dominate the mind of the sufferer from nervous exhaustion or neurasthenia.

He may be strong and active physically, but he finds himself unable to concentrate the mind, fearful to depend on himself, and shrinking at the thought of any responsibility.

Some fear to be in a crowd, while others dread to be left alone. Some dislike meeting people, while others live in constant, morbid dread of the future, fearing insanity or accident or disease.

Fear brings worry and an irritation of the nerves, so that sleep is interrupted and digestion fails. In this way is formed the vicious circle of neurasthenia, and the nervous system becomes weaker and weaker, until it collapses, and the result is some form of paralysis.

Fear of Self—Fear of Others—Fear of the Future

The Food Cure

Mr. Laurence E. Dorsey, 39 Stanley Street, London, Ont., writes:—"About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not go down town alone, or go any place where there was a crowd. Sometimes my mother would have to sit and watch over me at night, and sometimes I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food, and before I had completely used the first box I could see a difference in my condition. I continued using these pills for some time. The result was sleep well at night, can go out on the street and attend gatherings like the rest of the people. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people."

New vigor and energy and vitality must be instilled into the depleted nerve cells if cure is to be effected, and this is most certainly accomplished by such treatment as Dr. Chase's Nerve Food.

Since the digestive system is incapacitated it is most essential to get into the blood stream the very elements which are found in this great food cure.

The blood is made rich and red, the starved nerve cells are restored and revitalized, and with returning vigor and strength and confidence the harmful notions of a diseased brain soon disappear.

Nervous diseases take different forms with different people, but to effect cure in any case the depleted nerve cells must be nourished back to health and vigor by such reconstructive treatment as Dr. Chase's Nerve Food.

Dr. Chase's Nerve Food

50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmansons, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Prescription for Eczema Soap

E. Clinton Brown, Druggist, St. John, N. B.
