LAURIER'S VISIT TO THE WEST

Plans of Cabinet Ministers—Mr. Aylesworth Leaves For Hague—Million Dollar Subway in Ottawa Planned by C. P. R.

Ottawa, May 5.—Although arrangements are not completed for the itinerary of Sir Wilfrid Laurier and his colleagues during their coming trip to the Canadian west this summer, it has been settled that the principal points in the west will be visited and public meetings held. The premier will probably leave Ottawa early in July and will be gone two months. He will be accompanied by George T. Graham and probably by E. M. Macdonald, member for Pictou, one of the most effective speakers in the country. There is as yet some doubt as to whether Hon. Mr. Fielding will be able to accompany the premier, the date of the business minister's return from England in connection with the financial and trade matters being problematical.

Some of the places at which Sir Wilfrid will speak will be Fort William, Winnipeg, Brandon, Yorkton, Saskatoon, Regina, Weyburn, Moosejaw, Calgary, Edmonton, Vancouver and Victoria.

The Canadian Pacific Railway Company today filed at the city registry office plans involving an outlay of about \$1,000,000 for an underground line through the city connecting the Central station, near the foot of the Rideau canal, with the company's Union station, in the northwestern corner of the city. The connection between the two stations is now made by a round about line across the Ottawa river, and around the outskirts of Hull.

The proposed new line will give the shortest route between the two stations, and will enable all trains to be run through to the Central station, in the heart of the city, and will cut off several miles of the company's through line from Montreal to the west.

change in the present railway facilities of the city. It is hardly likely, however, that the government or the railway company will consent to the proposed diversion of the Rideau canal, but that instead some compromise will be adopted. Vice-President McNicol, of the C. P. R., who is in the city today, in explaining the company's scheme said that for a long time the C. P. R. had been desirous of getting a better entrance to the central station and the city. Under the plan as proposed, trains from Toronto could be brought right through to the Central station via the subway and the company's facilities for handling both freight and passengers would be greatly improved. Mr. McNicol declared that if the plan went through it would materially tend to make the city's position on the Transcanadian road a more important one than it occupied today and could be a powerful factor in the actual realization of Ottawa's laudable ambition to become a great railway centre, as well as the political hub of Canada.

Minister's Plans
Hon. A. B. Aylesworth, minister of justice, left this afternoon for The Hague, where he will spend the next four months as one of the leading counsel for Canada, Great Britain and Newfoundland in connection with the hearing of the North Atlantic fisheries dispute with the United States. Mr. Aylesworth was accompanied by Mrs. Aylesworth and his niece, Miss Grange. J. D. Clark, secretary to the minister, and George Simpson, of the staff, Ottawa, and James Butler, stenographer, of Toronto, will accompany the minister. The date of the stenographic report of the proceedings, also go to The Hague.

The case in its legal complexities and in the amount of historical research involved is one of the most important that has ever been tried at The Hague. The hearing of evidence and argument will, it is expected, take fully two months. Hon. Charles Murphy will be acting minister of justice during Mr. Aylesworth's absence.

Speaker Macleod, with his family, also left today for Europe, where they will spend the summer visiting England, France and the international exhibition at Brussels.

S. Fielding will leave for England shortly where they will meet the other members of the imperial commission on trade between Canada and the West Indies and complete their report. The finance minister will also make arrangements for the conversion on July 1 of the government loan of \$4,000,000 at four per cent. made in 1887 for a fifty-year term with the option of converting it at the end of twenty years. Notice that this option will be taken up was given on December 31 last.

The quarterly meeting of the St. John county W. C. T. U. was held in Fairville yesterday afternoon. Mrs. E. McAvity presided and the exercises were conducted by Mrs. J. Seymour. The report of the secretary was read, which showed the order to be in a very flourishing condition. Short addresses were given by Rev. P. E. Bishop, Rev. Mr. Townsend and J. Lawson.

TO KEEP THE SKIN CLEAR

You Must Learn For Yourself the Virtues of DR. CHASE'S OINTMENT

Dr. Chase's Ointment is so pure and clean, so delightfully soothing and healing, and so certainly effective in making the skin soft, smooth and clear that it has only to be tried to be appreciated. You may know of its value from cure for eczema, salt rheum and the most severe and painful forms of itching skin disease.

But have you realized that a means of clearing and beautifying the skin, equal and no rival, is Pimples, blackheads, roughness and redness of the skin, irritations and eruptions of every form, yield readily when this soothing, healing ointment is applied frequently.

The cold winds of winter and spring bring actual suffering to many people whose skins are tender and easily irritated. To such Dr. Chase's Ointment is of inestimable worth. 60 cts. a box, all dealers, or Edmanston, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

THE PENSION PLANS FOR OUR TEACHERS

Regulations Pretty Hard to Meet—Frederickton Has Report That Van Horne Will Secure Grand Falls Power Control

Frederickton, N. B., May 5.—The board of education met this afternoon and adopted the report of the committee on teachers' pensions. The provisions are: 1. All pensions under Chapter 17, Edward VII, 1910, shall be payable half yearly at the end of the school term. 2. Every applicant for a pension under this act must lodge with the chief superintendent a copy of the registry of a solemn declaration, of having taught thirty-five years in the public schools of New Brunswick before the time at which such pension is claimed, under a regular and valid license issued by the board of education.

3. With such application for pension must be filed a copy of the registry of the birth of the applicant, certified by a clergyman or in the absence of such clergyman and a magistrate or by two responsible persons, giving the date of birth of the applicant or such other proof as may be satisfactory to the board of education. (Form of certificate will be supplied by the education department.)

4. Each person entitled to a pension must write to the chief superintendent of education at the close of each school term (in June and in December) over his or her own signature, which signature must be witnessed by a clergyman or by the local postmaster officials, giving the post office address to which the draft should be mailed.

5. In order to entitle the applicant to a pension, no greater deduction for loss of time should be allowed in any one year for which the claim is made than sixty teaching days, nor an aggregate deduction of more than 225 teaching days for the full period under this act shall be paid at the close of the school term ending Dec. 31, 1910. Applications for pensions must be made not later than three months before the end of any school term, to entitle the applicant to a pension for that year.

6. The first pension under this act shall be paid at the close of the school term ending Dec. 31, 1910. Applications for pensions were also issued to the members of the provincial Teachers' Institute, to be held in St. John, during the last three days of June, published.

The agreement made between the committee appointed by the board of education and the executive of the Strathcona Trust regarding physical and military training in the public schools of the province, was approved.

arrived from New York at noon today, accompanied by James Bond, of Boston, and they are at the Barker House.

"At noon today they had a private conference there with James Robinson, ex-M. P., of Miramichi; A. J. Gregory, K. C. of this city and others, including F. E. Winslow, who is said to have been representing the interests of Senator Thompson, who is at Ottawa.

"After the conference those interested declined to give out any statement. Mr. Gregory and that matters relating to the Grand Falls Power Company were under discussion, but he was not at liberty to say what had transpired.

"It is understood, however, that the question of the Grand Falls power development taken up at once by the company in which Sir William Van Horne is interested. Sir William has the present company sell out, was under consideration.

"From a reliable source it is learned that if Sir William Van Horne's company secures control of the immediate development of the power on an extensive scale will be commenced and immense pulp and paper mills will be erected at Grand Falls and New Brunswick, will be enjoying the development of the greatest water power in eastern Canada, while the town of Grand Falls will be a city of 20,000 people in not more than five years."

The marriage took place on Wednesday, May 4, at eight o'clock, at St. Mathew's church, Worcester (Mass.), by Rev. G. W. Foster, B. A., formerly curate of St. Ann's church, Fredericton, of Rafael Manley Fowler, son of the late James D. Fowler, of New York, and Miss Emma J. P. Otty Crookshank and granddaughter of the late Hon. John R. Partlow, former auditor-general of the province of New Brunswick.

The bride, who was given away by her brother, Andrew Crookshank, wore a white serge princess gown, hand-embroidered, with white and gold soutache braid, a handsome white ostrich ruff, and white hat to match with black velvet facing and large white ostrich plumes. She carried a silver covered prayer book, the gift of Canon and Mrs. Cowie.

AMHERST GIRL SEEKS ANNULMENT OF MARRIAGE CEREMONY

Boston, May 5.—A matrimonial complication, in which Miss Olive G. Blair, formerly of Amherst (N. S.), and Merton G. Lowe, for several years a Norwichton (N. S.) business man, are involved, became known today when Miss Blair petitioned the superior court for the annulment of a marriage ceremony with Lowe here on June 29, 1907.

At the time both were residents of Nova Scotia. Lowe being thirty-two and the "bride" twenty. Miss Blair alleges that when the ceremony was performed Lowe had a legal wife, Cora, who, although she secured a decree of divorce on Feb. 4, 1907, it was not absolute until Aug. 4.

The Amherst girl left Lowe when she learned of the illegality of the second marriage.

ST. JOHN THIRD IN BUILDING WORK

That St. John's splendid advance in building operations gives this city the third highest increase registered by the Canadian cities during the month of March is the statement appearing in Construction, a magazine published in Toronto. It is pointed out that in March building operations were decidedly brisk in the east, as is indicated in Montreal's increase of 79 per cent and the gains of 425 per cent and 408 per cent made in the case of St. John and Sydney, respectively. Permits issued in March for building operations in St. John. This is an advance over the preceding month of \$5,812,280 and an average gain over the month of March, 1909, of 87 per cent. Only three cities in the list met with reversals, viz., Toronto, Windsor (Ont.), and Halifax, the loss being 5 per cent, 35 per cent and 59 per cent respectively.

Although St. John, Montreal and Sydney were high up, the honors for the month fall to the west, Calgary, with a gain of 887 per cent, registering the biggest increase. Saskatchewan comes second and Winnipeg overreaches the field both far and wide as regards the volume of work undertaken. Permits to the extent of \$49,230 were issued in March for building operations in St. John. In March, 1909, St. John's building permits only totaled \$9,300. This is very gratifying.

Charles Gillis of Bradford, N. H., who a 70 years old, made 300 sales in five hours at an auction in that town.

Poor Digestion?

This is one of the first signs of stomach weakness. Digest after eating, sour eructations, sick headache, bilious conditions are all indicative that it is the stomach that needs assistance. Help to regain health and strength by taking

TO STOP THE LIQUOR SALE IN CHATHAM

Police Get Orders From Town Council Committee—Montréal Pastor For Campbell Church—News Notes From Canadian Points

Chatham, N. B., May 5.—What is considered the first move in a campaign against the illegal selling of liquor, made last night when a meeting of newly elected police committee was held. Two of the town policemen were before the committee and informed of the fact that that body had made up its mind that the selling of liquor must stop. The policemen were warned that if they did not carry out the letter of the law in the matter they would be dismissed.

Chief of Police Lawson, who is Scot act inspector for the town, is Eastport, but will return Saturday. It is expected that developments in this regard will be of great importance.

It is generally believed that the new police committee are on having the Scott act rigidly enforced. Toronto, May 4.—(Special)—The Montreal book room committee voted \$200 this year's profits to superannuation. The reports were most gratifying and Briggs and staff received a vote of Dr. Carman presided at the meeting day.

Montreal, May 5.—Rev. T. D. Dr. Verduin Presbyterian church received a unanimous call from Past (N. B.), has just received another also unanimous, from St. Andrew's, bytown church, Campbellton (N. B.) he has accepted the latter.

Springhill Mines, N. S., May 5.—(Special)—E. N. McCullough, former vice-president of the U. M. W., arrived here last night and was given a great welcome public meeting. McCullough said E. M. W. had spent over \$100,000 in Scotia since the strike came on, and they were prepared to spend much and would stand by the miners of S. Hill until the whole affair was a right.

He had only one thing to say to the strike here and that was that the would be continued. There was thought that a conclusion in Gloucester would affect the conditions here.

Ralph J. Humphreys, who tonight leave for the west, was tendered a complimentary dinner at the Golf Club. Those present were E. W. W. C. Birrell, Col. Wedderburn, (Glen), H. P. Robinson, Dr. S. B. H. E. C. Sturdee, T. E. Ryder, Col. McAvity, Paul R. He Ritchie. Several speeches were given, regret expressed at the leaving. Mr. Ritchie
