

WAS GOOD YEAR FOR WOMEN'S COUNCIL

Reports for 1923 Submitted at Annual Meeting This Afternoon.

The postponed annual meeting of the Local Council of Women is being held this afternoon and evening at the Board of Trade rooms. At the afternoon session the reports of the officers were submitted and these showed that the council had enjoyed a prosperous year.

Finances.
The report of the treasurer, Miss Alice Estey, showed total receipts of \$8,801.31, of which \$4,430.95 was in the general fund and \$2,370.36 in the milk fund. The receipts from the three tag days were: Soldiers Memorial Fund, \$2,242.88; Rose Bud Day, \$1,234.46; Milk Fund, \$883.91.

Review of Work.
Mrs. N. Irene Peck, corresponding secretary, in her report referred to the fact that there were 35 affiliated societies in the council, with 30 standing committees and 35 life members. Her report covered a period of ten months from March to January with no meeting of the council between June and September.

Since March 67 letters had been written and 846 cards of notice sent for 14 meetings. The council conducted a successful Easter tea and sale in April and had assisted in tag days for the Free Milk Fund and Children's Aid Society, at both of which satisfactory sums were realized.

Other undertakings in which the affiliated societies had participated included tag days for the War Memorial Fund, the Health Centre and Salvation Army. Mrs. E. A. Young, convener of the soldiers' dependents and pensions committee, represented the council on Poppy Day and assisted the G. W. V. A. in organizing. Members of the council responded to appeals from the Glen Falls Community Club, Hospital Aid for Jans and Jellies, and the Rotary Club to renew their interest in and petition for a juvenile court.

The council heard several interesting speeches on various subjects. Miss Fleet, recently appointed inspector of widows and dependent mothers of soldiers in the Maritime Provinces, made a direct demand for the council's consideration of a maternity hospital or wing. A. L. Stearn spoke on the

value of properly pasteurized milk and gave a description of the pasteurization process. Dr. H. A. Harding of Detroit, explained the properties of pasteurized milk and assured the council that the work being carried out properly. Miss Archibald spoke on behalf of English and the council arranged for a public meeting at the Imperial. Mrs. H. P. Newcombe addressed the members on the work of the Women's Councils in Saskatchewan and A. M. Belding made an appeal for assistance for the Children's Aid.

Mrs. James F. Robertson explained the work of the Travelers' Aid and Mrs. Harold Lawrence, national convener for immigration, spoke on matters connected with her work and asked for the appointment of a committee interested in immigration. J. F. Down was heard in a special appeal for assistance for the Maritime School for the Blind.

The Pike.
An interesting report was read by Mrs. R. R. Rankine on the aims of the Ladies' Association of the Natural History Society. Mrs. H. P. Newcombe, convener of the committee on moral standards, reported that the "Fakers' Row" at the exhibition would be abolished. She also informed the council that the city was empowered to enact a by-law preventing children from attending unsuitable entertainments, and urged that this action be petitioned for.

The council passed a resolution endorsing the action of the G. W. V. A. urging that the recommendation of the Royal Commission be put in force affecting returned men, and forwarded it to the National Council.

Resolutions submitted by the National Council and endorsed included those regarding manufacture of mattresses, etc., conditions on isolated farms and in community life; duplication in office; educational matters in the province; no action taken.

The council was represented at the National Council meeting in Halifax in June by six delegates who brought back enthusiastic reports. The second conference of provincial councils was held in Moncton in January and a large delegation attended from St. John. Sackville council's invitation to meet there next year was accepted.

Resignations.
The council experienced an epidemic of resignations. Early in the year Mrs. W. B. Tennant, convener of the Free Milk Fund, tendered her resignation, but was finally persuaded to continue. On September 28 Mrs. E. Atherton Smith, who had been president for seven years, felt obliged to resign and her retirement was regretfully accepted. Mrs. R. J. Hooper was unanimously elected to succeed her. On her resigning another able leader, Mrs. A.

W. Estey was unanimously chosen as president. A reception was tendered to Mrs. Smith and an illuminated address presented to her.

The council participated with five other councils in making Mrs. David McLellan an honorary life member of the National Council.

The council's sympathy was extended to several bereaved members and best wishes for speedy recovery were extended to several afflicted by illness.

The council wishes to express its appreciation to R. E. Armstrong and Miss Maud Margee for many favors and for the use of the rooms of the Board of Trade for meeting purposes and to the press for its assistance in bringing the business of the council before the public.

Don't Squeeze Black-Heads—Dissolve Them

Squeezing and plucking out blackheads make the pores large and cause irritation. Blackheads are caused by accumulations of dust and dirt and secretions from the skin, and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of peroxide powder—sprinkle a little on a hot wet cloth—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition.

DEATHS

Dorothy Buchanan.

Friends of Mrs. and Mrs. Samuel J. Buchanan, 308 Prince Edward street, will be sorry to learn of the death of their daughter Dorothy, aged nearly a year, which occurred yesterday. Beside her parents, one sister survives. The funeral will be at 2 o'clock on Saturday afternoon.

KINDNESS TO ANIMALS.

A correspondent writes:—"Seeing so many cases of kindness to animals taken notice of in your paper, I would like to tell of a case that came to my notice one day last week. 'Twas a poor cat that, through fright, no doubt, had climbed to the top of one of the electric light poles in the corner of Newman and Durham streets. The little fellow had gone so high that he got jammed between the transformer and pole, and the iron rods prevented him from escaping. He had been there crying for two days, and no one took him until two young men, George Stellan and Ernest Hamilton, happened along, and seeing the little animal, quickly climbed the pole. Although getting some very bad scratches, they succeeded in taking him down. As the pussy was apparently homeless, the young men took him to their home and procured milk from a kind neighbor, and saw that the little thing was comfortable before leaving him. Now I think the kindness of those young men was worthy of note, considering how many had heartlessly passed by while the little animal was there."

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulsified coconut oil shampoo, which is pure and greaseless, and is better than anything else you can use. Two or three teaspoonfuls of Mulsified is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, wavy, and easy to manage.

You can get Mulsified coconut oil shampoo at any drug store. It is inexpensive, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified. Beware of imitations. Look for the name Watkins on the package.

SOCIAL SERVICE COUNCIL ELECTS

Very Rev. Dean Tucker is Again President—Session Ends.

That the Dominion Social Service Council's seventeenth annual meeting which closed last night had been a truly great convention was the opinion of Very Rev. Dean L. N. Tucker, of London, Ont., the president, and the general belief of those present. Three sessions were held yesterday.

In the morning and afternoon a great deal of business was transacted. The council re-elected Dean Tucker president and appointed its various officers and heard memorable addresses on the final day. Kirby Page, secretary of the Fellowship for a Christian Social Order, spoke on the Church and International Relations. Rev. Peter Joyce told of three years of the operation of mother's allowances in Ontario and Dr. D. C. Dawson, of McGill University, spoke of Waste and Welfare.

Many Resolutions Passed.
Many resolutions were passed at the meeting. These included matters pertaining to immigration and emigration, alleviation of unemployment, more generous treatment of disabled soldiers, more strict enforcement of marriage laws, compulsory treatment of drug addicts, instruction of children in social hygiene by their parents, the appointment of a censor board for a certain type of literature and provincial action for maternity care.

Among the resolutions was one of hearty congratulation for the Province of New Brunswick on having been the first to establish a Ministry of Health and on having been able in three years to reduce its infant death rate materially. The bringing of the matter of a uniform basis for nationality within the Empire before the next Imperial Conference was urged by the council. Officers Elected.

The election of officers resulted as follows: Honorary presidents, Most Rev. S. P. Matheson, D. D., L.L.D.; Chester D. Massey and Mrs. W. E. Sanford, Hamilton, Ont.; president, Very Rev. Dean L. In opening his address Lieut.-Colonel McAvity said that he was not going to defend his war record against the numerous rumors which were being circulated against it, but he invited anyone who entertained doubts as to his record to go to military headquarters, and there see it for himself.

He promised a revision of the tax law, assuring the meeting that there would be a better distribution of taxes in the future. He proposed to inaugurate a new system in the collection of taxes. Under the new system, he said, the payment of the taxes would be made less of a burden. The taxes would be collected on the easy

WAKE UP FRESH AND VIGOROUS AFTER USING VEGETABLE SYRUP

There are lots of people here who are neither very well nor very sick, but who never feel their best at this time of the year. And the trouble, in the majority of cases, is due to the sluggishness of one vital organ. This organ is your liver! When working properly it aids digestion, prevents constipation and purifies your blood. When it is clogged up with impurities, it cannot do these three things until it is properly cleaned and toned. Consequently you often wake up mornings feeling dull and tired, tongue coated, complexion sallow, digestion poor—often constipated, nervous and upset. You catch cold easily and your system is too run-down to throw off these ailments. You continue to feel badly until your liver has been properly cleaned and toned. Get quick relief! Take just a spoonful of Dr. Thatcher's Liver & Blood Syrup every day and night.
