Roy Chisholm to Toronto.
Toronto, Oct. 12.—Roy Chisholm, champion of the maritime provinces and conqueror of George Field and one of the best amateur boxers in the country, has accepted an invitation of the Ontario Union to compete in the international tournament here on Thursday and Friday of next week. A wire from Toronto to the Maritime Branch of the A. A. U. late tonight, and the local committee immediately decided to add a special 180-pound class to the card.

Football Saboteur.
Those who saw the league match between the Spurs and the Arsenal at Tottenham, says a London letter to The Times, "say it more resembled a prolonged farce than an exhibition of football." Saboteur in local matches between keen rivals what is called a "needle" game inevitably results in both players and spectators sometimes lose their heads. But rough and foul tactics has been a growing evil in professional football since the revival following the depression during the war, and it is high time it was firmly checked by drastic action on the part of the authorities. The Football Association exercises practically autocratic power, and there is no excuse for toleration of tendencies which must eventually ruin the game from the business as well as the spectator point of view. Soccer football casualties have for some time been far above the normal average of decent fair play. The cup final last season furnished a glaring example of how not to do it. No action was taken then, though most people thought it should have been. This season a wholesome discipline is to be applied. Referees have received special instructions on the subject, and official action in London case will be closely watched.

Copyright Clothes
Men who have their clothes made by Walsh know no other man can have one like theirs. The fit, feel and the artist's expression of their character is, of course, individual to each one. DAL. RATIFIES RUGBY RULES
Halifax College Approves Constitution, But Other Clubs are Hanging Back.
(Halifax Chronicle)
Word has been received from the secretary of the Maritime Rugby Football Union that Dalhousie University Athletic Club has expressed itself as being willing to ratify the Constitution of the M. R. F. U. With the ratification of the constitution by Dalhousie and their consequent entering of the Union there are now four of the strongest Football Clubs in Nova Scotia ready to compete for the Maritime Rugby championship. The Maritime Rugby Football Union was formed in Toronto last season on November 17 and its headquarters are in Halifax. Sixteen Clubs were represented at the inaugural meeting at Toronto, but of the entire sixteen only four have ratified the constitution drawn up and submitted to them for approval. Caladonia, New Aberdeen, Dominion No. 6, and Dominion No. 8 clubs make a swiftness to ratify the constitution. The Maritime Rugby Football Union will not operate this season.

UNCLE SAM'S TRACK MEN INVITED TO GOTHENBURG
New York, Oct. 13.—United States track and field athletes will have an opportunity to compete in Sweden next summer if the invitation received by the Amateur Athletic Union is accepted. The Swedish Athletic Association notified A. A. U. officials that a set of international games would be held at Gothenburg July 1 to 15 to commemorate the 80th anniversary of the establishment of that city. A stadium to seat some 20,000 spectators has been erected and a fast track and infield installed. All running events will be at metric distances. The programme is modeled after the Olympic games, and will be held under the rules of the International Amateur Athletic Federation.
