## POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, MAY 7, 1921 ONE YEAR BONDS Many people have sums of money they intend to use for building purposes as soon as they consider conditions favorable. Others have amounts put aside for various projects which cannot be proceeded with at present. Such amounts cannot be better invested than in the Bonds of the Canada Permanent Mortgage Corporation, which are issued for one year, bearing interest at FIVE PER CENT. per tannum, payable half-yearly. These Bonds are also issued for longer terms at a higher rate. As a security they leave nothing to be desired, and the rate offered is an attractive one for a short-date investment which cannot depreciate in value. The Corporation was established in 1855 and has been issuing these Bonds for nearly half a century. Further information gladly furnished on request. P WANTED SHOPS YOU OUGHT TO KNOW PIANO MOVING
