THE MAN FROM HOME THIS WEEK'S OPERA HOUSE BILL

Thompson-Woods Stock Company Give Good Presentation of Noted Comedy

A time honored problem which has presented itself for solution in Anglo-American debate since the beginning of self-made wealth across the border was presented last night before a large...

No matter what may be said of the Americans in the play it will undoubtedly be popular in St. John. The audience last night appreciated the production thoroughly for it was excellently enacted. Mr. Mehary in the stellar role was his same old self, and well deserved the many plaudits for he was castly at home in the role.

The piece abounds in good humor. It was splendidly staged and mounted, the stage fixtures and properties with scenic equipment being greatly admired.

BATTLE OF FORT LARAMIE PICTURED AT GEM THEATRE

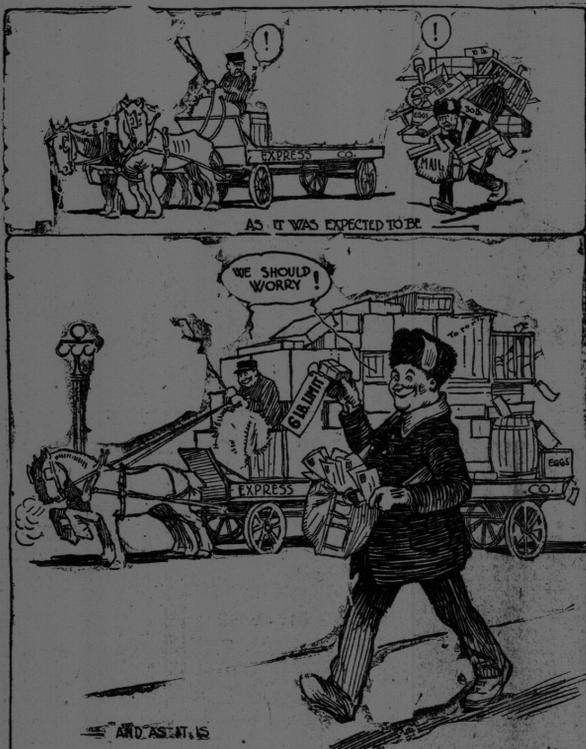

A two part production by the Kaleem Company, "The Battle of Fort Laramie," was the leading attraction at the Gem Theatre yesterday, and it afforded untold pleasure for all who witnessed it as well as the other members of the nicely varied programme.

UNCLE TOM'S CABIN PACKS THE IMPERIAL

Fine Musical Act and a Pleasing Song-Scenes Popular Melodies. Lambert Brothers & Donovan, banjo players and master musicians in general, proved a satisfactory act at the Imperial yesterday, even if they did disappoint the matinee patrons because of their late train.

The pictures were headed by no less a favorite than Uncle Tom's Cabin, the two Kaleem reels—redolent of the sunny south in cotton, the murky Mississippi, and all the familiar scenes of that play of plays, the orchestra finishing the fine effect with household melodies like Old Black Joe, My Own Kentucky Home and Massa's in De Col' Col' Groun.

The Parcels Post In Canada

As it was expected and how it has happened, being a humorous picture by cartoonist James Fries, of Toronto, showing how the temporary restriction to six-pound limit has kept both the postman and the express driver happy.

IF KIDNEYS AGT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overtaxes the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy.

UNIQUE

A story convincingly portrayed and centered largely around the Shriners Concert Tour of California, entitled "The Shriners Daughter," is the feature offering of the programme now being shown at the Unique Theatre.

During the year 1913 the amount of new buildings in Canada, as reported from 100 localities was \$178,959,588, a decrease of \$45,698,689 from 1912's figures.

THE SALVATION ARMY IN INDIA

The Salvation Army is one of the largest missionary agencies at work in the world today. The foreign missionaries of the Salvation Army now number 3000. The responsibility for branching out in this direction was felt by the army leaders, and responded to in the year 1882, when the first contingent of officers was sent to India.

Bandmen Entertained

The members of the 62nd Fusiliers Band were entertained by George Macaulay, manager of the Victoria rink, at the close of their programme last night. The band was taken by surprise, and after toasts were proposed a short programme was carried out.

Directors Re-elected

At the conclusion of the annual meeting of the shareholders of the St. John Street Railway Co. yesterday afternoon, the old board of directors were elected, as follows:—Hugh H. McLean, president; Fred R. Taylor, vice-president; R. B. Emerson, James Manchester, W. H. Thorne and J. K. L. Ross.

ONE OF THE BIG NEW TRAILERS ON MONTREAL STREET RAILWAY

For a long time Montreal has been experimenting with a new style of street car trailer, and the public as well as the company think it a great success. The picture shows the trailer the same size as the motor. The conductor lowers the step by means of a lever, and in this way the car is picked up as it were, when in motion, thus preventing accidents, from boarding cars in motion.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION BY A STOMACH SPECIALIST

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people have stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and acidity, is acid in the stomach, usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process by digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent. of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisulphated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your chemist for the bisulphated magnesia, as I have found other brands utterly lacking in its peculiarly valuable properties.—F. J. G.
