RECENT DEATHS

Richibucto, June 11—The death of Mrs. William Brown occurred very suddenly at her home in Pagan street, about 5:30 o'clock yesterday morning. She leaves to mourn her loss two sons and one daughter besides other relatives and many friends. The sons are Lester, engineer at the electric light station and Bruce, of the Kent Northern railway. The daughter is Mrs. Annie Phinney. Miss Merrill, her sister, residing in the United States, is expected in time for the funeral which will be held this afternoon.

Archibald Collins, a former young man of this city, died in San Diego, Cal., on Tuesday. He was a son of James Collins, merchant, of Union street, and was about twenty-five years old.

The death of George Kea, a former resident of this city, occurred in Cambridge, Mass., on Tuesday last. He was fifty years of age, and a son of Mr. and Mrs. Thomas Kea, of 139 Leinster street. He was removed to Cambridge about twenty-five years ago. His wife, two sons, three daughters, father and mother, two brothers and one sister survive. Frederick Kea, of the London House staff, and Thomas W. Kea of the American Clothing House, are brothers.

The government ticket as constituted is a fairly strong one but not as strong as a judicious selection of candidates for nomination might have made.

—St. John Globe.

**SUFFRAGETTE CRAZE
HAS INVADDED DUBLIN**

Women Smash Windows in Public Buildings and Eight Are Arrested

Dublin, June 13—A campaign of window smashing was opened today by Irish suffragettes who tried to emulate the deeds of their English sisters but came into vigorous conflict with the authorities. After the women had made an energetic attack on several public buildings, eight of them, who were armed with bags of stones, were arrested and are to be brought up before the police magistrate.

The women, headed by the police captain, had set siege to and succeeded in shattering forty-two windows of the customs house, the post office, the land commission office, and the police and military barracks.

**TIE FOR CHAMPIONSHIP
OF WORLD IN CRICKET**

England and Australia Have Each Won From South Africa

London, June 13—England and Australia are tied for the world's cricket championship, each having defeated South Africa. In the match between England and the South Africans which ended yesterday, England won by one innings, and sixty-two runs. Making 222 runs to avert a single innings defeat with seven wickets left, the colonials made a plucky fight but fell short of the required total by six wickets on the second day of the match, but no other play was possible.

**BASEBALL DREAM
MEANS HIS DEATH**

Camden Man Thought He Was Cheering the Home Team and Walked Out Window

Camden, N. J., June 13—Dreaning he was at a baseball game and "rooting" for the home team, William Collins, forty-eight years old, went too close to the fourth story window of his home here, last night, lost his balance, and fell out of the window. He struck on his head and back, sustaining a fracture of the skull. It is said he will die.

A vote for the Liberal candidates in this campaign will be a vote for progressive government and for a real forward movement in New Brunswick.

Wall Street Notes.

New York, June 13—Americans in London 13 to 34 higher. British government decides to take no part in the dock strike.

The United States senate refuses to recede from provision in the steel bill which requires Canadian reciprocity.

The money trust hearings are today, as will the steel and sugar trust hearings.

Pennsylvania R. R. employees will vote today on the question of striking.

Felt expected to get the remaining contested delegations, giving him 574 delegates, or thirty-four more than enough to nominate him.

The Journal of Commerce reports its acreage of cotton showing a reduction of 74 per cent under last year's.

London cables say J. P. Morgan will sail for New York this week. This does not agree with the understanding here.

Guggenheim Exploration Company for the year 1911 shows profit of \$10,067,000, and after 10 p. c. dividend the company shows a surplus of \$23,474,177.

The Sun says neither the Pujio committee or any other congressional committee has the right to compel a business man to disclose his business relations with his clients or with other people except in certain specified particulars, and witnesses are sheltered under the provisions of the legislation which protects the right of the people to be secure in their persons, houses, papers and effects against unreasonable searches and seizures. It is surprising how much popular lack of knowledge there is on this subject.

Reports from Texas nearly all are favorable regarding the growing cotton crop.

Wall street is trying to make a serious bear argument out of the deterioration in the prospects of crops in general. The stock market at the moment is in a waiting attitude and a little nervous. Do not look for any particular move at the moment.

SHEARSON, HAMMILL & CO.

DOCTORS SEND RESOLUTION TO THE COMMISSION

In the office of the secretary, Dr. T. H. Lunney, Union street, last evening the physicians who had not been attached to the staff in the hospital, but who later have been admitted to attend private patients, held a meeting at which they considered the regulations governing the matter of medical attendance at the institution.

A resolution was passed that the "outside" doctors thoroughly appreciate the action of the hospital commissioners in changing the rules and regulations so that patients, and a copy of this was ordered sent to the body through the secretary.

Doctor Most presided at the meeting.

The physicians are very well pleased at the outcome of the movement, which has really been in progress for twenty-five years, having been kept up on their part until they gained their point.

MAN KILLED IN BOSTON FIRE TODAY

Boston, June 13—One man was killed and damage estimated at \$300,000 was caused by a fire that broke out in a Portland street paint and varnish shop early today. Robert Johnson, colored hotel porter, fell from a roof and was killed.

The chief losers are A. A. White & Co., painters and varnishers, and Holdt & Beebe, silversmiths.

LIBERAL
GAINS ON ALL HANDS

Reports From the Counties Show Marked Indications of a Great Turn Over on Next Thursday

In Gloucester the Liberals are assured of four seats and the statement has been made that if the elections were held tomorrow the government candidates would lose their deposits. P. J. Veniot is putting up a remarkable fight and already has the government forces on the run. The government forces are using every means at their power to strengthen themselves and are dismissing Liberals from even the smallest offices for the purpose of making places for their supporters.

The Conservative workers in Charlotte are becoming disheartened over the success of the opposition forces, who are buoyant and hopeful concerning the outcome on the 20th. The Liberal candidates are clever, representative and practical citizens and respected by all who know them. They have been assured of hearty support from voters in all sections of the county, many government followers expressing themselves as disgusted with the policy of the Fleming administration, which seems to be for the classes and corporations as against the average working man.

Hon. F. J. Sweeney addressed a big meeting of opposition supporters last night in Sackville. The feeling in favor of the opposition in Westmorland is steadily increasing.

George W. Kimball and Milton A. South, the Liberal candidates in Sunbury county, were in the city yesterday and are feeling very confident of their success in the result of their brief campaign. Mr. Kimball said that prospects for Liberal victory in Sunbury were very bright, and the party was united while the Tories were hopelessly split and even the candidates not being in harmony.

"The spirit shown by the Liberals is truly remarkable," said Mr. Kimball. "After the disaster of the recent election, the inability of A. P. Miles to accept the nomination I little expected to see any interest taken in the Liberal cause."

Mr. Kimball called on Tuesday to fill the vacant place on the ticket. To my surprise there was fully as large an attendance at the convention on Tuesday as at the previous convention, about fifty delegates coming from all parts of the county to assist the ticket.

"Since being nominated," Mr. Kimball said, "I have been approached by several warm Conservatives who have promised Liberal votes in their lives who have promised their support to the ticket and I believe we will win."

Mr. Kimball has always been a consistent temperance man and he will take the pledge of the Saturday Temperance Federation to support temperance legislation if elected.

The Liberals of Albert county are jubilant over the prospects of success in the coming election.

Carworth, and Dr. J. T. Lewis, are among the most prominent men of the county, and are extremely anxious to be the better element among the Conservatives as well as the solid backing of the Liberal vote in their lives who have promised their support to the ticket and I believe we will win."

Mr. Kimball has always been a consistent temperance man and he will take the pledge of the Saturday Temperance Federation to support temperance legislation if elected.

LIFEBOAT EQUIPMENT BASED ON TONNAGE

Wrong, Says Lord Mersey, Should Be Enough for all on Board

London, June 13—The number of lifeboats carried by the Titanic, which was sailing under the regulations of the London Board of Trade, before the Titanic disaster, was based on the tonnage, and the number of people aboard, so the Titanic investigators were told by Sir Walter R. R. employees will vote today on the question of striking.

Felt expected to get the remaining contested delegations, giving him 574 delegates, or thirty-four more than enough to nominate him.

The Journal of Commerce reports its acreage of cotton showing a reduction of 74 per cent under last year's.

London cables say J. P. Morgan will sail for New York this week. This does not agree with the understanding here.

Guggenheim Exploration Company for the year 1911 shows profit of \$10,067,000, and after 10 p. c. dividend the company shows a surplus of \$23,474,177.

The Sun says neither the Pujio committee or any other congressional committee has the right to compel a business man to disclose his business relations with his clients or with other people except in certain specified particulars, and witnesses are sheltered under the provisions of the legislation which protects the right of the people to be secure in their persons, houses, papers and effects against unreasonable searches and seizures. It is surprising how much popular lack of knowledge there is on this subject.

Reports from Texas nearly all are favorable regarding the growing cotton crop.

Wall street is trying to make a serious bear argument out of the deterioration in the prospects of crops in general. The stock market at the moment is in a waiting attitude and a little nervous. Do not look for any particular move at the moment.

SHEARSON, HAMMILL & CO.

SAY CONFIDENT THAT SCOTT REACHED POLE

Two of British Expedition to Antarctic Arrive at Plymouth

London, June 13—Two members, Chestnut and Cissold, of Commander Scott's Antarctic expedition arrived at Plymouth last night. The men said they were confident their leader had reached the south pole and added that but for the early formation of ice Scott would have reached home this year. They were greatly disappointed to learn that Amundsen had first reached the pole, but say that the weather and good route were great speed factors in the Rossman's success.

SAD TO SAY, GAME IS OFF

The combined efforts of Jupiter Pius, Jack Frost and a few other men, put the baseball game, scheduled to take place this afternoon on the Marathon grounds between the Gay Musicians baseball team and the local newspaper men, in the list of postponed events. However, perhaps it is just as well for the Theopians for the Sorbes were all ready and eager for the fray, and very anxious to show the "legits" that, although they were all right behind the footlights, the baseball diamond was not their stage.

Manager Ervin had made great preparations for the game, and the rain caused great disappointment, not only among the players, but among the fans in general. For it was assumed that the match would be played in big league style. Although the Gay Musicians Company will be here for the rest of the week it will be impossible to find time to play the game, for there will be games in the N. B. and Maine league here tomorrow and on Saturday.

The scrubs may clash with the Customs House team.

**ONE TO GALLOWES,
OTHER IS SENT
TO DEATH CHAIR**

Two Murderers Sentenced Yesterday and Another Is Found Guilty

ONE CASE IN CANADA

Twenty Minutes Sufficient For Montreal Jury to Bring in Verdict and Sentence for September 20 Follows—Execution in Sing Sing in July

(Canadian Press)

Montreal, June 13—The second death sentence in the present term of the Court of King's Bench was delivered last night by Judge Gervais when, after twenty minutes' deliberation, a jury brought in a verdict of guilty of murder against Sylvio Yacovoff, who was charged with the murder of his sister-in-law, Louise Tremblay, on March 10 last. September 20 was set as the day of execution.

Following sentence the accused made a statement in which he maintained his innocence. He was convicted on the testimony of Delia Antrant and Raoul and Ernest Goubout. The former testified that several days before the crime Yacovoff had said to her in reference to his sister-in-law: "She will yet die by my hands."

On the night of the murder she was occupying the room next to that in which the murder was committed. She heard voices raised in anger and then a shot. She ran into the room and saw the accused and the murdered woman, the latter prostrate. She called for help and Raoul and Ernest Goubout arrived. Yacovoff seized Yacovoff and wrested a gun from him. The Goubout brothers supported this evidence.

All three witnesses also testified that Yacovoff when seized, had said: "I did it because I wanted to."

New York, June 13—"Big Bill" Ringier, tall, stoop-shouldered, scowling and sullen, was sentenced yesterday by Judge Maloney to die in the electric chair in Sing Sing prison on the morning of July 15 for the murder of Patrick Burns, formerly chief of police of Findlay, Ohio, in the Burns' saloon in the Bronx. The murder was done on February 11, at a time when Ringier and several others were attempting to rob the saloon.

The case was crowded with witnesses and others interested in the trial of Frank Muehlhoff, a cousin of Ringier, accused of complicity in the Burns' murder and with other crimes in the Bronx. Muehlhoff was an itinerant missionary by profession, but he had been arrested in crimes at night.

The jury in the trial of Muehlhoff rendered a verdict of guilty of murder in the first degree. The jury was out only five minutes. He was remanded to the Tombs.

A GOOD PLAN

Commissioner Having Streets Cleaned at Night When it Can Be Done

The city commissioners decided yesterday to go ahead with the work of laying granite paving in Main street and Paradise street, and between car tracks in King street, macadamize the rest of King street, and asphalt Charlotte street from Union street to the Dufferin Hotel. The work is being prepared and tenders for the work will be called as soon as they are ready.

It also continuing the work of macadamizing Waterloo street and Burpee avenue. In accordance with his ambition to have the streets cleaner than they have ever been before the commissioner of public works is employing a large force of men necessary to clean up the streets. The work can be done with less interruption to traffic at this time and the streets are left in good condition for the next day.

JUDGE LANDIS GIVES HIS VIEWS

I ran into Judge Landis in the Congress Hotel lobby. Landis is the judge who put the \$25,000 fine on the Standard Oil Company. The judge is much admired in Chicago and elsewhere for the justice, common sense and human charity he dispenses from his seat in court. He was a When-I-played-With-Booth make-up-tragic but with modern trimmings, and is credited with a large vocabulary, sacred and profane in the United States. He is a Roosevelt man and his views on politics are brisk and entertaining. He said, meaning the national convention: "they look at it from a queer angle. They say they can't win with this party, but they must put him over for the sake of the party. If I were Roosevelt and had gone out and got all these delegates I'd go a little farther and get the convention."

"What about the democratic convention?"

"Oh! I've said for a year back that I'd rather have Bill Bryan's chance of nomination than any of them." A characteristic strong Judge Landis opinion, but as liable to be reversed as that Standard Oil verdict.

ROOSEVELT BOLT OR A COMPROMISE MAN?

(Continued from page 1)

Theodore Roosevelt's managers have still another way of beating the game. Let Taft be nominated by his packed convention, and then let the electoral college, when it assembles in Washington in November, vote for whom it pleases. There is nothing in the constitution that says it has to stick to the printed tickets. The significant thing is that this suggestion is being advanced by Roosevelt managers. Evidently they want no rough work in the Chicago convention.

What Colonel Roosevelt may do off his own bat is another story.

MAY YOHE MYSTERY GROWS STILL DEEPER

New York, June 12—The police are still trying to solve the mystery of the whereabouts of Miss May Yohe, who was reported several days ago as missing from her home. The police were unable to verify the report that she left on Saturday for Europe on the Minneapolis of the Atlantic Transport Line.

The mystery has been deepened by the finding near the lake in Central Park of a woman's coat and a handbag containing three letters addressed to Miss Yohe. W. G. Williamson, a resident of Surrey, Eng., reported to the police, that he was walking in the park about ten o'clock Saturday night, when he heard a woman scream: "Officer!" The cry was repeated four times, he says, and then stopped abruptly.

Park employees dragged the lake in Central Park at Seventy-second street for three hours. At the boarding house where Miss Yohe lived with her maid, Josephine Scott, to whom one of the letters in the handbag was addressed in Miss Yohe's handwriting, it was stated that no news of the missing woman has yet been received.

MORGAN PAYS \$10,000 FOR BOOK OF MARTYRS

London, June 13—J. Pierpont Morgan has purchased Bayard's copy of Fox's Book of Martyrs from the Bedford library. The purchase price was \$10,000.

VIOLENCE IN STRIKE

Perth Amboy, N. J., June 13—Monsieur, patrolman and sheriff's deputies today ordered all saloons closed in the vicinity of the plant of the smelting and refining company here, where serious strike riots occurred last night. Two policemen were injured by stones and three rioters wounded by bullets. The strikers, principally laborers employed by the smelting and refining company, demand a 15 per cent increase.

WESTERN ACRES UNDER CROPS MILLIONS MORE THAN WERE LAST YEAR

Vancouver, B. C., June 13—Vice-President Burry of the C. P. R. in an interview today, said that, although spring had been rather backward, it is estimated that there are 18,200,000 acres under crop in the three prairie provinces 2,000,000 acres more than last year. There are 10,500,000 acres of wheat this year.

DROPS DEAD ON LEARNING OF LOSS OF HIS HOTEL

Utica, N. Y., July 13—The Allen House, one of Onondaga's best known best hotels, was practically destroyed by fire, a little after midnight. When Theodore Allen, aged fifty years, owner of the property, had been sitting in the committee on a learned of it he dropped dead. The blaze proxy, prepared to defend himself and his was of incendiary origin.

Chiclets
SALLY DELIGHTFUL

Thousands of people chew Chiclets who would not use any other chewing gum. Dainty morsels of the finest chewing gum, crisply coated with the pearly peppermint. Not the horse-mint or the swamp-mint—but *Mentha piperita*—the peppermint—the true mint—delicately fragrant, cooling and salutary.

Chiclets
REALLY DELIGHTFUL
The Dainty Mint Covered
Candy Coated
Chewing Gum

Chiclets for Indoor People.—Office workers, students, professional and business people find the chewing of Chiclets a beneficial sedative for the nerves, a preventive of fidgets, an aid to concentration. Chiclets keep the mouth moist and cool. Helpful to the digestion. The refinement of chewing gum for people of refinement.

Look for
