Council's Felicitations to a Well-Known Impressario on Successful Inauguration of Movement.

The writer asked for the council's sup-

Victoria, B. C., Oct. 21st. 1902. Ontario. Here special facilities exist for making this an ideal location for a trainfing centre for teachers. The experimental plots for grains, etc., and the various experiments conducted bearing directly upon the science of farming has a ready application to the studies intended to be pursued there under this new system. By arrangement with the Ontario government, therefore, there is to be provided at the college facilities for the instruction of such men, that would be a very important of the Toronto branch of the League, which is, that a force of men should be trained in the A Division of the Slips should be brought over to Canadian ports, together with the officers, who should train the Canadians in the use of the guns. It is thought, in that way a nost useful service could be given the navy. If Canada could supply 5,000 and the these of such men, that would be a very important of the Solidary of Victoria, you have addressed to the council, containing notice of men should be trained in the A Division of the A Division of the Solidary of Yelloria, you have addressed to the council, containing notice of men should be trained in the A Division of the A Division of the Solidary of Yelloria, you have addressed to the council, containing notice of men should be trained in the A Division of the Conadana of the Council, containing notice of th way, a most useful service could be given the navy. If Canada could supply 5,000 of such men, that would be a very important addition. These men, of course, would be paid while under training, the same as the other regulars in the country. What would be the feeling of the peeple of Canada to-day, if the fate of I have the honor to be, sir.
