About tunnels.

The tunnels of the world are estimated to number about 1142, with a total length of 514 miles. There are about 1000 railroad tunnels, so canal tunnels and 40 conduit tunnels, aggregated length of about 350 miles, 9 miles, 70 miles and 85 miles respectfully.

goods and learn our prices. We close at six o'clock.

J. Flanagan.

Hugh J. Chisholm left Portland, Me., Friday morning for a short trip to Europe. During Mr. Chisholm's absence he will probably visit Norway and Sweden for the purpose of the Montreal Witness office shortly after midnight Thursday. The explosion was heard all over the city. The windows were blown out, and the press was somewhat injured.

Maine's Pulp Industry.

Hugh J. Chisholm left Portland, Me., Friday morning for a short trip to Europe. During Mr. Chisholm's absence he will probably visit Norway and Sweden for the purpose of thoroughly investigating the pulp and paper market, with a view of making a permanent market for the product of future industries to be established at Rumford Falls.

Rev. J. H. Hughes, preached here Sunday evening to a large audience. Miss Adelia Smith, daughter of

Robert Smith Esq., of this place re-

ently graduated at the Newton Training Hospital School. Harry Alward of Fredericton, Harvey down train was crossing the at Albert was the attraction in son -Strawberries seem to be plentiful in the ill-fated train when the bridge cipitating the postal and passenger cars

cussing the opening night, etc.

—The new hall is to be opened about the 21st of the month. It is being nearly fitted up with the latest style opera chairs and a fine drop curtain.

—If you are desirous of purchasing a nice clock for your home, it will pay you to read K. Bezanson's "ad." in this issue. If you cannot call write him the way from 3 to 7 in butter fat.

collection was taken up in aid of Foreign Missions.

—During the month of July, August and September, Saturday excursion tickets will be issued on the Salisbury & Harvey Railway, good to return the following Monday. A. Sherwood, Manager,

—We want the public to know that A. A. Smith has started a carriage and undertaking business at Hopewell Cape, where all work in both lines will be done promptly, and in order. Painting and repairing a specialty.

all the butter they should from their milk. The separation of cream from new milk by the centrifugal process was fully explained and much appreciated by the audience. Messrs Peters and Hubbard appear to be very much in their special dairy instruction work, and their efforts are no doubt much appeciated by our farmers. Mr. Peters grew very enthusiastic when referring to the beauties and natural advantages of this portion of Harvey, and describes it as a place of much wealth, the farmers being contented and living in peace and plenty. He all the butter they should from their milk. The separation of cream from new milk by the centrifugal process was fully explained and and shaken up, and yonng Copp with only a few scratches. Mr. Downing and Mr. Crossman were badly turtabete and the bad shaken up, and yonng Copp with only a few scratches. Mr. Downing and Mr. Crossman were badly turtabete and the bad shaken up, and yonng Copp with only a few scratches. Mr. Downing and Mr. Crossman were badly turtabete and the bad shaken up, and yonng Copp with only a few scratches. Mr. Downing and Mr. Crossman were badly turtabete and the sout the head, McKay had the cords of his ankle cut off and otherwise considerably hurt. Had the tide been in all would have probably been drowned as the water is 25 feet or more in depth at flud tide. Mr. Belyeas aucceeded in recovering the mail and mail bags and whatever else that was movable about the cars was got out. The loss to the railroad company will be severe.

Waterside.

Monday being a holiday the shops were all closed, and everybody seemed to be going out of town, some to private picnics, others driving, all seeking to get some place where it would be cool any where it would be cool any where it would be cool any where in the midst of us.

Waterside.
