| 1 | THESE Dictionar es have received the approval of the most emment literary men, both in England and America. The Royal Quarto Dictionary, although first published in 1866, has already become the standard work in most of the literary institutions in the country; while the smaller works, especially the Comprehensive and the Primary School Literionaries have been extended the primary School Literionaries have been extended. |
| | sively introduced into the best Academies and Common Schools in the United States. They are now the Authorised Dictionaries for New Brunswick, as will be seen by the fellowing certificate: |
| | EDUCATION OFFICE. Fredericton, August 22nd, 1861 The Board of Education having authorized Worcester's Dictionalies for the use of the Public Schools in New Brunswick, I have much pleasure in recommending the Work to the favorable consideration of Teacler's. |
| | John Bennet, Chief :: 100 NORCESTER'S ROYAL QUARTO DICTIONARY, |
| | (Illustrated.) 1854 Pages - 1000 ILLUSTRATIONS. This is entirely a new Work, and all the new words, synonymes, and illustrations will be found in their pro- |
| | per places. Attention is particularly defled to the fol- lowing Testimonials, selected from hundreds received of the same import:— From H. R. H. Prince Albert, in an Autograph Letter to |
| 1 | the Hon. Pd. Everett, dated Buckingham Palace, May 9th. 1860. My Dear Mr. Everett: 1 have to acknowledge the sceipt of the very handsome copy of Dr. Woreester's |
| | Dictionary, which you have bee, good enough to send me; and I must beg of you also to assure the publishers that I am very sensible of the kind fee ing which they manifested towards me. It is very gratifying to see that the parant language receives such valuable aid for its development and the preservation of its purity in your southry. |
| F | From the Rev. W. Whewell, Master of Trinity College, Cambridge, Author of "History of the Inductive Sciences." |
| it | I have repeatedly consulted the Dictionary since its been in my possession, and have seen reason to think more complete and exact than any of its predecessors. rem Joseph Bosworth, D. D., Professor of Anglo-Saxon, University of Oxford. |
| | It is the most complete and practical, the very host as well as the cheapest Dictionary that I know. From Charles Dickens, England. It is a most remarkable work, of which America will |
| | be justly proud, and for which all who study the anglish language will long have reason to respect your name, and to be grateful to you. From E. Ryerson, D. D., Superintendent of Public In- |
| | struction in Upper Canada. I have for several years used Webster, as the best Dictionary of its kind-always excepting its orthography— |
| 280 | but I regard and recommend for our schools and public in titutions, Worcester's Dictionary, as a very great im- provement upon that of Webster's pictorial edition. From the Most Rev. John Hugher, D. D., Archishop of |
| | New York. I regard it (the Quarto) as one of the best, if not the very best published in our language. |
| | From the Rev. A. F. Ciampi, President of the College of the Holy Cross, Worcester, Mass. The work is great, and destined not unlikely, to su- persede other English Dictionaries now in use. Its |
| I | deficitions of religious terms are singularly fair and impartial. The collection of syonymes is most appropriate |
| 1 | and altogether suitable to the want of the student. From the London "Literary Gazette." The lapse of a few months will be sufficient to establish Worcester's Dictionary as the acknowledged standard of reference among the scholars of England and America. |
| | From the London "Athenœum." |
| 1 | vast amount of diligence; but with Webster, it is dili- gence in combination with fancifulness; with Worcester in combination with good sense and judgment. Worces- ter is the soberer and safer book, and may be pronounced the best existing English Lexicon. For sale at all the principal Book Stores. |
