### Jack Dempsey Asks Inquest Into Death Of Alfred E. Corbett

New York, Jan. 22.—Jack Dempsey, heavyweight champion of the world, has asked that an official investigation be made of the informal charges that he was a draft dodger during the war. The request was made in a telegram received today by Major A. J. Drexel Biddle, president of the Army, Navy and Civilian Boxing Board, which it is understood will conduct the inquiry asked in the near future.

Dempsey points out in his telegram that the A. N. C. B. B. issued a professional boxer's license to him just prior to the match with Jess Willard, which certifies that he had a clean and honorable record as a professional boxer and that he had the full sanction and approval of the board. Dempsey received license number 2, the first card going to Willard, who was then champion.

The A. N. C. B. B. has announced that Dempsey's request will be referred to the arbitration committee of that organization for decision as to whether such inquiry should be undertaken.

### THE RECREATIONAL CENTRE OPENED

With a very large attendance showing the great interest taken in such movements, the Y. W. C. A. Recreational centre on King street, east was formally opened last evening.

Mrs. John A. McAvity, president, spoke interestingly on the Dominion Council of the Y. W. C. A., which includes all the work of this association in Canada. Her talk was strikingly illustrated by a poster in which "Y" was represented as a train with fifteen cars typifying the various departments of service. Christ was the Head Light, the steam, religion, the engineers the health department. On the engine was the budget for 1920, \$150,000. Mrs. McAvity also read Lady Falconer's address delivered at the Hamilton convention, pointing out that the aim of the Y. W. C. A. is to lead young women into personal loyalty to the Saviour and to promote their spiritual, intellectual, social and physical well being.

Mrs. J. M. Barnes gave a much enjoyed piano solo; Miss K. Matheson, who is the leader at the centre, spoke on "Recreation, Re-Creation and Wreck-creation. Her address was practical and was listened to attentively. Miss Louise Wright sang for social refreshments were served under the direction of Mrs. J. D. Hunter, the young lady guests at the "Y" assisting.

Upstairs a class of twenty-two business girls in the gymnasium, was watched with much interest by the visitors. It was instructed by Harold Burley of the Y. M. C. A. There are about 150 girls enrolled in the gym classes.

The rest room down stairs is cosy and attractive, while the recreational centre is spacious and well adapted for social gatherings. A big hard wood floor has been laid and all is ready for the activities planned.

### Real and False Interests.

(London Morning Post.)

It is no legitimate interest of ours whether Russia be governed by an autocratic government or a limited monarchy or a republic. Our legitimate interest is that Russia should be governed by friends of the Allied cause and not by its enemies. If we had stuck to that conception of policy and had judged every friend or professed friend by his record, and not by what he called himself, the Allied cause in Russia might not now have been in its present desperate plight. And if Russia is to be saved there must be a new attitude. We must attack this question not as sentimental idiots, content to discharge a debt of honor by wasting a hundred millions; but as practical men, fighting warily and wisely, in a struggle for existence.

### PACKING CONCERNS HELD RESPONSIBLE FOR "HIGH COST"

Newark, N. J., Jan. 22.—The high cost of living, since 1915, has been due largely to the five great packing concerns, whose profits from 1915 to 1917, inclusive were more than \$192,000,000, as compared with \$59,000,000 for the preceding years, William E. Colver, chairman of the Federal Trade Commission, declared in an address for the commission before the Atlantic Coast conference of the Consumers' league here today.

Colver was unable to attend. "Build-up" on huge surpluses out of undue profits, Mr. Colver's statement said, "these concerns sought investments in unrelated lines."

A representative of Swift and Company of Chicago, later read a telegram from Mr. Swift in which he denied that the packers had been responsible for increasing the cost of living, and declared that Mr. Colver showed another disregard of facts. It was asserted that the price of meat has risen only 58 per cent, since 1913 while the average food increases had been 105 per cent.

### Burk Sentenced To One Year For Rioting In Winnipeg

Winnipeg, Man., Jan. 20.—(By Canadian Press).—When the Assizes opened today and the roll call of the jury-men had taken place, Karl Burk, convicted of rioting and unlawful assembly during the early days of the June strike, was sentenced to one year's imprisonment in the provincial jail to date from the day of the verdict.

### WOMAN SO ILL COULD NOT WALK

Lydia E. Pinkham's Vegetable Compound Restored Her to Health.

Perth Amboy, N. J.—"For three years I suffered with a severe female trouble, was nervous, had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in my newspaper, and tried it. Now I am better, feel strong, have no pains, backache or dizzy spells. Every one tells me how well I look, and I tell them to use Lydia E. Pinkham's Vegetable Compound—that is what makes me feel well and look well. I recommended it to my sister and she is using it now. You can use this letter if you wish, for it is certainly a grand remedy for a woman's ills."—Mrs. MARTHA STANISLAWSKI, 524 Penn St., Perth Amboy, N. J.

For forty years Lydia E. Pinkham's Vegetable Compound has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

### Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wrecks; this conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

### To Quickly Remove Ugly Hairs From Face

(Beauty Notes)

Beauty-destroying hairs are soon banished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powdered talc. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

### HE DARKENED HIS GRAY HAIR

Tells How He Did It.

Mr. J. A. McCrean, a well-known resident of San Francisco, who was called Daddy and Grandpa on account of his white hair, and who darkened it with a home-made mixture, recently made the following statement:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Orlex Compound and 4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. It does not color the scalp, is not sticky or greasy and does not rub off."

### A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it. Then you destroy it entirely. To do this, just get about four ounces of plain common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, silky and soft, and look and feel a hundred times better.

Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.
