"PATHOGEN" THE CAUSE OF DISEASE

Accumulation of Waste Matter Which Obstructs The Free Flow of The Blood Stream

"FRUIT-ATIVES" THE HEALTH PROTECTOR

According to some of the greatest living medical authorities, the main cause of disease arises in the stomach, from the formation of a semi-liquid, decaying substance, known as Mucus.

The human body has thousands of feet of almost invisible tubes through which the blood circulates.

"Pathogen" is the name given to mucus or accumulation of waste matter which clogs up the thousands and thousands of tubes which carry the blood to every part of the body.

It is the clogging up of the arteries and veins, which causes high blood pressure, hardening of the arteries, acidity of the blood and auto-intoxication, and is responsible, along with the kidneys, for the formation of such diseases as Bilious Attacks, Bad Complexions, Pain in the Back, Kidney Trouble, Chronic Constipation and Rheumatism, which so many people suffer.

"FRUIT-ATIVES" the famous fruit medicine, prevents Pathogen because it insures sound digestion, makes the bowels move regularly and naturally, flushes the kidneys, increases the eliminating action of the skin and thus keeps the blood channels free of mucus.

"FRUIT-ATIVES" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-Atives Limited, Ottawa, (Ont.).

Mrs. Myles was assisted in receiving by Mrs. Mabel Shaw.

APOHAQUI

Apoahqui, Dec. 23.—During the present week a decided fluoro is evident among the residents of the village, quite the reverse to the even tenor that usually attends the quiet simple life of the countryside.

The proximity of the Yuletide Season, with its "cathartic" duties in attending to the claims of charity and friendship indebtedness, together with the task of placing appropriate decorations in the homes and in the Churches of God, to be in readiness for the glad and festive season—old yet ever new.

The Methodist and Presbyterian ladies met on Monday to complete the decorations for their church, which was placed on that evening, making the interior very beautiful and fragrant with evergreen, symbol of the joyous season.

On Thursday, the Anglican Church, decorated their Christmas dress of evergreen, and also presents its usual handsome appearance. The church services will be conducted on Sunday when at 8.30, Rev. Canon Sheehan will hold the early communion service in the Church of Ascension, Rev. A. V. Morash will conduct the Presbyterian service at 3 p. m., and Rev. L. Johnson Leard will occupy his place in the Methodist Church at 7.30 in the evening.

Special music is being prepared for all services, and Christmas day gives promise to be one of special inspiration and happiness.

The Christmas entertainment given by the pupils of the Apoahqui Superior School, took place on Wednesday evening in the Public Hall, and far exceeded the expectations of the most optimistic as to its general success.

A lengthy programme of varied entertainment from the "wee tot" of three years up to the pupils of the senior class, was well presented, and redounded much credit on the efficiency of their teachers and gave evidence of the different talents possessed by the young performers.

George B. Jones, M. P., acted in the capacity as chairman. At the close of the programme a heavily laden Christmas tree was stripped of its gifts and confections which were presented to the pupils, as was also some pretty gifts to their teachers.

Geo. H. Seord, as a member of the School Board, spoke at some length, and in his concluding remarks paid high tribute to the excellent work and showing of the pupils under the efficient training of their teachers, the Misses Mary E. Palmer and Bertha Get
